

FINAL REPORT
Tenth General Service Conference
of
Alcoholics Anonymous

Roosevelt Hotel, New York City

April 20 - 24, 1960

ISSUED BY ALCOHOLICS ANONYMOUS WORLD SERVICES, INC., SOLE
PUBLISHING AGENCY OF THE SOCIETY OF ALCOHOLICS ANONYMOUS.
APPROVED BY THE GENERAL SERVICE CONFERENCE OF A. A.

TRADITIONALLY, ALL MEMBERS HAVE THE RIGHT OF ACCESS TO INFORMATION ABOUT ALL PHASES OF A. A.'S GENERAL SERVICES. THIS REPORT IS DESIGNATED AS "CONFIDENTIAL" ONLY BECAUSE CERTAIN MEMBERS ARE NECESSARILY IDENTIFIED BY NAME. THE "CONFIDENTIAL" DESIGNATION IS DESIGNED TO ASSURE THE PERSONAL ANONYMITY OF SUCH MEMBERS.

1960 Conference At A Glance

Key decisions and "advisory actions" of the Conference, which recommended that "communications" be the theme of movement-wide service activities during the coming year, are summarized in the following paragraphs.

The Delegates:

1960 CONVENTION

Approved preliminary programming and arrangements for the 25th Anniversary International Convention at Long Beach, California, July 1-3, and urged Delegates to make information about the Convention available in their Areas.

LITERATURE

Recommended, in view of the importance of communicating the A.A. message to non-English speaking alcoholics in many lands, that A.A. World Services undertake a thorough study of the immediate and long-range needs for A.A. literature in languages other than English.

TRUSTEES

Referred to committees of the G.S. Board of Trustees, for further study, a proposal that would involve changing the plan for selecting A.A. members of the Board, adopted by the Conference in St. Louis in 1955.

FINANCES

Expressed appreciation for the record contributions of 1959 but warned against "financial complacency" in view of the increasing demands upon G.S.O. for services to alcoholics throughout the world.

Reaffirmed the desirability of maintaining \$3 per year per member as a suggested yardstick for contributions in support of World Services, since many groups do not yet contribute.

Suggested that groups be reminded of the desirability of sending their contributions to G.S.O. on a quarterly or monthly basis.

AREA DELEGATES ONLY

The 1960 Conference program continued the custom of setting aside an entire evening session as a meeting for "Area Delegates Only." Trustees, G.S.O. staff people and personnel affiliated with The A.A. Grapevine were excluded.

Jim G. of Chicago chaired the meeting.

A. A. TODAY

(Based on reports to G.S.O.)

Groups in U. S. _____	5,719
Members in U. S. _____	101,724
Groups in Canada _____	801
Members in Canada _____	11,175
Groups Overseas _____	1,033
Members Overseas _____	16,420
Internationalists _____	231
Hospital Groups _____	302
Members in Hospitals _____	6,509
Prison Groups _____	356
Members in Prison _____	15,547

Totals Reported

8,211 Groups

151,606 Members

(Including "non-reported" members, actual membership is estimated at 250,000)

CLUBHOUSES

Confirmed, on the basis of numerous case histories, that it is possible for clubs limited to A.A. members to develop and operate successfully without recourse to solicitation of funds from non-A.A.s.

Recommended that a basic study be made of the relation of clubhouses to the A.A. movement and approved formation of an eight-member Special Conference Study Committee to work on this project with the G.S.O. staff during the coming year.

FILM ON G. S. O. SERVICES

Recommended that the General Service Board consider a proposal to prepare a special film depicting G.S.O. operations, as a means of assisting Delegates, Committeemen and other qualified persons to explain the scope of A.A. World Services in a graphic manner.

GRAPEVINE

Pledged support to increase circulation by a minimum of 5,000 new subscriptions during the coming year.

Expressed approval of the special publication, "A.A. Today," to be published July 1 by the Grapevine staff in connection with the celebration of A.A.'s 25th Anniversary.

Recommended that all States participate in the Grapevine Representative Plan at the State or Area level.

ADMISSIONS

Referred to the Board of Trustees a request for a third Delegate from Ontario, Canada and suggested that the Board review the geographical factors involved in the determination of Delegate Areas in all States and Provinces in North America.

CHAIRMAN

Norman M. of Rhode Island was selected by lot to be chairman of the Area Delegates Only meeting at the 1961 Conference.

OUTSIDE AGENCIES

Approved unanimously a report of the Study Committee on Relations with Outside Agencies which reaffirms and documents the traditional A.A. policy of cooperation, but non-affiliation, with A.A.'s many friends in outside agencies.

Recommended that the Study Committee's "Fact File" be made available to the Areas as soon as possible and that the Committee be continued on an interim basis so that necessary changes or revisions may be adopted to make the "Fact File" increasingly useful to the Areas.

Referred to the Literature Committee the decision as to whether a pamphlet based on the "Fact File" should be published for use by the movement.

DIRECTORY INFORMATION

Approved a plan whereby the G.S.O. will in the future use two separate annual mailings to the groups: (1) To obtain data essential to the preparation of an accurate World Directory, and (2) To obtain up-to-date information on group mailing addresses.

GROUP COMMUNICATIONS

Approved a plan whereby, on request, General Service Representatives (GSRs) whose names and addresses have been "validated" by their Area Committees may receive duplicates of material ("Exchange Bulletins" and other mailings) which is customarily sent to the group mailing addresses.

NEW TRUSTEE

The Conference approved a report of the G.S.B. Nominating Committee recommending the election of Allan B. of New York as an A.A. Trustee, succeeding Herb M. of New York, whose four-year term expires this year.

THE SENSE OF THE MEETING

Need For Improved Internal and External Communications Was Dominant Theme

In its finest sense, each General Service Conference of Alcoholics Anonymous is an instrument of communications—a delicate yet resonant-sounding board reflecting the achievements, hopes, failures and problems of the Fellowship. The Tenth Conference which met in the Roosevelt Hotel in New York City for four days (April 20-24) this year was no exception. What distinguished this Conference, however, was not only the Delegates' sensitive awareness of the growing importance of communications itself but the specific nature of the messages they felt concerned to communicate.

The fundamental message of A.A., that there is hope for the problem drinker who wishes to achieve sobriety, is immutable. But A.A. has now grown to the point where effective communication of this simple story is inevitably intertwined with the story of the moment itself. Our Society, the Delegates said in effect, has both an internal communications problem and a problem of external communications. There is an obligation to let our groups and our members know what our experience of the past 25 years has taught us, why we today instinctively react to new problems by referring to tested traditions. Similarly, in our relations with the outside world, we face the continuing problem of creating improved understanding of our unique—and somewhat limited—role in the field of alcoholism, at the same time strengthening our service facilities for those who may need and seek our help.

Growth and Progress

The unspoken message of the Tenth Conference was one of growth and progress. After 25 years, A.A. is no longer an "experimental" movement. Its beachhead on the pages of the coursing history of our times seems secure and the Delegates, by their actions and attitudes, mirrored the modest confidence of a society that has earned acceptance and respect in many sections of the civilized world.

The chief concern of the Tenth Conference was not, however, to broadcast a story of achievement and success. The most persuasive messages that lingered in the mind as the meeting ended were those that echoed the small, quiet voices that so often express the collective conscience of A.A. as our Fellowship expresses its finest aspirations.

The Conference, for example, communicated the spirit of tolerance, of "Live and Let Live," that has been such a productive tenet throughout our growth. When certain Delegates sought clarification on the status of groups of A.A. members who are members of a single faith, the overwhelming sense of the Conference was clearly one of tolerance. The feeling seemed to be: Since A.A. is not a religious movement, men and women who achieve sobriety in A.A. understandably may desire to gather with members of their faith to share not only their experience as alcoholics but the distinctive spiritual experience offered within their communion, without involving the A.A. name.

Humility and the willingness of A.A. members to cooperate with all who are concerned with the problem of alcoholism was another message communicated in unmistakable terms by the Tenth Conference.

Again and again during its deliberations, the Conference reaffirmed the Society's recognition that its service to alcoholics is both unique and unselfish, that A.A. as a Fellowship should never affiliate with those outside the movement, however worthy their causes, who might involve the Society in affairs outside the range of our primary purpose.

Concern for the integrity of the structure of A.A. was a third important message communicated by the Conference. In immediate, specific terms this was expressed by the considerable discussion and analysis of what the true relationship of clubhouses to the A.A. program should be. Characteristically, the Delegates plunged toward no firm conclusions. They were con-

tent to hear of experience with clubhouses in many areas, to share viewpoints on the advantages and disadvantages of such facilities and to approve the formation of a study group to evaluate the problems and opportunities involved.

While there was unmistakable recognition that the clubhouse situation might one day create perils to the traditional recovery program in some areas, the approach to the problem was one of careful self-searching, of deep concern that all factors be reviewed carefully before any formal recommendation is made to the movement.

To many observers, the Delegates to the 1960 Conference appeared to surpass all their predecessors in their awareness of the need to make the A.A. message available to men and women throughout the world. This concern was demonstrated particularly in the deliberations on current and future literature needs of the movement. The Delegates repeatedly confirmed the importance of accelerating the present literature translation program. Going a step further, they recommended, "in view of the importance of communicating the A.A. message to non-English speaking alcoholics in many lands," that a thorough study of the needs in this area, be made,

As is customary at Conferences, an important item on the agenda was a session devoted to *The A.A. Grapevine*, the movement's international monthly journal. The core of this discussion similarly involved communications and the desirability of strengthening support of a publication that fills a special role in broadcasting the message of the recovery program.

Nor were the Delegates afraid to take tentative steps toward uncharted areas of A.A. communications. One question before the Conference was whether a film depicting the work of the General Service Office might be used effectively by Delegates, Area Committeemen and other qualified persons. The purpose of the film would be to dramatize the scope of A.A.'s world services, to illustrate their complexity and the continually increasing demands upon the Service Office. Not all Delegates were convinced of the wisdom of such a move; many were concerned with the costs involved in a venture of this type. But, recognizing the compelling need to make the World Service story better known throughout the movement, the Conference—after full and open discussion—recommended that the General Service Board at least consider the proposal.

Emphasis on Communications

The emphasis on communications and its importance to the Society was stated succinctly by Bill W., the surviving co-founder, in his informal remarks to the Delegates at the opening dinner of the Conference.

"When you think about it," Bill said, "A.A. is a unique means of communication. Our lives here depended upon communications. Our unity depends on communication. Our functioning depends on communication... Everything is hung on this business of communication."

The 1960 Conference met in a historic year in A.A.'s history. The Conference itself was the tenth since this form of linkage between the Trustees of the General Service Board and the movement itself had been established on an experimental basis in 1951. The Delegates met in A.A.'s 25th Anniversary year, two months prior to the convening of the third International Convention in Long Beach, California. It met at a time when the Society's primary communications problem was no longer to gain public acceptance but to resist public pressures that might divert the members from their unique functions as A.A.s.

The challenge to 1960 Delegates was to focus attention on the need for clearer understanding of what A.A. is, what it can and cannot do and how it can best be related to the world outside.

The sense of the meeting most assuredly was that the 1960 Conference met this challenge successfully.

A. A. IN AN "ERA OF CHANGE," BILL SUGGESTS

Steps, Traditions Unlikely to Change; Service Functions May

The Society of Alcoholics Anonymous is in an "era of change" comparable to the period two decades ago when the first movement-wide services were established, Bill W., the surviving co-founder of A. A., told Delegates to the 1960 Conference at the opening dinner.

"Our Twelve Steps probably won't change; the Traditions, not at all likely. But our manner of communications, our manner of organizing ourselves for function or services... Let us hope that this goes on changing for the better, forever."

Bill's talk, which was keyed to the theme of improved internal and external communications, provided the keynote for the Conference's four days of deliberations.

Bill described the creation of the General Service Board of Trustees in the late Thirties as "the first great and momentous change in our affairs," one that filled an important need in A. A. communications.

"In those days A. A. was a matter of coffee and cake," he recalled. "It was the time of halcyon simplicity and we were almost a secret society. There was no public relations, nothing of that kind. But a few of us began to see that we would have to get into the communications business in a big way. First of all, how was this message to be transferred from us very few to the millions of drunks who surrounded us, some within gunshot?"

"That meant publicity. There was the question of literature. This message could be very seriously garbled. Somehow the experience of the few groups had to be transmitted to the new ones being formed. This meant that we had to have in the middle of A. A. an over-all service project that could do for A. A. what the groups or areas couldn't do for themselves. This was the beginning of our Trusteeship."

Bill noted that there had been resistance to the Trusteeship idea within the movement in the early days of the Society, just as, later, there was resistance to the Third Legacy concept and creation of the General Service Conference structure. Commenting the latter, he pointed out that the "progress of this Third Legacy idea—the growing knowledge, the growing sense of responsibility, throughout A. A.—is really more rapid than was the adoption of the Traditions which have now become so firmly imbedded."

"We reverence the past and its lessons for so long as those teachings work," the co-founder declared. "When they do not work, we re-adapt and we reshape. That has been our history. The lessons of the past, however, are something that we ought to preserve. Sometimes we go to the other tack, throwing out the baby with the bath water, ignoring the lessons of the past. For these reasons, that we might want to change and that we must also understand the past and its lessons in connection with this Service Conference, I have been trying to prepare a set of interpretive articles called 'Twelve Concepts for World Service.'"

