

FINAL REPORT
Twelfth General Service Conference
of
Alcoholics Anonymous

Roosevelt Hotel, New York City

April 25 - 29, 1962

ISSUED BY ALCOHOLICS ANONYMOUS WORLD SERVICES, INC., SOLE
PUBLISHING AGENCY OF THE SOCIETY OF ALCOHOLICS ANONYMOUS.
APPROVED BY THE GENERAL SERVICE CONFERENCE OF A. A.

TRADITIONALLY, ALL MEMBERS HAVE THE RIGHT OF ACCESS TO INFORMATION ABOUT ALL PHASES OF A. A.'s GENERAL SERVICES. THIS REPORT IS DESIGNATED AS "CONFIDENTIAL" ONLY BECAUSE CERTAIN MEMBERS ARE NECESSARILY IDENTIFIED BY NAME. THE "CONFIDENTIAL" DESIGNATION IS DESIGNED TO ASSURE THE PERSONAL ANONYMITY OF SUCH MEMBERS AT THE PUBLIC LEVEL.

*Individual A. A. members may order copies of this report,
through their G. S. R. or other group officers*

\$1.00 per copy

1962 Conference At A Glance

The Delegates:

TWELVE CONCEPTS

Accepted Bill's long-awaited manuscript on "Twelve Concepts for World Service" and recommended that it be distributed initially as a supplement to, and eventually as an integral part of, the Third Legacy Manual.

TRUSTEE RATIO

Reaffirmed, by a 72-to-36 vote, decisions of earlier Conferences that the principle of having a majority of non-alcoholics as Trustees of the General Service Board should be retained. (The present ratio is eight non-alcoholics to seven members of A.A.)

ENLARGEMENT OF G. S. B.

Approved, 87 to 20, recommendation of the Trustees that steps be taken to enlarge the General Service Board through the addition of two non-alcoholic Trustees and two A.A. Trustees, the latter to be selected in accordance with a regional electoral plan.

INFORMING THE GROUPS

Recommended that a special pamphlet containing the following materials be prepared and distributed to Delegates and Area Committeemen: (1) Seven recommendations by Bill for strengthening the General Service Board for future services; (2) Comments by the Trustees on Bill's recommendations, and (3) A "minority report" by Bill, analyzing the Trustees' comments.

TRANSLATION PROGRAM

Reaffirmed the importance of an adequate program of literature translations in making A.A. available to alcoholics in non-English-speaking countries and approved continuance of a special fund for this purpose.

QUEBEC REQUEST

Approved, provisionally, the request from the Province of Quebec, Canada, for an additional Delegate who would in effect represent the many French-language groups in the Province. Final approval of this request will be based in part on procedures outlined in the 1957 "Guide for future Admission Committees."

A. A. EXHIBIT

Approved the suggestion that use of A.A. displays prepared for professional groups not be restricted exclusively to showings at meetings of national associations.

"OVERSEAS" PAMPHLET

Approved preparation of a basic pamphlet including appropriate information designed to help groups get underway overseas, and translation of this pamphlet into languages in which the need for such material is most urgent.

THE FELLOWSHIP OF A. A.

Based on reports to G. S. O., Spring 1962

	Groups	Members
United States....	6,208	109,923
Canada	876	12,554
Overseas	1,274	22,510
In Hospitals	445	10,778
In Prisons	502	20,451
Internationalists	—	258
Lone Members	—	471
Totals	9,305	176,474

(Including "non-reported" members, actual membership is estimated at 300,000)

CONFERENCE EXPENSE

Decided to maintain for the time being the ceiling of \$100 for the amount to be contributed by each Area to defray travel expenses of Delegates attending G.S. Conferences in New York. (Although it had been suggested that the ceiling be raised to \$150 to reduce overall G.S.O. Conference costs, it was felt that such a move might work a hardship on Committees in "developing" Areas.)

1965 CONVENTION

Rejected a proposal that the 1965 General Service Conference be held in Toronto, Canada, in conjunction with the 30th Anniversary Convention of A.A. scheduled in July, 1965.

DELEGATES TRAVEL

Asked the General Service Board to investigate the savings that might be obtained by limiting air travel allowances for Conference Delegates to the cost of jet tourist accommodations where such service is available.

DIRECTORY POLICY

Approved four specific procedures designed to improve the utility of the A. A. World Directory as an aid to members and groups.

LONER SPONSORSHIP

(Eve M.)

There are approximately 500 Loners, over half of whom are located overseas. A special "Loners Meeting" bulletin is compiled each month and mailed to all of them. Special listings of new Loners registered each month are distributed to those interested in serving as "Loner Sponsors". There are presently 75 such sponsors listed who help to maintain lines of communication and correspondence with Loners throughout the world. But there is now a great need for Loner Sponsors who can "share our experience, strength and hope" in languages other than English.

OUTSIDE AGENCIES

Recommended that Delegates, while adhering to the traditional principle of "Cooperation, Yes—Affiliation No," establish lines of communication to directors of State and Provincial alcoholism programs.

Approved continuation of the policy whereby the Public Information Committee of the General Service Board maintains informal contact with representatives of other agencies concerned with the problem of alcoholism.

BIRTHDAY PLAN

Approved continuance of the successful Birthday Plan for supplementary support of World services. (Under this plan, members are invited to contribute \$1.00 per year for each year of sobriety up to a maximum of \$10.)

INTERNATIONALISTS

Approved a proposal that will permit "Internationalist" (seamen) members of A.A. to have a non-voting Observer at future General Service Conferences.