Recalling the days preceding the formation of the General Service Conference, Bill said a "frightening" gap continued to exist for many years between the Trustees on the one hand and the outlying groups on the other.

"Until 1950, as far as services go, this whole movement was just like an A. A. group, being run by a pair of founders and their friends in this incorporated trusteeship. By then we realized that this couldn't just go on forever. The ghastly open end that we then faced was that the linkage between this more and more unknown Board of Trustees and the movement was getting thinner and thinner. It really depended very largely upon Dr. Bob (co-founder) and me and a couple of girls in the office.

We were the only ones who had begun to have a world connection with A. A."

The problem of linkage with the groups came to a head in the late Forties, Bill said, when it was discovered that Dr. Bob was fatally ill. Despite the fears of some that the creation of the Conference might lead to "political chaos" within the movement, "the day had to come when we had to take the risk of finding whether this (the Conference) would be a political chaos or whether, in silence, we would let people feel that things were fine just the way they were."

Creation of the Conference ushered in a whole new era in A. A.'s service affairs and began to put them on a sound and permanent basis, Bill said. "We took the risk and you people showed us that it wasn't a very big one because the success of this thing has exceeded our wildest imaginations."

Looking to the future, Bill cautioned A. A. Delegates that the Society continues to face many service responsibilities to alcoholics.

"What does the future hold for us? What may its perils be like? To put it negatively, how can we strengthen ourselves against the time of peril? To put it positively, how can we increase our communication with the sea of drunks around us? I realize that while I have been saying nice things about us, congratulating us upon our successes so far, we ought never neglect to soberly reflect that this Society has made only the smallest scratch on the total problems of alcoholism."

Bill mentioned the new book, "A. A. Today," published by the A. A. Grapevine, for which he prepared an article on "this matter of communication, not only on the basis of what we have so providentially been able to accomplish but also on the basis of what we have not been able to do."

"I took note", the co-founder pointed out, "that in this generation which has seen A. A. come alive, this period of 25 years, a vast procession of the world's drunks has passed in front of us and over the precipice. Worldwide, there would appear to have been something like 25 million of them. And out of this stream of despair, illness, misery and death, we have fished out just one in a hundred in the last 25 years."

The General Service Conference is established to "preserve what we have in full measure," Bill said, "but how much more shall we need in the way of communication with this procession?"

"How are we going to reach the people in this procession?" he asked. "How are we going to make them want to approach us? This is our single greatest problem. How can we walk into this stream and draw more out of it? Obviously, it is by better communication. This means better and bigger public relations. It means a vast increase in the number of friends of this society in all the media of communication. What these friends have already done for us is beyond estimate but this must be but only a beginning."

"We must also remember that a great many of these condemned passersby are perhaps not amenable to Alcoholics Anonymous. Therefore I think we ought to begin to stretch a point. We ought to cast aside some of our early fears, however justified they were at the time, and try to increase our friendly cooperation with all who are trying to tackle this field, whether we agree with their methods or not. A lot of people are trying in different ways to make a dent on this huge problem."

A. A. has become so solid in its unity and adherence to our tradition is so astonishing that fears of the effects of "outsiders" mistakes on the movement are "far overdone," Bill suggested.

"I think we can go a little overboard on the friendly side because these people are in touch with drunks who may approach them but won't approach us," he said.

'GROUP CONSCIENCE DOES WORK AT WORLD SERVICE LEVEL'

Bill Describes Approach To Definition of Twelve Concepts of World Service

The group conscience can and does work at the level of A. A. world service, and the functioning of the General Service Conference structure has far transcended early expectations, Bill W. told the Delegates at the closing session of the Tenth Conference.

At the same time he described to the Delegates a new book on which he is now working which would define the functions and inter-relationships of the various service units within the Third Legacy.

Bill said A. A. today is still in the process of defining and refining "this matter of functioning." Unlike the Twelve Steps and Twelve Traditions, "which no doubt will be undisturbed from here out," there will always be room in the functional area for "refinements, improvements and adaptations."

"Let us never freeze these things," he urged the Delegates. "On the other hand, let us look at yesterday and today, at our experience. Just as it was vital to codify in Twelve Steps the spiritual side of our program, to codify in Twelve Traditional principles the forces and ideas that would make for unity and discourage disunity, so may it now be necessary to codify those principles and relationships upon which our world service function rests, from the group right up through the Trustees of the General Service Board.

"This is what I call structuring," Bill declared. "People often say, What do you mean by structuring? What use is it? Why don't we just get together and do these things? Well, 'structure' at this level means just what structure means in the Twelve Steps and in the Twelve Traditions. It is a stated set of principles and relationships by which we may understand each other, the tasks to be done and the principles for doing them. Therefore, why shouldn't we take the broad expanse of the Traditions and use their principles to spell out our special needs in the relationships in this area of function for world service, indeed, for all A. A. services of whatever character?"

Bill said his current writing effort on the Twelve Concepts involves the statement of twelve related principles, each spelled out in detail in a descriptive article.

He read the following excerpt from the introduction to the new work which is still in manuscript form:

"The Concepts... are primarily an interpretation of A. A.'s world service structure. They spell out the traditional practices and the Conference Charter principles that relate the component parts of our world structure into a working whole. Our Third Legacy Manual is largely a document of procedure. Up to now the Manual tells us *how* to operate our service structure. But there is a considerable lack of detailed information which would tell us *why* the structure has developed as it has and why its working parts are related together in the fashion that our Conference and General Service Board charter provides.

"These Twelve Concepts therefore represent an attempt to put on paper the *why* of our service structure in such a fashion that the highly valuable experience of the past, and the conclusions we have drawn from it, cannot be lost.

"These Concepts are no attempt to freeze our operation against needed change. They only describe the present situation, the forces and principles that have molded it. It is to be remembered that in most respects the Conference Charter can be readily amended. This interpretation of the past and present can, however, have a high value for the future.

"Every oncoming generation of service workers will be eager to change and improve our structure and operations. This is good. No doubt change will be needed. Perhaps unforeseen flaws

will emerge. These will have to be remedied. But along with this very constructive outlook there will be bound to be still another, a destructive one. We shall suffer the illusion that change, any plausible change, will necessarily represent progress. When so animated, we may carelessly cast aside the hard won lessons of early experience and so fall back into many of the great errors of the past.

"Hence a prime purpose of these Twelve Concepts is to hold the experience and lessons of the early days constantly before us. This should reduce the chance of hasty and unnecessary change. And if alterations are made that happen to work out badly, then it is hoped that these Twelve Concepts will make a point of safe return."

Bill described a number of the Twelve Concepts in the following terms:

"The first two deal with this topic: Ultimate responsibility and authority for world services belong to the A. A. group; that's the A. A. conscience.

"The next one deals with the necessity for delegated authority. Perhaps you haven't thought of it but when you re-read Tradition Two, you will see that the group conscience represents a final and ultimate authority and that the trusted servant is the delegated authority from the groups where the servant is trusted to do the kind of things for the groups they cannot do for themselves.

"There comes in the next essay this question of leadership, of what a trusted servant is. Is to be really trusted? If so, how is he going to know how much he can be trusted? What is going to be your understanding of it when you hand him the job? ... I have suggested that, throughout our services, we create what might be called the principle of decision—and the root of this principle is trust.

"There is another traditional principle, the source of another essay, called the principle of participation. There is going to be a constant tendency, which we must always forfend against, to place in our service structure—in any group, in A. A. as a whole, the Conference, the Board of Trustees or in committees—people in absolutely unqualified authority, the one over the other.

Bill also said the essays cover such topics as the relationship between the Conference and the General Service Board as described in Article XII of the Conference Charter.

This Article is several things, Bill declared. "First of all, it is the substance of the contract the groups made with the Board of Trustees at the time of St. Louis. And this contract decrees that this body shall never be a government. It decrees that we shall be prudent financially. It decrees that we shall be keepers of the A. A. Tradition. It is in part a spiritual document and in part a contract. God willing, because it is both spiritual and contractual, let us be for all the time of our existence a sanctified contract."

Bill said that the three Legacies of A. A.—Recovery, Unity and Service—in a sense represent "three utter impossibilities that became possible." Three factors, he declared, have been brought to bear on the "impossible" situation in which alcoholics found themselves prior to sharing their experience in A. A.:

"First, the Grace of Him who presides over all of us. Next, the cruel lash of John Barleycorn who said, 'This you must do, or die!' Finally, the intervention of God through friends, at first a few and now legion, who opened to us who, in the early days, were uncommitted, the whole field of human ideas, morality and religion, from which we could choose."

RELATIONS WITH OUTSIDE AGENCIES

The traditional A. A. policy on relations with agencies outside the movement has been stated clearly and concisely. It is, in brief, a policy of "Cooperation, Yes—Affiliation, No" and it has been interpreted to apply not only to A. A. groups but to individuals as *members of the Society*. Despite the clarity of this policy, many questions have arisen over the years as an increasing number of private and tax-supported agencies have become familiar with the A. A. program and record.

To further clarify the matter, the 1959 Conference approved creation of a special Study Committee on Relations With Outside Agencies and asked this group to review A. A. experience in this field and report at the 1960 Conference.

The Committee presented a detailed draft in the form of nearly a score of questions and answers summarizing the Fellowship's collective experience. In presenting the report for Conference action, Trustee Herb M., Committee chairman, made these points:

1. Outside agencies concerned with the problem of alcoholism should be regarded as friends of A. A., not as enemies.
2. A. A. members who become identified with outside agencies are, almost without exception, sincere and anxious to be helpful; most of them do not seek personal gain or recognition.
3. The Study Committee, in drafting its report, sought to record collective experience, not create any new policy.
4. Many of the problems that arise in this field are in what might be called "gray areas."

5. Because new problems continue to arise, it was suggested by the retiring chairman that the Committee be continued.

Discussion by the Delegates revealed a number of specific problems created by the misleading identification of A. A. as being involved in projects sponsored by denominational groups, legislative bodies or special institutions. The consensus was, however, that A. A. should continue to affirm its positive policy of cooperation, while taking steps to inform "outsiders" of the reasons why A. A. and its members cannot affiliate with other agencies. A. A. members are free to participate in programs of outside agencies provided they act as individuals only.

Trustee John P. L. summarized the tenor of the meeting when he pointed out that: "The problems are a result of our own relative success and we should be grateful, not irritated. We need to find a way whereby our special knowledge and devotion can be made available to others. The basic problem is that no one can represent A. A." The Trustee pointed out that more and more situations involving "misquotation and misunderstanding of A. A." may arise and that some problems may literally be unsolvable. Misuse of the A. A. name for "dubious work" would be self-defeating, he predicted.

The Conference adopted the report of the Committee with the proviso that its "Fact File" be made available to the groups promptly and that the Committee be continued on an interim basis in order to make necessary changes or revisions. The question of whether a pamphlet based on the "Fact File" should be prepared for the movement was referred to the Literature Committee. The latter recommended that the material be regarded as incomplete "so that additional supplements may be added as the need for them is manifested."

SELECTION OF TRUSTEES

The Delegate from Southern California Panel #1 (Los Angeles Area) presented a resolution designed to change the Trustee selection plan approved by the Conference in 1955 and assure permanent representation on the General Service Board of two Trustees from West of the Rocky Mountains. The resolution was said to have been approved unanimously by 23 Committeemen in the Los Angeles Area.

During floor discussion of this resolution it was pointed out by the chair that the concept of Trustees, approved by earlier

Conferences, is that they do not represent geographical areas but A. A. as a whole. The discussion failed to develop support for the resolution, which was then referred to the Conference Committee on Trustees.

The latter reported that it did not look favorably upon this request and recommended that the matter be referred to the Committee on Policy and to the Nominating Committee, both committees of the General Service Board, for further study and preparation of a report to be presented at the 1961 Conference.

PLANS FOR 1965 CONVENTION

The popularity and usefulness of international conventions of the Fellowship were reaffirmed by the 1960 Conference which took the first steps toward setting up a 1965 Convention two months before the 25th Anniversary international meeting took place at Long Beach, California.

Bids for a "global" meeting to be staged five years from now were received from four Areas: Ontario, Canada; Detroit, Michigan; Chicago, Illinois and Houston, Texas. At an earlier Conference it had been reported that Miami, Florida, was interested in being host to a 1965 international gathering of A. A.s but no formal bid was submitted this year.

The Delegates agreed that it was too early to establish a com-

mittee for an event to be programmed in 1965 but they did pass three "forward looking" motions:

1. The Conference approved the holding of an international meeting in 1965.
2. It agreed to defer until 1961 consideration and discussion of possible sites for the approved meeting.
3. As regards the selection of the convention site, the Conference voted to follow the same procedures adopted in the case of the 1960 Convention. (Briefly, these permit any Area to submit proposals to the General Service Board during the coming year with the understanding that the Board will submit a report for consideration by Delegates to the 1961 Conference.)

CLUBHOUSES AND A. A.

One of the most provocative discussions of the entire 1960 Conference centered on the relationship between A. A. as a recovery program and clubhouses as both useful and potentially harmful facilities. Several delegates described "model" clubhouse operations in their Areas, pointing out that such facilities can, under proper conditions, prove invaluable. At the same time it was apparent that many other Delegates were not enthusiastic about strengthening the relationship between the movement and facilities created, in many instances, solely for recreational purposes.

A number of Delegates referred to the problems created when clubhouse sponsors became involved in fund raising activities and there were a number of references to the difficulties of controlling gambling activities in such locations.

On the "positive" side, Delegates from New Mexico, the State of Washington, Southern Wisconsin and Northern California all reported completely satisfying and "uncompromising" experiences with carefully planned and managed club operations in their territories. "Outside" solicitation of funds for club purposes had not been undertaken in their Areas, the Delegates reported.

The discussion disclosed a strong interest on the part of many Delegates for a careful review of all factors involved in A. A.'s relations with club facilities. Accordingly, the Conference approved the establishment of a Special Conference Study Committee on A. A. and Clubs.

The eight Delegates who will serve on this Committee, and who are expected to work with the General Service Office staff during the coming year, are:

Bill Connell, New Mexico
 Mac MacQuivey, Idaho
 Jerry Murphy, Washington
 Omar Bernier, Quebec, Canada
 Mike Lastichen, South New Jersey
 Louis Southworth, West Virginia
 Ruth Breen, Mississippi
 Jack White, S. Coastal Area, California
 (Allan Bachmann, Trustee, Chairman)

FILM ON G. S. O. SERVICES

The problem of how to make the movement more fully aware of the scope of world services performed by the General Service Office of A. A. occupied an important place on the 1960 Conference agenda. The specific project involved was a proposal by a commercial producer of documentary films, Charter Oak Tele Pictures, Inc., to create a film "without cost to A. A.," if the firm could be assured of a minimum of 100 sales of prints at \$75. each.

Discussion on this proposal ranged from enthusiastic endorsement to complete skepticism that an "acceptable" film could be produced for less than \$15,000 to \$20,000. Of the Delegates who spoke, a wide majority appeared to favor the project as a useful device for helping them "carry the message" of A. A. world services to their Areas. When Delegates were asked to indicate by a show of hands whether or not they thought their

Areas would purchase at least one print at \$75., only 38 affirmative votes were recorded.

The proposal was then referred to the Policy Committee and the subject was reopened when the Policy Committee submitted its preliminary report. As a result, the Conference "commended" to the General Service Board "pursuance of the plan of making a documentary A. A. film for sale to A. A. groups." Two provisos were attached: (1) Expenditures by the Board for this project should not exceed \$7,500 and (2) The Board should retain control of the script and have the right to approve all sales.

The Committee recommendation, approved with only four negative votes, did not name a specific producer, did not limit the Board in the selection of a producer and, in fact, left to the Board's discretion the question of how far the projects should be "pursued."

SIMPLIFIED FINANCIAL STATEMENTS APPROVED

It has been traditional since the General Service Conference was established in 1951 to make available to Delegates detailed financial data on the operations of the General Service Office agencies. Comparative income statements and balance sheets are distributed with other pertinent data when Delegates register at each Conference and the Certified Public Accountant retained by A. A.'s service agencies attends virtually all Conference sessions to be available to answer Delegates' questions.

Over the years it has been noted, however, that the financial data has been so detailed that, rather than being useful to Delegates, much of it has proved difficult to understand. As a

result, the General Service Board, at the suggestion of Trustee Archibald B. Roosevelt, non-alcoholic treasurer, approved the presentation of financial data to 1960 Delegates in a somewhat simplified format consistent with sound accounting practice.

Not more than two of the 83 Delegates noted the change and questioned it. As a result of the subsequent discussion, the Conference was asked to indicate whether it preferred the new simplified financial statements or wished the Board to submit the detailed type of statements used in previous years.

The Delegates approved unanimously the new, simplified method of presenting financial data.

LITERATURE TRANSLATION SERVICE TO BE STUDIED

In considering the literature needs of the movement during the past ten years, virtually all Conferences have been motivated by a desire to fill genuine requests from substantial segments of the Fellowship and at the same time have been conscious of the possibility of "flooding the movement" with too much reading material, particularly items in pamphlet form. On several occasions, literature projects have been deferred temporarily until it could be determined beyond reasonable doubt that it was needed throughout the Society.

The 1960 Conference did not hesitate, however, to recommend specific but deliberate action in an important area of the movement's literature program. Following several presentations

by G.S.O. staff members and Delegates who are familiar with the need for literature translations, the Conference unanimously approved its Literature Committee's recommendation that a thorough study of "the immediate and long-range needs for A. A. literature in languages other than English" be undertaken.

Pending completion of this study, the G.S.O. was asked to undertake "such additional translations of Conference-approved literature as may be immediately necessary and financially feasible."

As indicated in the Literature Committee report, the Conference reaffirmed the need for certain pamphlets (and revisions) approved by the 1959 Conference.

THE A. A. GRAPEVINE

The 1960 Conference went on record unanimously as favoring adoption of a "share" or "quota" plan whereby all States and Provinces would attempt to achieve certain minimum levels of circulation for A. A.'s monthly magazine. The plan, reported to have been highly successful in the North East Ohio Area in 1959, involves the appointment of Grapevine "representatives" at State or Area levels. Each representative would be responsible for establishing Grapevine committees to work with groups or Areas, depending on particular local needs. (The "desired quotas" for Grapevine subscriptions in the various Areas of the U.S. and Canada are shown on the last page of this report. Seventeen States had subscriptions in excess of the desired quota at the time of the Conference.)

The basic objective approved by the Conference was to increase Grapevine circulation by 5,000 during 1960. However,

the Delegates specifically suggested that "hard sell" promotion be avoided.

Virtually unanimous support of the magazine's objectives was reflected during the detailed discussion of the Grapevine although less than half the Delegates said they had read the current issue. A number of Delegates commented in lavish terms on the success of the International issue published in October, 1959. Only one Delegate suggested that the editorial format may not be sufficiently appealing.

Bill W. summarized the session by pointing out that while the magazine had "financial, circulation, structural and contact problems," the magazine was invaluable as a communications medium and that a relatively slight increase in circulation was required to assure operating solvency in the future.

GROUP RELATIONS

Two significant changes in policy and procedures covering G.S.O. communications with the groups were approved by the Conference.

In the future the Service Office will use two separate mailings each year to obtain basic information about the groups. One mailing will solicit data for inclusion in the A. A. World Directory published each Spring. The second mailing will be for the

purpose of checking and up-dating the group mailing addresses recorded at G.S.O.

The Conference also approved a proposal designed to encourage wider dissemination of news about A. A. world services. Under the new plan General Service Representatives will, upon request, be eligible to receive duplicates of G.S.O. mailings that are customarily sent to the group mailing addresses. Before G.S.R.s are added to this new mailing list, their names and addresses must be "validated" by their Area Committees.

APPLICATION FOR NEW DELEGATE

The General Service Conference was asked to approve an Area's request for additional representation in the Conference. The request presented at the 1960 meeting came from the Ontario (Canada) General Service Conference Committee and involved an application for a third Delegate from that Province. The proposed Delegate would serve the North and North-West section of the Province, a large geographical area that can be covered only with difficulty by the present two Delegates from Eastern and Western Ontario Areas.

The request was referred to the Conference Committee on Admissions which, "neither approving or disapproving," asked that the matter be reviewed by the General Service Board of Trustees, specifically by the Board's Policy Committee. The Admissions Committee suggested that the request be studied in the light of "geographic needs" in all States and Provinces and that a report be presented to the 1961 Conference.

NOTE ON G.S.O. REPORTS

The General Service Office provides many specific services to individual members, groups, Central Offices and Intergroups and to non-alcoholics who are interested in the A.A. recovery program. Summaries of these activities are reported to the Conference each year by G.S.O. staff

members and by the chairmen of various committees. The following section contains all G.S.O. reports presented at the 1960 Conference, with the exception of financial reports which appear in a separate section. All reports were approved unanimously.

GROUP RELATIONS

(Anita Ryan)

With the growth of A.A.—both in the number of groups and membership—the guiding principles defined so clearly in the Twelve Traditions are just as important today as they ever were.

Many letters are written to the General Service Office each year by A.A. Groups and Intergroups. Group officers and other members want the answers to problems that may be new to their group or area. They hope that we may be able to share the experience of others who have surmounted the same or a similar problem. We try to answer these inquiries in terms of what experience indicates to be the soundest course for A.A. Many references are made to the Traditions pamphlet and to Partners in A.A.

Some Questions That Have Been Asked:

1. Please inform us on the experience of groups that hold meetings in a Club. And is this sort of thing successful?
2. Would you kindly advise us as to the length of sobriety a member should have before he is nominated for Chairman and for the Steering Committee? Our group members are in doubt, but most of us feel the proper time should be six months.
3. Is it against A.A. tradition when a group member, without consulting other members, invites an entire class of college students to an open meeting?
4. What can we do? We have a member who attends our local meeting at intervals when he isn't drinking. Then he gets drunk and breaks the anonymity of the other

group members. Since this is a small town, it is keeping alcoholics in need of help away from A.A.

Does an A.A. group have the authority to inform a member in writing that he is no longer welcome at the group meetings?

5. How can we encourage "old-timers" to return to group meetings? We need the kind of guidance only their long experience can give.
6. Should our local doctor—not an alcoholic—be permitted to attend our closed meetings?
7. Should a member who has had a "slip on pills" be permitted to celebrate his A.A. Anniversary?

A.A. Exchange Bulletin

One copy of the Bulletin is sent regularly to each registered A.A. group, club, Loner and Internationalist. It is designed to reflect the growth of our Fellowship, to show how other groups are coping with problems of general interest, and to keep all members informed on G.S.O. activities.

Many groups have followed the example of the Three Legacies Group in Spokane, Washington, recorded in the item, "How About a Group Inventory?" in the March 1960 issue. Some have used the same questions; others have made up their own, following the same general pattern.

Thus by sharing the experience of one group, we were able to offer helpful suggestions to others.

"Our common welfare should come first; personal recovery depends upon A.A. unity."

SERVICES FOR INTERNATIONALISTS

(Eve Marsh)

Thirteen years ago the first seaman member of A.A. made contact with our office. Armed with the A.A. book and pamphlets, he spent fourteen months aboard a tanker. Along the way he distributed pamphlets and sowed many seeds.

Within a couple of years he found himself corresponding with more and more seamen who adopted the name "Internationalists." Soon the correspondence was too great for him to handle, and a little over ten years ago G.S.O. inaugurated its services to Internationalists. At that time there were but a handful, twenty-five or thirty. Now our seamen members number

two-hundred and thirty-one. They are the couriers of our A.A. message around the world.

This past year individual Internationalists have been instrumental in helping groups in Fiji, Singapore, and Bombay. Their letters never fail to give us a lift, and their shared correspondence forms the basis of a special "Internationalist Bulletin" which is sent to all of them from time to time. This Bulletin, a special listing of all Internationalist members and personal correspondence with them comprise G.S.O. services to these men who carry our A.A. message around the world.

GENERAL SERVICE OFFICE OPERATIONS

(Hank Grieme, Chairman)

The following statistics for the year 1959 list in detail the ever-increasing activity in the G.S.O. Each registered group receives annually, free-of-charge, a World Directory (printing and mailing cost \$1.50); monthly bulletins (annual printing and mailing cost \$1.75); each letter answering specific problems costs approximately \$2.50. The cost for these three items excludes production time.

INCOMING MAIL ITEMS 48,314
(Inquiries, Group Communications, Contributions, etc.)

OUTGOING MAIL ITEMS 167,500
(Including Monthly Bulletins—10,200 per month)

PACKAGES WRAPPED AND SHIPPED 26,746
(35,028 books, 750,996 pamphlets, 114 record sets,
198,865 wallet cards)

The accounting department processed 10,270 orders for books, pamphlets etc. and handled 8,450 contribution remittances.

G. S. B. POLICY COMMITTEE

(John Park Lee)

The Policy Committee has the responsibility of advising the General Service Board on all matters which seem to relate to interpretation of the Twelve Steps, the Twelve Traditions, and to the general welfare of Alcoholics Anonymous. The Committee meets quarterly on the Sunday preceding each General Service Board Meeting. It attempts to suggest appropriate answers to questions such as those listed below.

There are ten voting members, but all Trustees, A.A. World Services and Grapevine Directors, plus Staff Members are invited to attend Policy Committee Meetings.

Recommendations during the past year included:

1. That the Board adopt the following policy statement to be used in answering inquiries relating to the posthumous breaking of anonymity:

"The Board believes that A.A. members generally

think it unwise to break the anonymity of a member even after his death, but that in each situation the final decision must rest with the family."

2. That the matter of a sound film on A.A. Services be discussed at the Conference to determine the extent of the demand for prints which would be sold at \$75. a print.
3. That the Board advise the St. Louis groups specifically, and the groups of the country generally, that in accordance with A.A. Tradition the Board will not accept funds coming from the dissolution of so-called A.A. Club.

These are but a few of some thirty items considered during the past year. The recommendations of the Committee were acted upon by the General Service Board, A.A. World Services or The A.A. Grapevine.

LITERATURE COMMITTEE

(Al Steckman, Chairman)

During the past year, several matters were considered for immediate action and others were discussed involving long range programs. A specific report follows:

1. A final draft of "Tranquilizers, Sedatives and the Alcoholic" was approved by the Conference Literature Committee jointly with this Committee, following which A. A. World Services was authorized to publish in the usual pamphlet form.
2. Steps have been initiated as approved by the 1959 Conference, for a pamphlet "to inform clergymen of A. A.'s sole purpose and how they can help the alcoholic find sobriety in A. A." The objectives follow:
 - a.) To define the content of the A. A. program and the structure of the Fellowship
 - b.) To outline the common areas of interest
 - c.) To clarify references to the "spiritual side" of the A. A. program
 - 4.) To record A. A.'s debt to the clergy and to suggest the support the clergy has already accorded A. A.