GRAPEVINE

Recommended that the groups consider procedures whereby subscriptions to "The A.A. Grapevine" would be entered automatically for all new members, regardless of their immediate ability to pay.

Recommended that retiring Delegates be encouraged to become Grapevine representatives, with particular reference to the need for recruiting additional Grapevine representatives.

TRUSTEES

Recommended that A.A. members who may be nominated for service on the General Service Board have a minimum of ten years of sobriety, in addition to other appropriate qualifications.

OUTSIDE CONTRIBUTIONS

Recommended that the General Service Board, in following the traditional policy of declining "memorial" contributions from non-members limit its standard letter of declination to an expression of gratitude and a statement of A.A. tradition on such matters.

CONTRIBUTIONS YARDSTICK

Reaffirmed and recommended the continuance of the present contributions yardstick of \$3.00 per year per member for support of world services.

DELEGATES' CHAIRMAN

Vince S. of Minnesota chaired the Area Delegates Only meeting this year. Mac C. of Saskatchewan, Canada, will be chairman of the meeting in 1963.

THE SENSE OF THE CONFERENCE

'One Primary Purpose' And Deep Devotion To Concept of Unity Dominated Meeting

There is no question but that the Twelfth General Service Conference of A. A. had an impressive theme.

"One Primary Purpose!" the advance agenda proclaimed.

"One Primary Purpose!" cried the banner-posters, in tall letters confronting each Delegate as he faced the speaker's table. "One Primary Purpose!" echoed through the high-ceilinged meeting room of the Roosevelt Hotel as speaker after speaker rose to declare, explain, persuade, reassure—and, yes, to question.

But there is a subtle difference between a Conference theme and the expression of what might instinctively be recognized as the pervading spirit—the essence—of the still, small thoughts—that most profoundly motivate a unique assembly of common human beings who have created a unique society.

"One Primary Purpose" was the *rallying call*, summoning those who serve and love A. A. to gather in unity and to perform a task to which we appear providentially appointed: helping alcoholics.

Different Paths To Unity

But different men use different paths and different vehicles to reach the high ground of unity. Some move confidently and swiftly along their chosen paths, so confidently and swiftly that brothers are left behind. Others choose, or are diverted to, paths that are less direct, traversing rough ground. And a few, by choice, move cautiously, not because they lack certainty that the high ground is worth attaining but out of the hope that, by advancing slowly, they may increase the company of those who will ultimately attain the summit.

Dedication to A. A.'s primary purpose was not lacking among the 1962 Delegates. But there was more. There was recognition that we are indeed one company moving toward one house, that not all among us will move at the same rate and that we may well be instructed by a humbling paradox. And that is the paradox of the stragglers who may perform more good works along the road than the swift runners who look toward distant spires but do not always see the outstretched hand of a brother who needs help.

There was another aspect of this Conference, faintly but pervasively sensed, that seemed to set it apart from earlier assemblies.

That was the feeling that the 1962 Delegates—in fact, all participants in the Conference—recognized more clearly than ever before that the roads to unity are not once-traveled highways but paths that we in A. A. will probably have to cover again and again as long as our Fellowship endures.

That old questions rise again to challenge our passage over routes where we thought all barriers to unity had been removed should not disturb us. Nor should we be dismayed by voices urging us in new directions.

The Sounds of A. A. at Work

The sounds of men and women forging the tools for a new way of life are many and they are varied. Some are the tones of leadership, even when no human leadership is needed in the presence of compelling spiritual forces. Some are the voices of those would reassure themselves, and perhaps others, that they possess the only true tools. And some are the voices of dismay that a job once done must be undertaken anew.

Yet who is to say of these sounds that the formalism of a parliamentarian, the tense conviction of the special pleader, or the eloquent pain of one whose desires have been ignored or rebuffed . . . who is say that each of these does not, in our Fellowship, mask a common prayer for light and understanding and wisdom?

In the light, all paths are shorter. And seeking understanding, the door to wisdom can be opened.

Such gifts come to those who can hear the prayer in another's heart above other sounds that would distract him.

That there were such prayers during the 1962 Conference, that they were heard, and that they will speak to the future with authority greater than all the words recorded in this report, can hardly be doubted.

Was this not, perhaps, the true sense of the Conference?

THE FUTURE BELONGS TO YOU, BILL TELLS DELEGATES

"The future belongs to you," Bill W., surviving co-founder of A. A., told Delegates to the 1962 Conference in a special message pointing out that the meeting "opens a somewhat new era in our affairs."

"Since all my main service tasks are now complete," Bill declared, "It seems right that my primary and long-held responsibility for our world operation ought to end with this session. This should be the final step in placing A. A. wholly on its own."

Bill recalled that his and Dr. Bob's actual first steps away from "active parenthood" of A. A.'s old-timers had been taken in 1946, with publication of the Twelve Traditions.

The second step, he said, was taken in 1951 with the experimental formation of the General Service Conference.

The third and last step, "though a lesser venture," is bound to be a turning point of considerable importance, Bill wrote. "It means that I should now finally and fully transfer the remainder of my primary world service leadership to A. A.'s Trustees."

The "Twelve Concepts for World Service" had been prepared in preparation for this event, Bill declared.

He noted that certain "Recommendations" in an appendix to the manuscript had been "considerably questioned" by some friends among the Trustees and at G. S. O.

"This is fine and should cause no concern at all," Bill declared. Similar situations in the past had resulted in "nothing but good for A. A.," he recalled.

Tribute To Conference Structure

Bill paid tribute to the Conference structure as "this wonderful organ of consultation and action" whose wisdom and effectiveness had been proved by the time of the St. Louis Convention in 1955 when the movement adopted the Conference Charter.

"We knew then that A. A. could, and would, look after all its affairs," he said. "Another step had been taken—away from the earlier management and stewardship of A. A.'s old-time members."

In line with his desire to "let the Conference function quite on its own," Bill took only a minor part in Conference deliberations this year. He was present at many Conference sessions, however, and shared his experience and counsel freely with the Delegates in informal gatherings.

Addressing the Conference at its closing session Sunday, Bill told the Delegates: "I think it is altogether probable that I have enjoyed this Conference more than anybody here, and that I have a higher confidence in its future than anybody here. That is not because of any superior perception; it is simply because of a longer experience."

Bill reminded the Conference that Step Four of the A. A. Program—dealing with "the inventory of defects, the inventory of assets, the inventory of our needs"—is rooted in realism and willingness to face the facts of life, "and if this step is not practiced in our personal affairs, our chances are slim and very often tomorrow is a new day and a new beginning—but the beginning

of getting over a fresh bender, whether on alcohol or a dry one."

Bill said he had seen the Fellowship "consider its needs" on occasions where the decision was one of "life or death for this Society." This process, he said, has never been a pleasing or inspiring one, "any more than Step Four is."

"When the decision to publish the Big Book was taken, when—out of trouble rather than joy—A. A. Tradition was forged, when—out of infinite debate—this Conference came into being, we were trying to look realistically at our needs. And, quite contrary to the views sometimes expressed, this is a healthy process."

"This is the root of our therapy. Inside us, in our groups, and with A. A. as a whole, the root is self-survey to see where we stand and what we yet need."

'Let Us Cast Aside Our Fears'

"I come here with joy that this process is again going on here in the conscience of A. A. as a whole. I come here in utter confidence that, under God's grace, we shall grow as a result. We shall grow, I think, because we shall keep on trying in no fear and, hopefully, in good cheer and good humor, because that lightens the trial. I think this is what we are going to do, today and in all the years that God may need this Society. And since I have seen his happen when survival was at stake, I know it is going to happen when we consider just a few improvements. Whether the agreement is with me or somebody else, the right thing will be done because, under far graver conditions and under God's grace, it has always been done."

"So let us cast aside our fears. Let us trust each other, and wait upon these outcomes."

Tribute To Service Associates

Bill spoke movingly of his gratitude for what A. A. has meant to him: "Gratitude for such endowments as came to me from my experience that could be made of use to others, gratitude for your unchanging love, gratitude for your forgiveness of my many follies, gratitude for these priceless associations that have been mine among old-timers and new—and especially to my associates in this world effort."

The surviving co-founder noted that the responsibilities of World Service operations "put some very special strains on us who are in it every day." Therefore, he commented, "I pay the more tribute to my associates, who might have been any of you, because under these more trying conditions their dedication to this world effort is something without parallel."

Referring to his oft-expressed wish "to be made a member of this Society," and to the completion of his main service tasks, Bill declared: "Please know that I shall be among you, that probably half of my time will be with more humble concerns. I am not leaving; I am simply changing my stance. The deep instinct of the A. A. group has long since convinced us that, with each founder and each old-timer, the error of 'father knows best' must end. This is for the good of the growing group, and for his own good."

GOOD OF THE MOVEMENT ALWAYS THE HIGHER GOAL OF DEBATE, DR. NORRIS SAYS

The "good of the movement" as expressed by the group conscience of A. A. has consistently been the higher goal of all discussions since the formation of the General Service Conference. Dr. Jack Norris, Chairman of the General Service Board, recalled in his talk on "The Conference—past, Present and Future." Dr. Jack was Conference Chairman.

"As I have worked with A. A. and with alcoholics, I have been continually impressed with the wisdom inherent in the Twelve Steps and in the Twelve Traditions, and with the development of the Conference itself, the way it is organized, the way it works, the way in which we have insisted on substantial unanimity," he said. "Many times I have considered how much better off all of us in the world could be if our governments could function in this way."

Recalls First Meeting With Bill

The G. S. B. chairman, Medical Director of Eastman Kodak Company, recalled his first meeting with Bill W. in Rochester, N. Y. during the early days of A. A. when the co-founder spoke at a large open meeting.

"The audience, nearly all of whom felt that they literally owed their lives to Bill, and who would have given him anything he cared to ask for, were amazed to hear this man stand up and say, 'I was wrong,' in describing some of internal debates when the movement was first getting underway."

This is part of the story, Dr. Norris said, of development of A. A.'s Second Tradition: "For our group purpose there is but one ultimate authority . . . a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants . . . they do not govern."

Dr. Norris' comments preceded the Conference session in which Delegates were scheduled to consider proposals to change the present ratio of nonalcoholic and A. A. Trustees. With this in mind, the Board chairman reminded the Conference that the non-A. A. Trustees, who have traditionally constituted a majority, did not feel that they had a vested interest in their positions.

"Here To Serve You"

"The non-A. A. Trustees are here to serve you so long as you feel that we are serving a useful purpose for the good of the movement," he said. "None of us will feel that we are not being appreciated if you decide that the non-A. A.'s, in any relationship, are no longer needed."

Dr. Norris said that one of the major satisfactions stemming from his association with A. A. had been the fact that, as a physician, he had been able to have "just a small part in the recovery of many people." He said that he was "acutely aware" of the fact that this could not have happened "had I not been introduced to A. A. by some of you."