Production is now in the research and planning stage.

3. The first draft of a new pamphlet for inmate alcoholics has been completed and is being reviewed, with comments to follow for the Committee's consideration.
4. Delegates to the 1960 Conference will be surveyed for information about A. A. cooperation with business and industrial programs in their areas. With this information in hand, the pamphlet "The Alcoholic Employee" will be revised.
5. A planned program for translations of our pamphlet literature is being considered. It involves study of needs, languages, cultural factors, content, etc.
6. Composite edition in Norwegian has been published by our agents, Dryers Forlag, in Oslo, Norway, including sections of the three books, "Alcoholics Anonymous", "Twelve Steps and Twelve Traditions" and "A. A. Comes of Age." A start has been made on a similar translation in Spanish, and plans are in the making for a French translation of the same material.
7. It has been suggested that the pamphlet "Young People in A. A." requires revision to include stories of A. A.'s in their late teens and early twenties. Stories from young A. A.s have been sought and are accumulating.

GROUP RECORDS AND DIRECTORY

(Eve Marsh)

Communication is of paramount importance in A. A. The ability of one alcoholic to communicate with another is the basis of all our Twelfth Step work.

However, there is an area of communication that still needs to be improved. That is the communication between A. A. groups and G. S. O.

The return of Directory Information Cards has never been complete. This past Fall, in an effort to ascertain that the Directory Cards were reaching the correct mailing address, we did a concentrated survey of 22 states, sending a blue information sheet for return. Of these, 985 were returned, giving us up-to-date mailing addresses.

Following the survey, we sent to thirty-three Delegates listings of groups in their areas from which we had not heard in the past year. Eleven Delegates responded to these letters: 6 were able to give us information; 1 indicated that the groups listed were not in his Area, since each Delegate received a total listing of groups for the state; 1 Delegate sent a special post card with a return address to G. S. O. to each one of the 23 groups listed in his state. (Of these, 9 cards were returned to us.) It apparently is just as difficult for Delegates to obtain information about group addresses, as it is for us.

Related to the problem of mailings is the problem of the General Service Representative. Some Delegates have felt that the G. S. R.s should be placed on the mailing list to receive the correspondence for their groups, regardless of what group information is sent us.

As a result of Conference approval last year, this year we requested data on meeting nights, along with other group informa-

tion. Therefore, two cards were sent all groups in December. One card was for their mailing address, and the second card for their Directory listing. Less than fifty percent of the groups responded to the Directory mailing; but of those responding a third utilized a different address for Directory listing.

The inclusion of meeting nights and meeting places can result in the Directory being more of a meeting list and less of a mailing list. The experience this year indicates there is no reason why groups in the future cannot list in the Directory both a Post Office box number and a meeting place, providing the information is kept down to a specified number of lines. For example, if a group wishes to list a post office box and a meeting place, there would be room for only one telephone contact. Certainly, the inclusion of a meeting place as well as a P. O. Box number would make the Directory a better tool of service.

On the statistical side, 521 groups were inactivated from April 1, 1959 to March 18, 1960. Of this number, 206 were inactivated during January, February and March, as a result of the Fall check and the response of the Delegates to it.

Nearly 1,000 groups were added during 1959, a net increase of approximately 500 groups over last year's total. So we know that A. A. is growing, and that more groups are functioning. However, if we had published the Directory for 1960 utilizing only the cards which had been returned to us, A. A. would have shrunk to 3,700 groups as compared to the more than 8,000 actually listed.

Certain it is that our lines of communications with the groups need to be improved and we feel confident that the problem of communication can be solved.

INSTITUTIONAL A. A. (PRISONS AND HOSPITALS)

(Beth Kuhlmann)

Expressions of gratitude arrive at G.S.O. daily from the Hospital and Prison Groups for the dedicated help given by individuals, groups and Sponsorship and Institutional Committees in many areas.

There are:

- 356 Prison Groups (Membership 15,547)
- 302 Hospital Groups (Membership 6,509)
- 22 Institutional Committees
- 7 Sponsorship Committees

These include 7 new prison groups in Finland, 2 in Holland and 3 hospital groups in Norway.

To date, the information received from individuals, groups and Committees has been gratifying. One area is conducting a survey of institutions to determine where A.A. is or might be useful.

Service to registered Institutional Groups is designed largely to help members exchange and share their A.A. experience.

1. Hospital and Prison Directories are compiled annually. These show publications issued by various groups, lists special tape recordings that are available from groups and outline the restrictions and privileges covering correspondence.
2. Complimentary literature is distributed to all new groups.
3. Two special literature packages are made available at reduced rates. (The basic package representing \$4.50 worth of literature is sold for \$3.00. The basic package, plus a one year subscription to the A.A. Grapevine, is sold for \$6.00).

4. The "A.A. Exchange Bulletin" is distributed to all Institutional Groups regularly.
5. G.S.O. makes available to individual Prison and Hospital Groups, through personal correspondence, the experience of other groups in solving specific problems.
6. "Outside" groups are encouraged to undertake sponsorship of Institutional A.A. programs, directly or through area Institutional Committees.
7. G.S.O. Corresponds with Institutional administrators and staff personnel who have expressed interest in the A.A. program. Without the understanding and support of these friends of A.A., few groups could be effective.
8. Special information material is available, including quotations on A.A. from leading penologists.

Institutional authorities are becoming more aware of the functions of A.A. and this is evidenced through the many requests for literature, information and speakers from G.S.O. to share in anniversary meetings.

The success and growth of Institutional Groups depends heavily on the support of outside groups. A short time ago, G.S.O. received a letter from a Prison Group asking why the large, regular A.A. groups in the particular area were not interested in their group. It asked: "Is it because we are confined? We have good meetings, good attendance; just what is lacking?"

The need for literature, speakers and sponsorship is great. Slowly but surely, a tremendous amount of work is being done in the United States and overseas to carry the message to the alcoholic who cannot come to us.

G. S. B. NOMINATING COMMITTEE

(Dr. John L. Norris, Chairman)

(The following report was adopted unanimously.)

The Nominating Committee recommends that, subject to the approval of the 1960 General Service Conference, Allan E. Bachman be elected to fill the Class B Trustee vacancy to replace Herbert A. Morse who has served for four years. The Committee further recommends that, subject to the approval of the 1960 General Service Conference, the following be nominated for election as Class A Trustees:

Frank Gulden
Leonard V. Harrison
Dr. John L. Norris
Archibald B. Roosevelt
Bernard B. Smith
Dr. Harry M. Tiebout
Harrison M. Trice
L. Ivan Underwood

And the following be nominated for election as Class B Trustees:

Allan E. Bachman
Charlie Brown

H. Sumner Campbell

Pat Cronin

John Park Lee

Alfred Steckman

Richard A. Stevens

And further, that subject to the approval of the 1960 General Service Conference the following officers of the General Service Board be elected:

Chairman Leonard V. Harrison

1st Vice-Chairman Dr. John L. Norris

2nd Vice-Chairman Richard A. Stevens

Treasurer Archibald B. Roosevelt

Secretary H. Sumner Campbell

Asst. Secretary Anita Ryan

GENERAL SERVICE CONFERENCE

(Lyb Symington)

This Tenth Annual Conference completes a decade of Third Legacy experience. In those years, many Area Committees tested and improved their procedures to link A. A. groups to the world service structure.

In the past twelve months the most frequent question has been: "How does the G. S. R. get the ear of his group?" The answer seems to lie in careful planning by Area Committees for more district meetings where G. S. R.s, Secretaries and interested group members can discuss the G. S. R.'s role in A. A.'s world service picture. For when those responsible for an A. A. group's affairs understand the way in which the group expresses a voice in A. A. world affairs, they are willing to schedule special group meetings and let the G. S. R. make regular announcements.

Three new reports based on Area Committee experience were prepared by G. S. O. last year:

1. Appendices I and II (Revised Third Legacy Manual—Sept. 1959).
2. Report of General Service Conference Area Committees (Based on a survey of Committees in September, 1959).
3. New information sheet for G. S. R., "Participating in the Third Legacy of Service" (Revised, Jan. 1960).

Section V and Appendices I and II of the revised Third Legacy Manual are available in a new pamphlet for use at Assembly meetings in the selection of Delegates and Committeemen.

Two new display items for Area Conventions and Assembly Meetings were developed and are now available for Area Com-

mittees: (1) "Inside A. A.", a three-color, 40" by 60" display sheet, based on the leaflet "Inside A. A.", (2) A kit including an instruction sheet, for making a literature display.

The trend to increase the number of Committee Members continues. G. S. O. Conference mailings now go to 8,230 Area Committee Members, an increase of 1,404 since 1957.

A request for an additional Delegate from the Province of Ontario has come to the Admissions Committee of this Conference. A. A. in Hawaii has indicated an interest in Conference participation and is expected to send a Delegate to the 1961 Conference.

A joint meeting of the General Service Board's Budget and Finance Committee with the Conference Committee on Finance will afford an opportunity for comments and questions about financial reports. Joint sessions also will be held by the Board's Nominating Committee and the Conference Committee on Trustees—and the Literature Committees of the Board and Conference.

To improve G. S. O. communication with Area Committeemen, the latter will now be put on our mailing list after they have filled out Information Cards. It is important that we receive the names and addresses of Area officers and Committeemen as soon after their election as possible. Delegates to this Conference are asked to help by giving the name and address of the member of their Area Committee who is responsible for keeping these addresses up to date.

Thanks to the activities of Delegates, Committees and G. S. R.s, more A. A. members understand and feel responsible for the Third Legacy of Service. This was made evident last year by the substantial increase in contributions, which exceeded office expenses by approximately \$7,800.

TRUSTEES OF THE GENERAL SERVICE BOARD

(Dick Stevens, Secretary)

The Board of Trustees meets each three months, on the last Monday in April, July, October, and January. It considers reports and recommendations from the various Committees, acting upon them after discussion and due deliberation.

Committees presently reporting to the Board are: A. A. World Services, Finance and Budgetary, Grapevine, Literature, Nominating, Policy, Public Information, and 1960 Convention.

Old as well as new business is acted upon. The Board as well as its various committees reports to the General Service Conference at the latter's annual meeting. In addition, interim reports of all major matters acted upon are sent to all Delegates following the July and October Board meetings.

Among the many matters initiated during the past year at the Board meetings were the following:

1. Approved the execution of a ten-year lease for the 18th floor at 305 East 45th Street, New York City, containing some 9,500 square feet of space, as the new and consolidated quarters for all operations of the General Service Office and A. A. Grapevine. A contract for architectural service was awarded to Michael Saphier Associates. All construction costs including air conditioning were to be paid by the building owners.
2. Approved a contract with A. A. Publishing of Great

Britain and Ireland, Ltd. to publish for the Sterling area the book "Twelve Steps and Twelve Traditions" under a licensing arrangement similar to that under which the book "Alcoholics Anonymous" is published in England.

3. Approved the following policy statement: "The Board believes that A. A. members generally think it unwise to break the anonymity of a member even after his death, but that in each situation the final decision must rest the family". A few states are particularly stringent with respect to this problem, interpreting such anonymity breaks as a breach of privacy subject to legal action.
4. Approved a change in name for A. A. Publishing, Inc. to A. A. World Services, Inc. as being more properly descriptive of the General Service Office operations.
5. Approved the following definition of the Reserve Fund: "The Reserve Fund was established in 1954 by transfer from the General Fund of cash then on deposit in savings accounts for the purpose of accumulating a prudent operating reserve. Its use must be authorized by the Board of Trustees, on recommendation of the Finance and Budgetary Committee".
6. Approved an action to notify all groups that in accordance with A. A. Tradition the Board will not accept funds coming from the dissolution of a so-called A. A. club.

A. A. OVERSEAS & LONERS

(Ann Macfarlane)

Number of Groups

Outside U. S. & Canada: 1,033

Membership: 16,420

Many of the developments that were pending in last year's Conference Report are still in the making, but some have come to fruition.

- 1) The Norwegian edition of the combined abridged portions of the Big Book, *Alcoholics Anonymous, Twelve Steps and Twelve Traditions* and *A. A. Comes Of Age*, has now been in the book stores in Norway for almost five months and has had excellent reviews in the press. A. A. affairs in Norway are evidently moving along well and the traditionally minded groups who have struggled so long to uphold A. A. Tradition are holding their own.
- 2) In the United Kingdom, the order blank which was reported as being in preparation last April, is now a reality and Alcoholics Anonymous Publishing of Great Britain and Ireland is accepting orders for literature from the Sterling countries. A recent A. A. visitor from Ireland, visiting Southern Rhodesia, reported a need of literature and has recommended to A. A. Publishing of Great Britain a circularization of African groups in an effort to meet their needs.
- 3) TRANSLATIONS: This year G. S. O. has a translation of the Twelve Steps in Russian, but no Groups overseas as yet to take advantage of it. The Twelve Steps portion of the Twelve Steps and Twelve Traditions in Spanish, (a translation made by the Grupo Lucerna now named the Grupo D. F. in Mexico City) is now available in pamphlet form (price: 25 cents) and is a start on the Literature Committee's program of making more translated material available to overseas groups. Translations made by the group in Buenos Aires, Argentina, of *A Letter to a Woman Alcoholic*, *The Alcoholic Husband* and *This Is A. A.* are being considered for publication and distribution. There is a need for good translations of A. A. books. As in the case of the Norwegian abridged edition of the three books, a start has been made on the translation of this same material in Spanish and it is hoped that other translations will follow.