THE LEADERSHIP IMPLICIT IN THE STEPS AND THE TRADITIONS

Apart from the "spiritual leadership" provided in A. A. by Bill and Dr. Bob as co-founder, the movement's leadership in the future should derive from the Twelve Steps and Twelve Traditions, Bernard B. Smith, former (non-alcoholic) chairman of the General Service Board, suggested to the Delegates.

Mr. Smith, whose 18 years' membership on the Board represents the longest term of continuous service among the Trustees, spoke with Dr. Norris, the present Trustee chairman, on "The Conference—Past, Present and Future." Mr. Smith had been one of the early supporters of the idea of forming the General Service Conference at a time when few others in the movement shared Bill's concern over the importance of establishing linkage between the groups and the Board.

"The Only Reliable Leadership"

"The leadership implicit in the Twelve Steps and Traditions can be the only reliable leadership for the future, in my opinion," Mr. Smith said. "We must be careful to see that personal leadership does not develop through any act or deed on our part. I would trust in Divine Providence, feeling that, if one day the Steps and Traditions should not suffice, a new spiritual leadership may come forward. But I would rather hope that these great principles that are in your custody will be enough."

There is an obligation to insure that "this sturdy spiritual instrument called A. A." is never dulled, Mr. Smith declared. "We owe an obligation to so believe and so conduct the affairs of this Society that this instrument will be here a hundred and a thousand years from now. We must make certain that we insulate A. A. from damage, that we do nothing that may injure

it. This Conference exists, above all, to insure that this way of life remains intact."

Mr. Smith recalled a portion of his closing remarks as chairman of the 1952 Conference:

"What we do here, and what we have done here, great as it has been, is not nearly or remotely as important, in my judgment, as the fact that we are here. For it is the existence and preservation of this General Service Conference that is vital.

" . . . The most important decisions that were here made were decisions to table decisions. To me, that had a very, profound implication. For here, unlike any political group, we seek not compromise but certainty . . . If we think of that concept, we will not fail, we will not err. We will be right and we will never, I trust, be wrong."

"Our Strength Is In Our Humility"

Mr. Smith closed with a moving statement of his belief that strong personal leadership was not needed in A. A.

"I believe the leadership will remain where Bill and Dr. Bob put it, in the Steps and Traditions. We are not going to get any stronger with strong personal leadership. For our strength is in our humility, our joy is in the giving of ourselves in the service of others and our leadership comes from our faith in the Twelve Steps and Twelve Traditions. Ours is a daring vision of spiritual health and sanity in a sick and angry world. Let us ever be true to this vision, for we in A. A. have indeed given it reality."

CONFERENCE ACCEPTS BILL'S TWELVE CONCEPTS FOR WORLD SERVICE

In a historic action that may have far-reaching significance for the Fellowship of A. A., the 1962 Conference voted unanimously to accept Bill's manuscript on "Twelve Concepts for World Service" on which the Society's surviving co-founder has been working for several years.

Bill had kept previous Conferences advised of progress on this work and specific references to it appear in Final Reports of earlier annual meetings of Delegates. All members of the 1962 Conference as well as hundreds of other members selected for their special experience in world service matters, reviewed the manuscript in various stages and made helpful comments and suggestions.

Following are The Twelve Concepts as they appear in the chapter headings of Bill's manuscript:

1. The final responsibility and the ultimate authority for A. A. World Services should always reside in the collective conscience of our whole Fellowship.
2. When, in 1955, the A. A. Groups confirmed the permanent Charter for their General Service Conference, they thereby delegated to the Conference complete authority for the active maintenance of our World Services and thereby made the Conference—excepting for any change in the Twelve Traditions or in Article 12 of the Conference Charter—the actual voice and the effective conscience for our whole Society.
3. As a traditional means of creating and maintaining a clearly defined working relation between the Groups, the Conference, the A. A. General Service Board and its several service corporations, staffs, committees and executives, and of thus insuring their effective leadership, it is here suggested that we endow each of these elements of World Service with a traditional "right of decision."
4. Throughout our Conference structure, we ought to maintain at all responsible levels a traditional "right of participation," taking care that each classification or group of our world servants shall be allowed a voting representation in reasonable proportion to the responsibility that each must discharge.
5. Throughout our World Service Structure, a traditional "right of appeal" ought to prevail, thus assuring us that minority opinion will be heard and that petitions for the redress of personal grievances will be carefully considered.
6. On behalf of A. A. as a whole, our General Service Conference has the principal responsibility for the maintenance of our World Services, and it traditionally has the final decision respecting large matters of general policy and finance. But the Conference also recognizes that the chief initiative and the active responsibility in most of these matters should be exercised primarily by the Trustee members of the Conference when they act among themselves as the General Service Board of Alcoholics Anonymous.
7. The Conference recognizes that the Charter and the By-laws of the General Service Board are legal instruments: that the Trustees are thereby fully, empowered to manage and conduct all of the World Service affairs of Alcoholics Anonymous. It is further understood that the Conference Charter itself is not a legal document: that it relies instead upon the force of tradition and the power of the A. A. purse for its final effectiveness.
8. The Trustees of the General Service Board act in two primary capacities: (a) With respect to the larger matters of overall policy and finance, they are the principal planners and administrators. They and their primary committees directly manage these affairs. (b) But with respect to our separately incorporated and constantly active services, the relation of the Trustees is mainly that of full stock ownership and of custodial oversight which they exercise through their ability to elect all Directors of these entities.
9. Good service leaders, together with sound and appropriate methods of choosing them, are at all levels indispensable for our future functioning and safety. The primary World Service leadership once exercised by the founders of A. A. must necessarily be assumed by the Trustees of the General Service Board of Alcoholics Anonymous.
10. Every service responsibility should be matched by an equal service authority—the scope of such authority to be always well defined whether by tradition, by resolution, by specific job description or by appropriate charters and bylaws.
11. While the Trustees hold final responsibility for A. A.'s World Service administration, they should always have the assistance of the best possible standing committees, corporate service directors, executives, staffs and consultants. Therefore the composition of these underlying committees and service boards, the personal qualifications of their members, the manner of their induction into service, the systems of their rotation, the way in which they are related to each other, the special rights and duties of our executives, staffs and consultants, together with a proper basis for the financial compensation of these special workers, will always be matters for serious care and concern.
12. General warranties of the Conference: In all its proceedings, the General Service Conference shall observe the spirit of the A. A. Tradition, taking great care that the Conference never becomes the seat of perilous wealth or power; that sufficient operating funds, plus an ample reserve, be its prudent financial principle; that none of the Conference members shall ever be placed in a position of unqualified authority over any of the others: that all important decisions be reached by discussion vote and whenever possible, by substantial unanimity; that no Conference action ever be personally punitive or an incitement to public controversy; that though the Conference may act for the service of Alcoholics Anonymous, it shall never perform any acts of government; and that, like the Society of Alcoholics Anonymous which it serves, the Conference itself will always remain democratic in thought and action.