Finland is working on a translation of *A. A. Comes Of Age*.

MANY LANGUAGES: The Twelve Steps are now available in Afrikaans, Japanese, Danish, French, Finnish, Dutch, Norwegian, Polish, Portuguese, Welsh, Swedish, Spanish, German, Hungarian, Latvian, Swahili, Russian, Chinese and Zulu. A listing of all known translated material is now available.

Copies of *Alcoholics Anonymous and the Medical Profession* in German and in French are presently available. As starter material from the standpoint of public information, these pamphlets serve a need in presenting the program to doctors and other public health officials.

A Spanish translation of the Twelve Step portion of the book "Twelve Steps and Twelve Traditions", made by the Grupo D. F. in Mexico City, is now in pamphlet form and ready for distribution by A. A. World Services, Inc.

Form letters in Spanish have now been prepared to fit into most categories of inquiry, so that prompt replies can be made when inquiries in that language are received.

PUERTO RICO: The Health Department of Puerto Rico requested permission to reprint our pamphlet material, to be distributed free of charge to our groups there, but in line with our policy of self-support and the avoidance of entanglement with Government agencies, (with the consent of the Puerto Rican Groups,) we suggested that they purchase from us the material they needed for use in their program of dissemination of information about alcoholism. We have already received a large order.

MEXICO: The Grupo D. F., Mexico City, is continuing its program of translation and distributes an excellent newsletter in Spanish which goes out to all our Spanish-speaking groups and members. This is a small group, but dynamic and dedicated to spreading the message in Spanish to all Spanish-speaking alcoholics.

- 4) Australia and New Zealand are working on their General Service Conference to be patterned after our North American one. There are many wrinkles to be ironed out: "The simple constitution guided by the Third Legacy Manual" that was mentioned in last year's report is now a reality, but a wider dissemination of information about the Conference and its meaning is necessary before all Australia will participate in planning.

LONERS: Loner Sponsorship continues to be on the increase as G. S. O. puts Loners in touch with other Loners speaking languages other than English if indicated, (regular listings of recently registered Loners are available on request) and with Group members or groups who like to do this kind of Twelfth Stepping by mail. Material specially designed for the Loner, compiled from information received from Loners themselves through a questionnaire, has gone out to them and is available to new registrants.

ARMED SERVICE GROUPS: Material designed to be helpful to existent groups in the armed services, and to new groups as they are formed has been prepared and is in distribution. This includes a separate listing of these groups to facilitate communication between them. Among visitors from overseas—A. A. members, doctors, social workers and other interested in the problem of alcoholism and A. A.'s answer to it—was an A. A. from Finland who studied A. A.'s development here, in order to share it with Finnish A. A. While he was here, letters from the Central Office Secretary in Finland were received in Finnish and translated by our visitor so that a lively exchange of ideas resulted.

G. S. B. PUBLIC INFORMATION COMMITTEE

(Herb Morse, Chairman)

The Public Information Committee was created five years ago as a subcommittee of the Policy Committee. Its purpose: to act in an advisory capacity to the General Service Office. Its policy: to invite the press and other communications media to take advantage of A.A.'s "open door" policy. The Committee had discovered that, in many areas of communication, A.A.'s "open door" policy was not understood and that A.A. was regarded as a secret society. The Committee has taken steps to correct this misunderstanding and the results have been gratifying.

For the past year, with the approval of the 1959 General Service Conference, the Committee has functioned as a working group in guiding and encouraging editorial recognition of our 25th Anniversary Year. The Committee, augmented by public representatives from the five California Conference Areas, is currently functioning as the Convention Public Relations Committee.

The 25th Anniversary public relations program has involved communication with a large list of 4,000 press, TV and radio contacts, including:

- Magazines of all types
- Newspapers and Wire services
- Feature syndicates
- Editorial page writers and columnists
- Newspaper magazine supplements
- Leading overseas newspapers
- Women's page editors
- Radio and TV—Special directors and producers

The Committee prepared and mailed a four-page Anniversary Background pamphlet to this complete listing. This pamphlet was also sent to General Service Conference Delegates and to Central and Intergroup Offices for their distribution among the groups in their areas.

Six 1,500 word stories were written for distribution, upon request, to writers and editors:

- a. The A.A. Story
- b. A.A. and Medicine
- c. How A.A. Works
- d. The Story of the A.A. Big Book
- e. A.A. in Prisons and Hospitals
- f. A.A. Overseas

Return cards were enclosed in the 4000 mailing indicating the availability of these special stories. There was a 6% return of the cards, many of them accompanied by gratifying letters.

It was decided that the General Service Board of Trustees would express A.A.'s gratitude to our many friends in the various communications media through a series of "Gratitude Lunch-

eons" during the month of November. Four luncheons were held and 25 persons were invited to each one. Arrangements were made, and they were "hosted," by the members of the Public Information Committee and the General Service Office Staff.

Bill spoke informally at each luncheon, expressing the movement's gratitude to publishers, editors and broadcasters for their support and encouragement of the A.A. program. The response to this project was gratifying and it is believed the luncheons were a significant factor in creating greater understanding of the movement and its recovery program.

The August and September *Exchange Bulletins* suggested to A.A. groups and areas that they join in the 25th Anniversary Year activities by holding Special Public or Anniversary Meetings. Special material was provided by the Committee, sharing the experiences of A.A. groups. More than 1,500 copies of this Special or Anniversary Meeting material was mailed to groups upon request.

Charter Oak Tele Pictures Inc. has informed the Public Information Committee that the firm would like to produce a black and white film without cost to A.A., with the idea that the company would sell enough prints to groups and areas at \$75 each to cover production costs and make a profit. The company is well regarded in its field. The Committee agreed that such a film could be a useful tool but suggests that this subject be discussed at the Conference on the basis of a minimum of 100 print sales at \$75 a print. Further communication with the Charter Oak Tele Pictures Company on the film has been deferred until it is determined how the Conference feels about the proposed project.

The Metropolitan Life Insurance Company cited A.A. as a source of help for problem drinkers in its April advertising on alcoholism. These ads are appearing in the Saturday Evening Post, Look, National Geographic, Ladies Home Journal, Reader's Digest, Good Housekeeping, U. S. News and World Report and Red Book. Their total estimated readership is 44 million.

The Advertising Council, a non-profit public service organization supported by the advertising industry, has approved the week of June 27 - July 3 (coinciding with the Long Beach Convention) as "A.A. Week," and will so advise all radio and television stations in the U. S.

The G.S.O. will prepare and distribute public service announcements on A.A. and its 25th Anniversary to both radio and television stations. Television stations will also receive a special display card for screening with the announcements. Announcements and the visual material will be mailed the last week in May. The June *Exchange Bulletin* will carry details of this project, with the suggestion that local groups be prepared to cooperate with broadcasters in their areas, should such help be requested.

Stations that carry Council-approved messages do so free of charge. The only cost to the "sponsor" is for the preparation and distribution of the messages. Only a small minority of requests for this type of support are approved by the Advertising Council. A.A. is the only organization in the field of alcoholism to have been accorded such approval.

PUBLIC INFORMATION ACTIVITIES

(Hazel Rice)

The Public Information staff assignment during past year can be divided into two categories: (1) The work of the staff member as Secretary of the Public Information Committee and (2) General Service Office Staff Work.

I. Serving as Secretary to Public Information Committee—

As a result of "Gratitude Luncheons," Anniversary background mailings and general concentration on 25th Anniversary Year:

1. November, 1959 Reader's Digest carried reprint of A. A. story from September Atlantic Monthly.
2. January, 1960 Fortune carried an article with references to help available from A. A. for alcoholic executives.
3. Time Magazine wished to do a cover story on Bill W. This offer was declined, with gratitude, because of the Anonymity Tradition.
4. New York Times Magazine will carry its first A. A. story in June—around Anniversary date.
5. American Osteopathic Association Magazine carried A. A. story in January, 1960 issue.
6. United Press International distributed a story on Bill W.'s anniversary in November.
7. Sales Management Magazine will carry A. A. story in May, 1960.
8. Parents Magazine has assigned a writer to A. A. story.
9. Changing Times is considering a number of specific story suggestions submitted, upon request, by G. S. O.
10. Ebony considering ideas for story.
11. Pulse of Pharmacy (Wyeth Lab. Publications) is devoting an issue to alcoholism, with one chapter on A. A.
12. June, 1960 Reader's Digest will carry Paul de Kruif's article, "Mysterious Medicine of A. A.", which will list the G. S. O. mailing address.
13. Jack Webb, a television producer, has advised he will consult the Public Information Committee if and when he decides to do a film series on A. A.
14. "R. N." Magazine—Story by an A. A. registered nurse.
15. Catholic Hour NBC Radio network Programs, "Alcoholism, the Problem and the Hope."—National Council on Alcoholism and A. A. Staff member—March 20th—2 A. A. members anonymously on March 27th.
16. NBC Documentary: A. A. to be cited as one means of help available for the sick alcoholic. This program is scheduled to be included in the NBC Fall production schedule. Announcement will be made through the Exchange Bulletin.
17. Editorially and in advertising copy, many magazines and newspapers have carried the General Service Office mailing address in material dealing with alcoholism. These include Guideposts, Management Methods Magazine, America, Catholic Digest, R. N. Magazine and the eight magazines in which appeared the Metropolitan Life Insurance Company advertisement on alcoholism.
18. Many free lance writers received copies of our Background Editorial Material.

II. General Service Staff work

1. Reviewing the A. A. newspaper and magazine articles received through our clipping service.

a. General observations—

These have increased in number from approximately 200 in September of 1959 to 350 in March of 1960.

The Background Editorial Material provided by the General Service Office and distributed by local groups has been noted in many newspapers throughout the United States and Canada.

- b. During the past year the clippings have indicated the following in regard to our suggested Twelve Traditions:

Anonymity—They were very few breaks of anonymity of members in the press. Upon investigation, it was found that all were "unintentional".

Solicitation of Funds from non-A.A. Sources: During July of 1959 there were three news reports involving rehabilitation centers and clubs that were soliciting or accepting funds from non-A.A. sources.

The A.A.s involved were asked for details. The subject was discussed at World Service Directors monthly meeting. An item was carried in the August Exchange Bulletin:

"As you may know, we subscribe to a newspaper clipping service which helps us keep in touch with A.A.s' world-wide activities. Recent news items have indicated there is a tendency on the part of some A.A. members to engage publicly in fund-raising activities in seeming contradiction of the spirit of our Tradition."

It was decided that the above item should be referred to the Special Study Committee on Relations with Outside Agencies.

Awards—News stories indicated that in two areas A.A. awards of gratitude were given to non-A.A.s. Again, the Exchange Bulletin was used to ask that these awards be given "specifically by mentioning the name of the group or area involved" and not imply that A.A. as a whole is in agreement on the presentation.

Retreats—Clippings from three areas indicated A.A. affiliation with Retreats. Letters were written in each of these cases and this matter was also turned over to the Special Study Committee.

2. World Directory

No outstanding misuses of the Directory were called to the attention of G.S.O. during the past year.

3. Inquiries

Approximately 4,800 inquiries about A. A were received at G.S.O. last year.

Each letter is answered individually and about 75,000 pamphlets were distributed with these letters at no charge.

The predominant number of inquiries continues to come from students and teachers. There is an increase in requests from social workers, personnel managers and counselors and members of the nursing profession.

Many local health, welfare, education and medical groups

(Continued on Next Page)

THE A. A. GRAPEVINE

(Directors & Staff)

Activities of the Editorial Department during the past year were expanded to include initiation and follow-up of all promotion, as recommended by the General Service Conference. The Editorial Department was also responsible for assistance and liaison with Areas which set up the "special Grapevine Representative" plan suggested by the Conference.

A summary of these activities follows:

1. *Mailings to groups, subscribers and Conference members:*
June Anniversary issue announcement
October International issue announcement
Christmas gift suggestion circular
Two special announcements of "A. A. Today"
2. *Miniature Grapevines:*
36,394 sent out free to Area and State Conferences and Conventions.
48,650 sold at \$1.00 per unit of 50 copies.
3. *Trial of postpaid subscriptions envelopes in three issues of The Grapevine has produced 1,515 paid subscriptions (to March 16, 1960).*
4. *Conference kits for Area meetings:*
59 kits containing display material, promotion pamphlets and subscription blanks were sent out; 40 areas reported using them at conferences.
5. *Special Grapevine Representative plan:* 15 states and 2 provinces have adopted this plan. A total of 555 new subscriptions have been received through this channel.

A second additional activity of the Editorial Department has been the preparation of "A.A. Today," a special publication apart from the regular magazine which will be published on July 1st in commemoration of A.A.'s Twenty-fifth Anniversary.

It is too early at the time this report goes to press to give a final budget or exact prediction. However, on the basis of advance orders already numbering several thousand copies, the trend seems to indicate the advisability of printing 15,000 copies and binding 10,000 for immediate distribution and sale at the 1960 Convention.

The entire Editorial Board has participated actively in "A.A. Today." An examination of the Grapevine display boards will give only a slight idea of the amount of work done by volunteer artists, writers, editors and production people who have made this special publication possible. It is impossible to estimate the value of their contributions in time, money and dedication.

While the financial future of the Grapevine is still uncertain, our operating result for 1959 is considerably better than anticipated.

The net loss for the year was \$750 as against a budgeted operating deficit of \$5,701 for the period. There was, however, a non-recurring income item of \$1,237.20 recovered by our circulation department for a postal overcharge. Excluding this item, the operating loss for 1959 was \$1,987.20 compared with the \$5,101.00 estimated at the start of the year.

Circulation drifted down during 1959, declining from 33,973 in January to 32,163 in December, a drop of 1810. This was offset somewhat by the sale of 7,000 extra copies, a result of feature issues. An optimistic note: circulation increased by 1,200 during January, February and March, 1960; and the renewal rate for 1959 was 71.5% as against 67% in 1958. In addition, a change in the printing process, from letterpress to offset, starting with the February 1959 issue, will result in an annual saving of approximately \$5,480.00 in production costs.

PUBLIC INFORMATION ACTIVITIES (Continued)

have requested free literature for distribution at their meetings and discussion classes. The "Helpful Ally" pamphlet has proven to be a useful tool for this purpose. Samples of other pamphlets have also been sent, together with literature order blanks.

4. *A.A.'s Exhibit for national meetings of professional groups.* G.S.O. is grateful to the many A.A. volunteers who have manned the display and answered questions at the following annual meetings where the Exhibit was displayed—

May 11-15, 1959
National League for Nursing
Philadelphia, Pennsylvania

May 24-29, 1959
National Conference on Social Welfare
San Francisco, California

June 9-12, 1959
American Medical Association
Atlantic City, New Jersey

October 19-22, 1959
American Public Health Association
Atlantic City, New Jersey

February 21-24, 1960
American Orthopsychiatric Association
Chicago, Illinois

March 21-24, 1960
American Academy of General Practice
Philadelphia, Pennsylvania

Forms for those wishing literature, in addition to the "Helpful Ally" pamphlet available with the display, are mailed to G.S.O. following each "showing." Each individual's request is followed up by a letter and the pamphlets requested.

NOTE ON FINANCIAL DATA

An attempt is made to keep Conference members fully informed at all times on the scope and cost of A. A. World Services and on the manner in which these services are being supported by the movement.

All contributions are on a voluntary basis, the accepted yardstick being \$3 per member per year but a large percentage of the groups are not in a position to contribute at this rate.

G. S. B. FINANCE & BUDETARY COMMITTEE

Archibald B. Roosevelt, Treasurer, G. S. B.

Operations of A. A.'s General Service agencies resulted in a net income of \$32,550 in 1959 as compared with a net income of \$15,583 in 1958.

The publishing activities of A. A. World Services, Inc., earned \$41,583.

The A. A. Grapevine operations resulted in a net loss of \$750.00.

Group contributions in 1959 were \$210,163 as compared with

\$190,799 in 1958. The 1959 contributions exceeded by \$7,880 the cost of Office and Conference expenses. The sum of \$7,500 was transferred to the Reserve Fund in repayment of advances to make up deficits in group contributions in prior years. This repayment reduces the accumulated deficit still due the Reserve Fund of \$28,7765.

In addition to the above \$7,500, the Reserve Fund was increased by \$18,822 of book discounts donated and investment income.

SUGGESTED SHARE OF 1960 BUDGET

Based on an estimated budget of \$233,000 and using the 1959 membership as a factor, the share of each state and province for the year 1960 is apportioned in the following schedule. For budget purposes only groups in the United States and Canada have been estimated.

U. S. A.					
STATE	1959 Membership	State & Province Share	STATE	1959 Membership	State & Province Share
Alabama	898	\$ 1,860	New Mexico	396	815
Alaska	160	330	New York	7,602	15,690
Arizona	675	1,400	North Carolina	2,315	4,770
Arkansas	687	1,415	North Dakota	522	1,075
California	15,453	31,875	Ohio	7,634	15,755
Colorado	1,092	2,260	Oklahoma	1,213	2,500
Connecticut	1,628	3,365	Oregon	843	1,745
Delaware	266	550	Pennsylvania	3,533	7,295
District of Columbia	548	1,130	Rhode Island	252	520
Florida	3,785	7,815	South Carolina	1,015	2,090
Georgia	1,078	2,230	South Dakota	650	1,350
Hawaii	166	340	Tennessee	843	1,735
Idaho	347	715	Texas	5,572	11,510
Illinois	7,260	14,975	Utah	885	1,825
Indiana	2,130	4,405	Vermont	305	630
Iowa	1,568	3,230	Virginia	1,912	3,960
Kansas	1,318	2,725	Washington	1,528	3,165
Kentucky	859	1,770	West Virginia	520	1,070
Louisiana	1,393	2,870	Wisconsin	1,853	3,825
Maine	515	1,060	Wyoming	213	440
Maryland	1,500	3,090	TOTAL FOR U. S. A.	101,724	\$209,990
Massachusetts	3,132	6,470	CANADA		
Michigan	4,826	9,970	Alberta	887	\$ 1,830
Minnesota	3,816	7,870	British Columbia	1,929	3,975
Mississippi	570	1,175	Manitoba	737	1,515
Missouri	2,160	4,470	New Brunswick	400	825
Montana	406	835	Newfoundland	126	255
Nebraska	579	1,190	Nova Scotia	506	1,040
Nevada	455	940	Ontario	3,898	8,030
New Hampshire	317	655	Prince Edward Isle	144	295
New Jersey	2,531	5,240	Quebec	1,872	3,855
			Saskatchewan	630	1,295
			Yukon Territory	32	65
			Northwest Territories	14	30
			TOTAL FOR CANADA	11,175	\$ 23,010
			TOTAL FOR U. S. A. & CANADA	112,899	\$233,000

1960 GENERAL SERVICE BUDGET

GENERAL SERVICE OFFICE

The following budget for 1960 operations of the General Service Office, exclusive of the A. A. Grapevine, was approved by the Conference.

ESTIMATED CONTRIBUTIONS, GROSS PROFIT, AND OPERATING EXPENSES

	<u>Receipts</u>	<u>Expenses</u>	<u>Net Income</u>	<u>Net (Deficit)</u>
General Service Office (Contributions)	235,000	233,000*	2,000	
A.A. World Services (Gross Sales)	208,500**	186,225	22,275	
General Service Board		16,450		(16,450)
TOTALS	<u>443,500</u>	<u>435,675</u>	<u>24,275</u>	<u>(16,450)</u>

NET ESTIMATED INCOME \$7,825***

* Including cost of General Service Conference.....\$26,000

** Based Upon Sales of —

23,000 books "Alcoholics Anonymous"
8,000 books "12 Steps & 12 Traditions"
5,000 books "A. A. Comes of Age"
Averaged—Pamphlets & Miscellaneous

*** Exclusive of Reserve Fund Appreciation of.....\$21,000
(from Book Discounts and Interest)

During 1959, costs continued to rise in addition to a continuing increase in activity. As a result the estimated expenses of G. S. O. have increased by \$31,278 over the annual cost of such services during 1959. Contributions of \$235,000 might be expected during 1960 representing about \$24,800 in excess of the total received in 1959. Each year over the past several years, contributions have increased annually as the need for G. S. O. Services becomes more widely known.

The suggested per capita "share of the budget," based on reported membership for the U. S. and Canada, is \$2.06 for the year 1960.

1960 A. A. GRAPEVINE BUDGET

The following budget for 1960 operations of the A. A. Grapevine, Inc. was approved by the Conference:

Estimated income from subscriptions and bulk sales.....\$140,000

Total Expenses 144,500

Estimated Net Loss for the year 1960..... (4,500)

BILL'S STATEMENT ON HIS FINANCES

At the 1957 Conference, Bill read to the Delegates the following letter addressed to Mr. Archibald B. Roosevelt, Treasurer of the General Service Board:

Dear Archie:

As many are aware, I have long felt that my personal finances should always be an open book to our membership.

Ever since 1951, when the General Service Conference first met, my book royalties and my expense allowances have been shown in each year's audit. This practice will of course be continued.

This year, however, I would like to make a full accounting for all monies received by me from 1938, when the Alcoholic Foundation was created, to 1955 when, at St. Louis, the Conference and its General Service Board assumed final responsibility for A. A.'s world affairs.

This seventeen-year audit has been prepared by Mr. Wilbur Smith, our CPA, and is here enclosed. Saving the small amounts I received as a result of Mr. Rockefeller's 1940 dinner, it can be seen that my whole income over those years has derived only from A. A. Publishing activities. My other services to the Headquarters were all volunteer.

I earnestly recommend that this detailed accounting be always shown to every Conference Delegate on request; and further that a copy of this audit be placed on permanent file at the New York Headquarters where, on request, it can be read by any visiting A. A. member.

Ever yours,

Bill

(Signed in full)

WGW/nw

P.S. I hope that the Conference sees fit to publish this letter each year in its annual report.

PURPOSES AND RESTRICTIONS

OF GENERAL SERVICE BOARD FUNDS

THE RESERVE FUND was established in 1954 by transfer from the General Fund of cash then on deposit in savings accounts, for the purpose of accumulating a prudent operating reserve. Its use must be authorized by the Board of Trustees, on recommendation of the Finance and Budgetary Committee.

The GROUP CONTRIBUTION FUND, established in 1941, receives contributions from A. A. Groups and members which may be used solely for the expenses of the General Service Office and the costs of the General Service Conference.

The GENERAL FUND is comprised of those assets not included in either of the above Funds and may be used for any of the purposes for which the General Service Board of A. A., Inc. was incorporated.

QUESTIONS AND ANSWERS

At each General Service Conference, Delegates are encouraged to seek information about G.S.O. operations and to raise for general discussion problems that appear to be of movement-wide concern. Questions may be posed anonymously in writing, if desired. Approximately 75 questions (including some "duplicates,") were submitted by Delegates to the 1960 Conference. Edited for clarity or brevity, they may be summarized as follows:

GROUP AFFAIRS

Have other Delegates heard criticism of the use of off-color stories by speakers at meetings? How can this problem be handled?

It was agreed this was a matter that should be handled in accordance with the principle of local autonomy. There was no comment indicating that the problem is widespread.

Have other Delegates noted any increase in "boy-girl" problems within the groups recently?

There was no comment on this topic.

Can any Delegate comment on experience with so-called "stag" groups?

Apparently no Delegate was so qualified.

What can Delegates do to encourage groups to register with G.S.O.?

It was agreed that Delegates could: (1) Make sure all new groups know of G.S.O. and the value of registration; (2) Send Area listings of groups to G.S.O. for checking and follow-up; (3) Encourage traveling A.A.s to visit new groups; (4) Review World Directory listings carefully to be sure all groups in an Area are registered.

CONFERENCE

How can we reduce the number of groups being inactivated each year?

It was explained that groups are inactivated (removed from Directory listing) only when they have failed to respond to G.S.O. correspondence over a long period. Delegates are always informed before a group is inactivated. If a Delegate fails to respond to an inquiry about a dormant group, inactivation follows automatically.

Could 35 millimeter slides of G.S.O. and special exhibit material be provided to Delegates to assist them in reporting to the groups on the Conference?

While some Delegates agreed this approach would be helpful, the sense of the meeting was that G.S.O. should not provide visual material of this type. It was agreed, however, that individual Delegates might take appropriate photographs of G.S.O. facilities for showings in their Areas.

Would it be possible to add material describing the responsibilities and qualifications expected of a General Service Representative to the present one-page mimeographed sheet, "Participation in The Third Legacy of Service?"

Yes, the G.S.O. staff will do so.

Should a G.S.R. also be a member of a Central Committee or an Intergroup Committee? Is a conflict of interest likely to be involved in many instances?

It was agreed that this was a matter of local autonomy. Isolated comments on specific experience did indicate that it was perhaps not wise for a G.S.R. to tackle several responsibilities and thereby risk not doing one job well.

Is a member eligible to serve a regular term as a Delegate to the Conference if he has already served one year as an alternate for a former Delegate?

If the Area wishes him to serve, he is eligible. (This subject is discussed in detail in the Third Legacy Manual.)

What has been the Conference experience in situations where a District will not operate within the Third Legacy and has broken away from an established Area Assembly, claiming that the District should have its own Delegate?

A Delegate from an Area where a situation of this type has developed suggested continued forbearance and interest in the secessionist District. In his Area, he said, the secessionists (accounting for only 1/6th of the Area) are consistently invited to participate in electing a Delegate to the Conference but so far have refused to attend the electoral Assemblies.

Why were 1960 Delegates not invited to attend the Long Beach Convention, since 1955 Delegates were invited to stay in St. Louis for the Convention in that city?

The 1955 Convention involved a special joint session with the Conference for the purpose of adopting a permanent Conference Charter as the foundation of the Third Legacy of Service. No joint session was planned at Long Beach.

25th ANNIVERSARY

Do the plans for publicizing A.A.'s 25th Anniversary year involve any departure from the Tradition of "attraction rather than promotion?"

No. As in the past, informational material will be made available only upon request.