In presenting the "Twelve Concepts" to the Conference, Area Trustee Tom S. of Florida noted that the manuscript had been reviewed by the General Service Board, which had suggested three changes be made in the text. Tom also pointed out that the "Twelve Concepts" were not binding, but only a guide for the Fellowship.

In his introduction to his new work, Bill declares:

"The Twelve Concepts for World Service . . . are an interpretation of A. A.'s World Service structure. They reveal the evolution by which it has arrived in its present form, and they detail the experience and reasoning on which our operation stands today. These Concepts therefore aim to record the 'why' of our service structure in such a fashion that the highly valuable experience of the past, and the lessons we have drawn from that experience, can never be forgotten."

DELEGATES APPROVE ENLARGEMENT OF G. S. B.

After several hours of vigorous and frequently impassioned discussion, the 1962 Conference took the historic step of approving a recommendation of the General Service Board that will permit the addition of four Board Trustees, two of them A. A.'s and two non-alcoholics.

The action climaxed seven years of intermittent suggestions that the structure of the Board, which traditionally has had a majority of non-alcoholics, be changed. While the recommendation of the 1962 Conference will not alter the traditional ratio, the move is an outgrowth of the debate on the so-called "Trustee ratio" question.

It reflects the feeling of consistent majorities of Delegates that the present Trustee ratio pattern has served the movement well since the Board was founded and that there is no clear and present need for change.

At the same time it takes into account the recent growth in the size and complexity of the Society's structural and business affairs and the desirability of having increased Area representation on the Board.

Although it has been demonstrated repeatedly in the past seven years that the Fellowship is not receptive to the idea of having a majority of A. A. members on the Board, Bill W., the surviving co-founder, has continued to advance the principle that A. A.'s are now fully qualified to assume responsibility for their chief "custodial" agency.

Not without repeated expressions of their love and respect for Bill, the 1962 Delegate reaffirmed, 72 to 36 vote, their desire to maintain the present ratio of alcoholic and non-alcoholic Trustees. A written ballot was used.

The motion to enlarge the Board followed. Specifically, it was a motion expressing the Conference's approval of so-called "Recommendation #4" approved by the Trustees at their January, 1962 quarterly meeting, moving that the Trustees "take steps to put this program into effect."

The full text of "Recommendation #4," which includes proposals by Bill for a new electoral method to be used in the selection of Area Trustees as well as "zone realignments," follows:

"The Board agreed to:

"Adopt the following program which includes parts of Bill's Recommendations and additional steps which the Board feels will strengthen A. A. structure: (a) Change the By-laws and Certificate of G. S. B. to provide for an additional two Class A (non-alcoholic) and an additional two Class B

(A. A.) directors. (b) Adopt Bill's recommendations for a new electoral method in the selection of Area Trustees:

(1) All states or provinces of a given "nominating area" would be invited to submit candidates who could meet the current administrative requirements of the General Service Board, respecting the particular vacancy to be filled. Such nominations would be made by the several state or provincial committees of a given nominating area.

(2) At Conference time, the G. S. B. Nominating Committee, the Conference Nominating Committee, and the Delegates from the states or provinces of the "nominating area" would hold a joint meeting to select a single "area" Trustee candidate for election to the General Service Board.

(3) The G. S. B. Nominating Committee would then offer its tentative choice to this caucus. If this G. S. B. nominee could not be named by a two-thirds vote, then discussions of other candidates would be heard, after which the whole caucus would then turn to our standard Third Legacy method as the final means of making the choice. This candidate would be offered to the General Service Conference for approval, and his election to the General Service Board would follow.

(3) Adopt the principle of 6-region zoning of the U. S.

On a written ballot, "Recommendation #4" was adopted by the Conference by an 87-to-20 vote.

The preliminaries leading to this significant decision were long and complex and extended over two days of Conference sessions. Four major elements were involved:

1. Acceptance of Bill's manuscript outlining "Twelve Concepts for World Service."
2. Bill's seven "Recommendations to Strengthen the General Service Board of the Future."
3. The General Service Board's Recommendations.
4. Four proposals from California calling for changes in the structure of the General Service Board.

With the consent of the Delegates, the Conference chairman invoked the rule, adopted in prior years when similar questions were debated, calling for (1) A limit of three-minutes on any one talk by a Conference member, (2) Use of a secret ballot to decide major questions and (3) A requirement of a two-thirds majority vote for adoption of a motion.

INFORMING THE MOVEMENT

A common characteristic of all Conferences has been a scrupulous desire to keep groups fully informed on policy decisions taken by Delegates and to give "grass roots" A. A. the information required if the group conscience is to be expressed realistically.

This Conference philosophy, in fact, represents an extension of a group relations policy long practiced at G. S. O.: (1) To give the movement—directly or through group servants—maximum information without complicated detail and (2) To provide full disclosure when various alternatives to the solution of movement-wide problems have been suggested.

The 1962 Conference—having taken the significant steps of approving Bill's "Twelve Concepts for World Service," voting to retain a majority of non-alcoholic Trustees and voting to increase the number of Trustees—was diligently concerned by three factors.

One was to be sure that the movement as a whole understood what the Conference had approved (unanimously in one case and by substantial majorities in the two other cases.)

The second factor was a desire to assure the fullest possible hearing, for an important minority viewpoint, (Bill's). As the Delegates had been informed prior to, and during, the Conference, the co-founder has made seven specific "Recommendations" relating to the structure of the General Service Board.

The third factor was expressed by the Delegate who stated

his belief that the "Twelve Concepts" and Bill's "Recommendations," along with related material, should have further study by the groups "to determine the group conscience." The groups "know nothing about the 'Concepts,'" he maintained.

The discussion centering on the most appropriate way to "inform the movement" was extensive. The ultimate decisions of the Conference were:

1. To approve inclusion of the text of "The Twelve Concepts for World Service" in a revised Third Legacy Manual. Initially, the "Concepts" will be produced as a supplement for distribution with the present large inventory of Manuals. Later, the new text will be an integral part of the Manual. (Distribution will be made to Delegates and Area Committee members.)
2. To approve preparation of a pamphlet, to be distributed to Delegates and Area Committee members, containing the following: (a) Bill's seven "Recommendations" for strengthening the General Service Board, (b) The Trustees' comments on Bill's recommendations, (c) Recommendations by the Trustees on "Structure," and (d) Bill's "minority report" analysis of the Trustees' comments.

Although Bill had requested that his "Seven Recommendations" be included in The Third Legacy Manual, it was the sense of the meeting that the manual should be restricted to material already "accepted" by the movement.

FINANCES: SUPPORT OF BIRTHDAY PLAN REAFFIRMED

Like members of earlier Conferences, Delegates to the 1962 meeting showed sensitive awareness of the continuing needs to support the movement-wide world services offered at G.S.O. One session of the Conference was set aside for discussion of the so-called Birthday Plan and other plans used in the Areas to stimulate support of these vital services.

Gene K., a director of A.A. World Services, Inc., the corporate entity responsible for supervising G.S.O. service operations, reported that the Birthday Plan, recommended by the 1961 Conference, had been adopted in a growing number of Areas.

Under the Plan, members contribute \$1.00 per year for each year of sobriety (up to a maximum of \$10) on the occasion of their A.A. anniversaries. Contributions, which are considered as supplementary support of world services, may be made to a group, or directly to G.S.O., as the participant elects.

Birthday Plan contributions more than doubled last year, from \$2,930 to \$6,470, Gene reported. He noted, however, that contributions (group) had also increased by more than \$5,000 in the same period.

Paul M., Kansas Delegate, whose Area ranked fourth highest in total amount of B. P. contributions, said the Plan had appeared to be more effective in rural areas than in metropolitan areas. He suggested this might be remedied through use of "B. P. chairmen" in the larger groups.

The Delegate from Chicago, George G., presented a detailed report on operations of a special plan in his Area. This plan involves use of a special container distributed to Area groups wishing to contribute systematically to support of world services.

The Conference recommended continued use of the Birthday Plan.

Mac C., Saskatchewan, Canada, Delegate, reported that his Area raised funds for support of world services by holding a banquet to which the admission charge was \$1.00 per year for each year of sobriety up to a maximum of \$10. The banquet netted approximately \$250 for G.S.O., Mac said.

In other advisory actions relating to finances, the Conference reaffirmed the current "contribution 'yardstick'" of \$3.00 per member per year and approved continuation of the \$5,000 fund established last year to support the literature translation program.

The Conference discussed, but did not approve, a proposal to make the Areas responsible for the first \$150 of a Delegate's travel expense, rather than for the first \$100 of such expenses, as has been the procedure since the Conference was formed. The prevailing feeling was that the proposed change might work a hardship in certain "developing" A.A. Areas.

At the same time the Conference suggested that the General Service Board evaluate the savings that might be effected if Delegates were required to use jet tourist air accommodations, when this class of air service is available in an Area.

REVIEW OF WORLD DIRECTORY POLICY

The G. S. O. is constantly trying to improve the utility of the A. A. World Directory as an aid to members and groups. Staff member Anita R. sought Conference guidance on four policy proposals concerning the style and content of future Directories:

1. Should G. S. O. continue to carry the membership census of a group in the World Directory when it is known that such membership duplicates membership of other groups? It was the sense of the meeting that this problem was taken care of in the 1962 Directory by giving groups the opportunity to use "x" for group membership to indicate that all members are included in other group counts. Breakfast Groups, Women's Groups, Court Groups, etc. are typical of those that have avoided membership duplications by using "x".

2. Should groups that have been formed to provide sponsorship for transient alcoholics be moved from listing with regular groups and shown in the Directory under the heading: Special Meetings?