What are other Areas doing about local public meetings keyed to the Fellowship's 25th Anniversary year? What will they accomplish?

Many Delegates reported that their Areas had held or scheduled such meetings. It was agreed that meetings of this type could be helpful not only in creating local awareness of the availability of A.A. but also in defining the Society's primary purpose.

FINANCIAL

Why was the format of the G.S.O. financial statements changed this year?

On the advice of competent financial counsel, the Trustees approved the change to make the statements more readily understandable. (The Conference approved the change unanimously.)

QUESTIONS AND ANSWERS

(Continued)

How are Intergroup offices supported, if not solely through group contributions?

Most Delegates who commented on this subject agreed that group contributions were the conventional method of financing Intergroup offices. One Delegate said some funds were derived from an annual picnic. Delegates familiar with this problem were invited to meet privately during the Conference. (G. S. O. has background material on Intergroups that touches on this question.)

In 1959 did any Area contribute \$3.00 per member, as suggested?

The inquirer was referred to the statistical data distributed to all Delegates and reproduced in this Report.

Are more groups supporting world services today than was the case five or ten years ago?

Yes.

Should G. S. O. "show a profit" on communications material produced to help alcoholics inside and outside of A. A.?

No Delegates elected to comment on this question.

Is there a preferred method for transmitting funds from groups to: (1) State or Area organizations and (2) G. S. O.?

One Area Committee sends out forms inviting the groups to specify how their contributions should be allocated. When contributions are received without specific instructions covering their allocation, one-third of the money is retained by the Area Committee; the rest is sent to G. S. O. for world services.

TAPES

Are tape recordings of Bill's 1960 Conference talks to be made available for purchase by the Areas?

Recordings of both the Wednesday opening and Sunday closing talks are available.

GRAPEVINE

Can a cardboard display rack for Grapevine be made available, preferably with a section for subscription blanks?

It was explained that the cost of such items is prohibitive.

If, as has been stated, nine out of ten Grapevine articles are contributed by volunteers, why is the Grapevine salary total so high relative to that of G. S. O.?

It was explained that, "proportionately," the Grapevine salary total is "about the same" as that of the G. S. O.

Could the Grapevine be sold from newsstands?

The question was explored several years ago, and found to be economically impossible because newsstand distributors will not handle a magazine of Grapevine circulation with the relatively low profit involved to them. Newsstand distribution would also pose the problem of being responsible for the return of unsold copies for which news dealers are credited.

How many Delegates read the April Grapevine?

Less than half of them. Many of the others explained they were busy getting ready to attend the Conference.

TELEVISION

What is the status of the proposed 90-minute television documentary on A. A. that was described to the Conference several years ago?

The National Broadcasting Company paid for the "story treatment" prepared by an independent writer in consultation with representatives of G. S. O. The project is dormant and, in keeping with A. A. tradition, no attempt will be made to promote the proposed film.

ANONYMITY

What can be done about direct mail advertising that identifies an individual as a member of A. A.?

Best procedure is for the individual to complain directly to the advertiser, as suggested at 1959 Conference. If the letter is forwarded to G. S. O., a staff member will also write to the offending direct mail user, explaining the importance of the A. A. principle of personal anonymity.

OUTSIDE AGENCIES

How can we develop cooperative effort between A. A. and hospitals in sparsely settled A. A. areas?

One Delegate cited experience in getting hospitals to treat alcoholics on out-patient basis. Special committees work with hospitals and prisons in some less-populated A. A. areas. G. S. O. pamphlet, "Patterns of Hospital-A. A. Cooperation," contains suggestions for working with hospitals.

In some Areas we hear of denominational retreats, breakfasts and meetings for A. A.s Is this good?

It was agreed to refer this query to the Special Study Committee on Relations with Outside Agencies.

Who is, or was, the Matt Talbot referred to in connection with some denominational groups of A. A.s?

Matt Talbot was an Irish alcoholic who achieved a recovery through the application of certain spiritual principles. Since his death he has come to be regarded as a patron saint of alcoholics by members of one denomination.

Would it be possible for G. S. O. to prepare a brief summary of "the sense of the Conference" on the question of A. A.'s relation to denominational groups of alcoholics who sponsor retreats or meetings for members of a single faith? (Intended to re-affirm A. A. Tradition of "Cooperation, Yes—Affiliation, No" to individuals, groups, Areas and the press.)

Referred to Special Study Committee on Relations With Outside Agencies.

Are the Al-Anon Family Groups a part of Alcoholics Anonymous?

No, they are not. But they work closely with A. A. members and support A. A.'s purpose in many areas.

QUESTIONS AND ANSWERS

(Continued)

OLD TIMERS

How can the interest of "old timers" be revived?

It was suggested that the new Grapevine book, "A. A. Today," might be used as an opening wedge. Other suggestions: Ask "old timers" to discuss early days of local A. A. at meetings; appeal to their sense of responsibility to the newcomer; remind them of the power of their example.

LITERATURE & PUBLICATIONS

Why not add a "Question and Answer" section to the Third Legacy Manual?

Referred to the Literature Committee of the G. S. Board with the comment that some material of this type might be incorporated in the "Partners" pamphlet.

Is A. A. literature available in French?

Yes. A number of translations of Conference-approved material have been listed on the literature order blank for years. A French translation of the Big Book and Twelve Steps and Twelve Traditions has also been prepared by A. A.s in Quebec, Canada.

About how much does it cost to publish the World Directory?

About \$16,500.

Is a special A. A. "literature package" available that might be useful in connection with talks by A. A.s to service clubs and similar organizations?

Specially-priced literature packages are available for general use by the groups and for distribution to institutional groups.

What is the status of the revision of the pamphlet for young alcoholics, approved by earlier Conference?

Personal histories are now being collected. Only a few suitable stories have been obtained to date. Delegates who can direct G. S. O. to source material for this pamphlet are urged to do so.

What can be done to interest groups in the Exchange Bulletin and other G. S. O. material?

It was suggested that five minutes of weekly meetings be set aside for discussion of Bulletin items and other G. S. O. communications. In some Areas, "Three Legacies" groups can be set up for members particularly interested in A. A. world service story. Other suggestions: Make special effort to interest G. S. R. and Group Secretary in the material; read materially personally and be prepared to discuss it with others; have new display material available.

SERENITY PRAYER

What was the origin of the Serenity Prayer?

Briefly, it is credited to Dr. Reinhold Niebuhr, a noted theologian, who used it in a sermon about 20 years ago. Dr. Niebuhr believes that, in a slightly different form, it can be traced to much earlier source or sources. The Grapevine has done an article on the Prayer and plans to expand this in a future issue.

Are large reproductions of the Prayer available?

A 13" x 17" reproduction of the Prayer as it appeared on a Grapevine cover is available from G. S. O.

BILL

Can Bill W. plan to visit more Areas in the future?

It was explained that it was impossible for Bill to select certain Areas for visits without prejudice to other Areas and obviously he could not hope to cover all. He planned to do a great deal of "visiting" at the Long Beach Convention. A great deal of Bill's time is currently devoted to recording and clarifying early A. A. experience as a guide for the future.

ABSOLUTES

Do some groups still display material directing attention to "the four absolutes?"

Four Delegates reported knowledge of such displays. (In the earliest days of the movement, when members of the Oxford Movement were interested in the new recovery program for alcoholics, considerable emphasis was placed on the "absolutes" of Love, Honestly, Purity and Unselfishness.)

TRADITIONS

When were the Traditions written?

They were published originally in the form of a series of articles in The Grapevine in the mid-Forties. They were later refined to their present "short form" and accepted for the movement by members attending the 1950 International Convention in Cleveland.

RECOVERY & SPONSORSHIP

Aren't we spending too much time on the "government" of A. A. Why can't we hear more discussion about better ways of carrying the A. A. message? Can we, at the 1061 Conference, have an entire day's session on the most important business of the Fellowship: helping the unrecovered alcoholic?

It was noted that Bill has spoken and written on this theme, notably stressing the importance of creating sound services rather than mere governmental agencies. The Delegates recommended that the subject be on the 1961 Conference agenda.

Are we doing the best job possible in the field of sponsorship of newcomers? What can be done to stimulate groupwide interest in sponsorship?

Delegates seemed to agree that a better job of sponsorship was done in former years. This is partly due to the great growth of A. A., the formation of new groups and increasing concern with essential structural matters. Only solution to problem seems to lie in more individual members taking an active interest in sponsorship. (G. S. O. has a pamphlet of questions and answers on sponsorship that can be helpful. This booklet records experience in both large and small groups.)

Can we afford to condone gambling in club facilities that, perhaps improperly, are identified in the public mind as A. A. units?

It was agreed that this phase of clubhouse operations should be reviewed by the newly-appointed Study Committee on Clubhouses. A Delegate pointed out that the problem was not unique to A. A., that others face it also.

QUESTIONS AND ANSWERS

(Continued)

GENERAL SERVICE OFFICE

In writing to G.S.O., should letter be addressed to Conference Secretary or to staff member in charge of correspondence with a particular area?

All mail is reviewed by the coordinating staff member who then routes it to appropriate associate. So it will get to the right person, regardless of the address.

Why doesn't the G.S.O. Staff rotate?

Staff members do rotate from assignment to assignment at regular intervals so that all staff members acquire competence in a number of responsible positions. Experience shows that it would not be practical to "rotate" them out of jobs, however, since continuity of service is important in discharging G.S.O. responsibilities efficiently and economically.

When Area problems arise, should we write to a Trustee who may come from our Area, or should we write to G.S.O.?

Contact with an Area Trustee would be a matter of personal choice, of course. However, individual Trustees are not in a position to do more than express personal opinions on A.A. problems. The G.S.O. can, on the other hand, draw on the accumulated experience of A.A.s in meeting many types of problems throughout the world.

What is the relationship between and among the following: General Service Board, A.A. World Services, Inc.; The A. A. Grapevine, Inc.; the General Service Office and the General Service Conference?

Reference was made to the descriptive material and charts appearing in the pamphlet, "Partners In A.A." and in the folder,

"Inside A.A." It was stressed that the General Service Board, Inc., is the Fellowship's chief custodial agency; A.A. World Services, Inc. is the corporate entity set up to assure businesslike handling of A.A. movement-wide affairs. (A.A. World Services was established originally as Works Publishing Company. For several years it was known as A.A. Publishing, Inc.)

Is a pension plan in existence for G.S.O. employees?

No. (Insufficient funds.)

CLUBHOUSES

Are clubhouses really necessary to "carry the message?"

Is it appropriate for members in our Area to contribute to funds for the "Old 24th Street Clubhouse" in New York?

Is gambling a big problem within groups that own clubhouses?

Is it desirable for officers of an incorporated club to take over the functions ordinarily performed by group officers or a steering committee? (For example, deciding arbitrarily how much should be contributed to support of World Services, rather than letting group membership make this decision.)

The above questions were discussed at some length but with no attempt to reach conclusions or decisions. Rather, all questions on this topic were referred to the Special Study Committee on Clubhouses.

What was the sense of this Conference on the matter of solicitation of outside funds for clubhouses?

The matter was referred to the Special Study Committee on Clubhouses which is to report in 1961.

(All Conference Committee Reports Adopted Unanimously)

AGENDA**REPORT OF THE AGENDA COMMITTEE**

The Committee reviewed the 1960 Agenda and recommends the continuance of a similar agenda. During the coming year, the Committee will review proposals and advise G.S.O. appropriately.

On behalf of all Delegates, the Committee expresses sincere appreciation to Lyb Symington and Hank Grieme for their efforts in making the 1960 Conference a success.

ADMISSIONS**REPORT OF THE CONFERENCE COMMITTEE ON ADMISSIONS**

The Committee reviewed the request of the Ontario General Service Conference Committee for a Third Delegate to serve the North and North-West Section of the Province of Ontario and, neither approving nor disapproving, referred it to the Board of Trustees and its Policy Committee to study, with particular regard to the geographic needs in all States and Provinces, and to report back to the 1961 Conference. The Committee requests that the General Service Board keep it advised of the study's progress during the year.

REPORT AND CHARTER**REPORT OF THE COMMITTEE ON THE CONFERENCE REPORT AND CHARTER**

The Committee on the Conference Report and Charter met and selected a Chairman from among members attending the Conference for the second year.

The Committee recommends that the first draft of the 1960 Conference Report be referred to the members of this Committee for their consideration, suggestions, and corrections when it is completed.

This draft of the report will then be returned within a week from the time of the Committee's thorough review of it, so that the mailing of the final Report will not be delayed in reaching all Conference members.

FINANCE**REPORT OF THE CONFERENCE COMMITTEE ON FINANCE**

The Committee expresses appreciation that for the first time in many years the Budget this past year was met by the voluntary contributions of individual members and groups throughout the world.

The Committee recognizes that we ought not be complacent but that we continue to suggest \$3.00 per member per year as the yardstick for group contributions, bearing in mind that some areas of service can be expanded if we continue to increase our group contributions.

The Committee suggests that this might best be accomplished by:

1. Continued effort on the part of the Delegates, Committeemen and GSRs to enlighten the members of their groups as to the need for, and the services rendered by, our G.S.O. which could not be done by individual groups or members.
2. By thanking and complimenting those groups already contributing their share.
3. By offering to groups having difficulty, the suggestions and plans of groups participating in the Legacy of Service. Participation creates a sense of unity otherwise impossible.
4. By recognizing that each local area may find a different method successful in stimulating contributions to G.S.O.
5. By reminding the groups that it is helpful to G.S.O. to have contributions quarterly or even monthly, rather than waiting until the end of the year.

The Committee recommends the adoption of the Budget for 1960 submitted by the General Service Board's Budget and Finance Committee.

LITERATURE**REPORT OF THE CONFERENCE COMMITTEE ON LITERATURE**

Following are recommendations and comments of the Conference Committee on Literature:

1. In view of the importance of communicating the A.A. message to non-English speaking alcoholics in many lands, the Committee recommends that A.A. World Services undertake a thorough study of the immediate and long-range needs for A.A. literature in languages other than English.
Pending completion of this study and the submission of detailed recommendations at the 1961 Conference, the Committee recommends that A.A. World Services undertake such additional translations of Conference-approved literature as may be deemed immediately necessary and financially feasible.
2. The Committee acknowledges with gratitude and refers to A.A. World Services for final consideration the offer of groups in Puerto Rico to make available to other Spanish-speaking members a pamphlet, now in preparation, which will contain Spanish translations of excerpts from existing Conference-approved literature.
3. The Committee believes that groups which undertake to translate Conference-approved literature, or to prepare special non-English literature for local use, would welcome an opportunity to have such material reviewed by A.A. World Services to assure accuracy in transmitting the message of the A.A. recovery program.
It is therefore suggested that the availability of this G.S.O. service be publicized in the *Exchange Bulletin* and that interested groups be encouraged to use this service.
4. Recognizing that the material compiled by the *Study Committee on Outside Agencies* will be distributed in mimeographed form shortly after the Conference, the Literature Committee recommends that the material be considered as incomplete, so that additional supplements may be added as the need for them is manifested.
5. The Committee reaffirms the need for the pamphlets approved by the 1959 Conference, namely: for the Clergy, the Inmate, a revision of *Young People and A.A.* and *The Alcoholic Employee*.

TRUSTEES**REPORT OF CONFERENCE COMMITTEE ON TRUSTEES**

The Committee recommends unanimously the adoption of the Report of the Nominating Committee of the General Service Board.

The request of the Delegate from Southern California, Los Angeles Area, for two permanent members of the Board of Trustees for the area West of the Rocky Mountains was not looked upon favorably by the General Service Conference Committee on Trustees. However, it is recommended that this matter be referred to the Committees on Policy and Nominating of the Board of Trustees for further study and report at the 1961 Conference.

1960 CONVENTION**REPORT OF THE 1960 CONVENTION COMMITTEE**

Plans in general for the 25th Anniversary Convention to be held in Long Beach, California—July 1, 2, and 3, were reviewed and suggestions requested.

It is hoped that each Delegate will attend and also disseminate information concerning programming and Host Committee activities to their areas.

ADVISORY ACTIONS

(All Conference Committee Reports Adopted Unanimously)

AREA DELEGATES

REPORT OF THE "AREA DELEGATES ONLY" MEETING

Following are the actions and discussions taken at the Tenth General Service Conference's "Area Delegates Only" Meeting:

1. A Hospitality Committee for the 1961 Conference was selected:

Bob Weaver, Western Michigan
Jack Briscoe, Montana
Betty Traquair, S. & S. W. Ohio
Helena Smith, Western Massachusetts
Don McMullin, Atlantic Provinces
Al Ries, San Diego, California

2. It was moved, seconded and approved that the selection of the 1961 "Area Delegates Only" Meeting Chairman be drawn from a hat. The name of Norman Moore, Rhode Island, was selected.
3. A suggestion was made that consideration be given to listing contributions by Delegate areas rather than by States or Provinces, to provide a more realistic record of support of A.A. World Service. It was noted that if this were done, Delegates would be required to send to G.S.O. a listing of all groups in their areas.
4. A request was made that another copy of the leaflet, "Inside A.A.", be sent to all Delegates.
5. Delegates were reminded that G.S.O. has available material that may be useful to areas when opportunities arise to present the story of A.A. on radio and TV.
6. It was felt that Delegates should emphasize the importance of informing groups in their areas of the specific ways in which G.S.O. uses group contributions to carry the story of the A.A. recovery program to alcoholics throughout the world.
7. The Delegates recorded their thanks to Lyb Symington for her work over the year in connection with the Conference.
8. General Service Office Reports, as presented; were approved.

POLICY

REPORT OF THE CONFERENCE COMMITTEE ON POLICY

The Committee had no new material referred to it by the Conference.

The members of the Committee do, however, wish to urge upon the groups careful consideration of the decision of the Board regarding the disposition of club property, as stated in the report of the General Service Board Policy Committee.

The Committee recommends that the Conference commend to the Board of Trustees the pursuance of the plan of making a documentary A.A. film for sale to A.A. groups and for use by other interested people at a cost to the General Service Board not to exceed \$7500; it is further recommended that the plan include provisions for control of the script and for exclusive sale to the groups and others approved by the General Service Board.

GRAPEVINE

REPORT OF THE CONFERENCE COMMITTEE ON THE GRAPEVINE

The Grapevine Conference Committee recommends:

1. Adoption of the "share" or "quota" plan requested by the N. E. Ohio Grapevine Representative Committee for increasing Grapevine circulation for the coming year, by a minimum of 5,000 new subscribers. The percentage of each state's responsibility is shown on the Grapevine circulation breakdown included in the Delegate's portfolio. Additional copies are available. The "starred" states, while they have already attained their share of this program, are urged to raise their percentage of subscribers beyond the present number.
2. That due to the success of the N. E. Ohio Area program accepted by the Conference last year, all states be urged to participate actively in this plan, i.e. to appoint a Grapevine Representative at the State or Area level responsible for establishing Grapevine Committees to work with groups or Areas, depending on the needs of the particular Delegate's State or Area Representative, subject only to the (advice and) approval of their local State or Area Committee.
3. The continuance of maintaining an "informative attitude" in all Grapevine presentation plans, rather than "hard sell" promotion.

The Grapevine Editorial Office will continue to supply display material to all State and Area Conferences and will add new material as needed.

The Committee also wishes to commend the outstanding work done by the Grapevine Editorial Board (all volunteers), in helping to make *A. A. Today* such a success.

OUTSIDE AGENCIES

REPORT OF THE SPECIAL STUDY COMMITTEE ON RELATIONS WITH OUTSIDE AGENCIES

The following actions were taken by the Committee:

1. The Committee approves the questions and answers as revised on April 22, 1960 and recommends that this Fact File be made available to groups in loose-leaf form.
2. The Committee refers the final draft of this Fact File to the Literature Committee for such action as it may wish to take in the publication of a pamphlet.
3. The Committee recommends to the Conference that it authorize another Study Committee which will report to the 1961 Conference any essential revisions or additions to the currently approved Fact File.
4. The Committee wishes to commend its Secretary, Beth Kuhlmann, for her excellent work in compiling the current questions and answers.

TRUSTEES OF THE GENERAL SERVICE BOARD

April, 1960

NON-ALCOHOLIC TRUSTEES

MR. FRANK GULDEN Elected to the General Service Board in October 1950. He is a Director of Charles Guldén, Inc., the mustard company. He is well known for his philanthropic enterprises, and is presently President of the Southside Hospital, at Bayshore; Chairman of the Executive Committee of St. John's Hospital in Brooklyn; and Vice President of The Boys Club of New York.

MR. LEONARD V. HARRISON (Chairman of the General Service Board and Chairman of the General Service Conference). First came on the Board in 1941 and, with the exception of his retirement from October, 1950 to January, 1953, has been continuously active in A.A. affairs. For many years he served as Director of Public Affairs of the Community Service Society in New York City. Now retired, Mr. Harrison lives in Old Lyme, Connecticut.

DR. JOHN L. NORRIS (Chairman of the Nominating Committee of the General Service Board). Elected to the General Service Board in January, 1951. He is Medical Director of Eastman Kodak Company in Rochester, New York and has contributed much to the understanding and rehabilitation of alcoholics by both industry and community agencies.

MR. ARCHIBALD B. ROOSEVELT (Treasurer of the General Service Board and Chairman of the Board's Finance and Budgetary Committee). Elected to the General Service Board in January, 1953. He is a partner in the investment firm of Roosevelt and Cross, Inc., and is well known for his interest in philanthropic affairs.

MR. BERNARD B. SMITH Elected to the General Service Board in June, 1944, and has been very active in support of A.A., serving as Chairman of the General Service Board and of the General Service Conference from January, 1951 to April, 1956. An attorney and author, he has made outstanding contributions in the cause of Anglo-American understanding. In October, 1957 he received a decoration, Honorary Commander of the Order of the British Empire, from the hands of Her Majesty, Queen Elizabeth II, during her visit to the United States.

DR. HARRY M. TIEBOUT Elected to the Board in April, 1957. He was the first psychiatrist to recognize the work of Alcoholics Anonymous and to use A.A. principles in his own practice. In the early days when A.A. was little known, he was instrumental in having Co-Founder Bill W. speak before the Neurology and Psychiatry section of the Medical Society of the State of New York, and before the American Psychiatric Association. He has written many notable articles, among them, "The Ego Factors in the Surrender of Alcoholism".

PROFESSOR HARRISON M. TRICE. Elected to the General Service Board in April, 1957, serving on the Board and Literature Committee with great enthusiasm. He is an Associate Professor in the School of Industrial and Labor Relations at Cornell University.

MR. L. IVAN UNDERWOOD. Elected to the Board in January, 1955. He is a vice president in charge of the export activities of Republic Steel Corporation, traveling a great deal and visiting A.A. overseas. Through his efforts A.A. Publishing, Inc. obtained translations of "A.A. and the Medical Profession" in French and in German.

A. A. TRUSTEES (One Vacancy)

CHARLIE BROWN. Elected to the Board in April, 1957, following nomination by the A.A. Groups of British Columbia. He is a real estate broker in Vancouver, a member of the Vancouver Board of Trade, and for the past two years has lectured on real estate at the University of British Columbia. He was the first A.A. member in Vancouver in 1944. He has served as a Delegate to the General Service Conference.

PAT CRONIN. Elected to the Board in April, 1959, following nomination by the A.A. groups of Minnesota. He was the first A.A. in Minnesota, in 1940, and started the first group in the Twin Cities in 1941. He is Director of Pioneer House, a rehabilitation center in Minneapolis, and is presently serving on the Mayor's Committee on Alcoholism. He served as Delegate from Southern Minnesota to the General Service Conference in 1951 and 1952.

SUMNER CAMPBELL (Director and Treasurer of A.A. World Services, Inc.) Elected to the General Service Board in April, 1959, having served as a director of A.A. World Services, Inc. since May, 1957. He is sales manager for a manufacturer's representative, selling toys and housewares. He took his last drink on December 7, 1945, has been active in A.A. in the New York Area and has served as Treasurer of the A.A. Intergroup Association of New York City.

JOHN P. LEE (Chairman of General Service Board's Policy Committee) Elected to the General Service Board in April, 1957, following nomination by the A.A. groups in Pennsylvania. He has had twenty uninterrupted years of sobriety, and has served as Chairman of the Steering Committee of the A.A. Central Office in Philadelphia. He is currently Secretary of the Office of Health & Welfare in the Board of National Missions of the Presbyterian Church in the U.S.A. and Executive Secretary of the National Presbyterian Health & Welfare Association.

***HERBERT A. MORSE** (Chairman of the General Service Board's Public Information Committee and Study Committee on A.A.'s Relations with Outside Agencies and a Director and Vice Chairman of A.A. World Services, Inc.) Elected to the General Service Board in January, 1956. He is a partner in Herbert A. Morse Associates, Marketing Consultants. He joined A.A. in 1944 and served as Vice President of the Intergroup Association of New York City. He was elected to the Board of A.A. World Services, Inc. in August, 1954 and has served as a Director since then.

***Term expires April, 1960. Will be replaced by Trustee Nominee: ALLAN BACHMAN** (Director of A.A. World Services, Inc. and Member of General Service Board's Public Information Committee). He is Executive Vice-President of the National Better Business Bureau and the author of several books and a number of articles on business subjects for business and trade magazines. He joined A.A. in 1947 and is still an active member of the Stamford, Connecticut, group. He served as President of the New York Intergroup Steering Committee from June, 1956 to July, 1957.

ALFRED STECKMAN (Director of the A.A. Grapevine and Chairman of the General Service Board's Literature Committee). Elected to the General Service Board in April, 1958. He is Vice-President in charge of International Division, Fletcher Richards, Calkins & Holden, Inc., advertising agency, in New York City. He has been in A.A. for sixteen years and served as Secretary and Director of the New York Intergroup Association from 1945 to 1946. He served as Editor of The A.A. Grapevine from 1948 to 1952 and as a Director of A.A. World Services, Inc., from 1949 to 1951.

RICHARD A. STEVENS (Secretary of the General Service Board and Chairman and Director of the A.A. Grapevine). Elected to the Board in April, 1957. He is an account executive and media supervisor for Fletcher Richards, Calkins & Holden, Inc., an advertising firm. He has been continuously active in A.A. for 17 years and served as a Director of A.A. World Services, Inc. from November, 1955 to May, 1947, and as Business Manager of the A.A. Grapevine from 1941 to 1946. He also served as Treasurer of the New York Intergroup Association.