The Delegates favored the listing of Municipal Court meetings under "Special Meetings" with "x" as the membership. In regard to Salvation Army and similar facilities, the feeling seemed to be that well established A. A. groups meet-

ing regularly and not carrying the name of the facility be listed as regular groups. If meetings are known to have transient attendance and are using the name of the facility, they ought to be listed under "Special Meetings".

3. Should G. S. O. Staff continue to be guided by the general policy and definition of an A. A. group that appears on the front of the World Directory?

The Delegates favored continuing this policy. Even though some groups may not practice the traditional A. A. program in the beginning, we should be guided by "group autonomy," it was suggested. Usually the group will, in time, comply with Tradition or become inactive.

4. Should General Service Conference Delegates and Chairmen of Area Committees be listed in the World Directory? Should the General Service Conference Area be added to the present Directory listing?

The majority of Delegates were in favor of listing Delegates and Chairmen of Area Committees in the Directory. It was the sense of the meeting that the element of permission be considered in these listings.

The Delegates favored adding the General Service Area to the Group Information Card and Directory listing.

THIRD CLASS MAIL

The Delegates approved, without extended discussion, a proposal authorizing G.S.O. to use third class mail in distributing the monthly "A.A. Exchange Bulletin." It was pointed out that, based on present mail rate differentials, G.S.O. could probably save the movement more than \$1,000 on each "Bulletin" mailing through use of the lower rate. As proposed increases in U.S. mail rates become effective, proportionately greater savings might be anticipated. The new procedure is to become effective within the next few months following the Conference. Delegates agreed to notify G.S.O. if use of third class mailing procedures for the "Bulletin" raised questions in their Areas.

QUEBEC PROVINCE REQUEST

As A.A. has grown among French-speaking alcoholics in the Province of Quebec, Canada, normal problems of communication on world service matters have multiplied. Since it might not prove practical to require Delegates from Quebec to be fluent in both English and French, and since the need for service to French-language groups is increasing, the Conference was asked to approve a request for a third Delegate from Quebec Province.

As recommended by the Conference Committee on Admissions, the request was approved provisionally. The 1963 Conference will review supporting statistical data to be presented on behalf of the French-language groups in the Province and a formal decision will be based, in part, on procedures outlined in the 1957 "Guide for Future Admissions Committees."

SPECIAL PRESENTATIONS

"A. A. COOPERATES WITH OUTSIDE AGENCIES"

A questionnaire recently mailed to Delegates has resulted in the first overall picture of A. A. cooperation with outside agencies in North America, it was reported at a Delegates' workshop chaired by George P., Western Pennsylvania.

The replies from Delegates covered many types of agencies, including "halfway houses", church groups, hospitals and institutions. The questionnaire showed that the initial request for cooperation came from the outside agencies in all but five cases out of 198.

Allan B., Chairman of the G. S. B. Public Information Committee, also spoke at this session.

Generally speaking, the requests for A. A. cooperation were to work out sponsorship arrangements for alcoholics or to advise on agency programs of alcoholism, education and treatment. Results from initial meetings were good or improved in most cases. Allan also reported on the P. I. C. meetings with representatives of national groups concerned with alcoholism. It is possible, he said, "to communicate with them on the basis of mutual friendship, mutual trust and mutual respect." Relations between A. A. groups and these agencies were highly satisfactory in nearly all cases. However, there are sometimes problems which cause misunderstanding or confusion. Most of the problems are at the local level and can be eliminated with better communication. With understanding, these agencies can be our helpful allies in achieving our "one primary purpose", Allan said.

Bruce W. (Oregon) reported that as a result of an invitation from the Oregon Alcohol Education Committee, local A. A. groups were able to carry the message to most of the Methodist Churches in Oregon last year. One problem occurred in sharing an evening's presentation with organizations in the temperance field. "This was not good for presentations of either group." However, the program can be considered a valuable experience and help in educating the public. Oregon law requires a program of alcohol education in the schools and the O. A. E. C. maintains a good library of publications on alcoholism. Many A. A. books and pamphlets are included, he said.

Ruth B., (Southern Florida) noted that A. A. cooperation with

outside agencies is good, and said that A. A. groups throughout the State have supplied speakers to State Commissions regularly over the past years. One rehabilitation center now makes it a policy to notify A. A. upon the release of patients. Questions that were solved through a meeting of State officials and A. A. members concerned: (1) The payment for the expense of making the contact; (2) Responsibility for the additional workload at the rehabilitation center; and (3) The establishment of a follow-up procedure in order to check the effectiveness of the plan.

Weldon L., (Southeastern Texas) reported on a project to acquaint the National Association of Municipal Judges with alcoholism and Alcoholics Anonymous at the association's annual convention in Houston last year. G. S. O. shipped the professional display to Houston and local A. A. members showed motion pictures on alcoholism each night. A panel of A. A. members tried to answer questions suggesting how the judges might help the perennial "repeater" through cooperation with A. A. An executive of the association wrote later saying: "I cannot help feeling that better progress could be made at the level of the municipal courts if A. A. would take more of the initiative—at least to the point of making it convenient for these judges to know *What A. A. is, Where it is, How It Works.*"

Roy DaV. (Northwest Ohio and Southeast Michigan) reported that the best cooperation with the Alcoholism Unit of the Ohio State Department of Health has been obtained through "individual participation." Members of A. A. interested in the various educational, research and rehabilitation programs, undertaken by the State agency were invited through group G. S. R.s to request that their names be placed on a mailing list to receive literature issued by the Alcoholism Unit. This is a beginning and it is expected that future cooperation will be easier to obtain on a basis of mutual trust and understanding.

The four Ohio Delegates cooperated in setting up the new procedure, following a request from the State agency for the addresses of A. A. groups in Ohio.

REPORTS FROM OVERSEAS OBSERVERS

The impact of A. A. Worldwide was graphically illustrated this year with the reports of A. A. members from Holland, France, Norway and Colombia. In many ways their reports of progress in lands where there are tremendous cultural obstacles help us to realize how lucky we are.

Lydia T., (France) told of the recent rapid growth of A. A. in her country and how newcomers are pressed into immediate service as volunteers. Lydia is in charge of the mail, the typing of a monthly bulletin, *Regain*, and also serves with an "oldtimer" on the telephone answering service. Incidentally, the oldest member of the French speaking group in terms of sobriety, has a year and a half without a drink. Although there are only a few A. A. members in France, there have been two new groups in the past five months, one in Marseilles and the other in Rouen. The fourth French group is in Roubaix. According to Lydia, "we all stick together since we need each other so badly."

Adrian F., (Holland) outlined the history of A. A. in the Netherlands and described the problems it has faced over the years. Among these are: class distinctions; "the strict formality which would make the custom of first name calling in American A. A. seem odd and perhaps even rude to the average Hollander," and the "centuries-old religious differences, which permeate every area of life." Despite these drawbacks, A. A. has grown to the point where there are 34 groups in Holland with membership of well over 400. The first two women became members of the Rotterdam group in 1959. Relations with press, television and radio are excellent, and the Ministry of Justice has permitted A. A. to enter various jails and prisons while full cooperation has been obtained from mental and general hospitals.

Hart S., (Norway) reported on the 1961 National Conference

of A. A. in Norway, held 200 miles North of the Arctic circle. The meeting was awarded this northernmost town in order to stimulate interest among groups of the far North and to let them know they were not forgotten. Because of the distance, many groups of Southern Norway were unable to send representatives, yet the meeting was well attended. This conference was held in order that Delegates might exchange ideas and consisted of reports as to the progress of self-support. Money is easily obtainable by grants from the municipalities and the state, and the trend of thought for a time was that A. A. is in reality a welfare organization. Seven years ago, however, the "Leadership Board" elected to follow the Traditions completely and faithfully, specifically as to accepting no outside financial aid.

Dan C., (Colombia) reported on A. A.'s growth in Latin America. Some years ago it was believed that a Latin could not get the A. A. message. However, it has since been shown that he reacts in the same way as do his North American "campaneros". In El Salvador, for instance, there are now some 1,500 members after less than two years, and rapid progress is also being made in Honduras. In Colombia we expect rapid growth similar to that of the United States after the appearance of the Jack Alexander article in 1941, he said. Most of this is due to a combination of dedicated service at the local level as well as welcome guidance from General Service Office. A good deal of help has been received from various other Spanish language groups and especially from the various pamphlets in Spanish. Today there are four cities in Colombia with membership of 150 or more, and there are more than 600 members in 25 groups in 19 cities and towns. At this rate Colombian membership will soon be in the thousands. The literature problem is of utmost importance and it is hoped that a source of cheaper printing may soon be found, he said.

"HOW EFFECTIVE IS A. A. IN INSTITUTIONS?"

A. A. is welcomed by the administrators and staffs of hospitals and many large prisons, but there is no denying that many American jails are places in which little light ever penetrates, Austin H. McCormick told Conference members during a special presentation: "How Effective Is A. A. In Institutions?" Mr. McCormick, a non-A. A. Trustee, is Executive Director of the Osborne Association. In most county jails little effort to salvage the inmates is ever seen. The one exception is when A. A. comes in and stays in. This is in spite of the fact that A. A. is usually working under almost insuperable handicaps with men and women who are hard to reach and hard to hold. It is in this area that A. A. groups should increase in number and in effectiveness, Mr. McCormick said.

"The street cleaning process by which alcoholics are swept up, the short shrift they get in the courts and their endless round through our revolving door jails constitute one of society's greatest shames. A. A. has brought some light into this dark picture and must steadily bring more and more," he urged.

Need To Understand A. A. Methods

One fact that sponsors of A. A. prison groups should keep in mind is that while wardens and other key prison personnel understand A. A.'s aim, they may not have the same understanding of its methods—the necessity for closed meetings and for having A. A.'s conduct the meetings, he noted.

Representatives of outside A. A. groups "should stand their ground" and not permit themselves to be forced into abandonment of fundamental procedures, the speaker suggested. "Procedures and principles are as interdependent as the Twelve Steps and Twelve Traditions. They must be kept inviolate in the prison as well as in the free world."

Cliff J., Delegate from Northern Interior California, reported that the Hospital and Institution Committee in his Area looks for the opportunity to get inmate participation and said that question-and-answer meetings have gained "real acceptance and increased participation" on the part of patients. He said that a program of participation is also recognized in prisons such as San Quentin and Folsom. A feeling of genuine fellowship results when short talks by inmate members are included in the meeting agenda, he said.

Marguerite C., Delegate from Southwest Texas, said that the

Alcoholic Rehabilitation program for the inmates of the Texas Department of Correction got its greatest impetus in January 1960 when a full-time counselor was employed to work with alcoholics. In two years the number of inmate participants in A. A. has more than tripled to 2,651 inmates. Some of the duties of this full-time counselor are: (1) To supply the groups with approved literature furnished by the Texas Commission on Alcoholism; (2) To maintain loose supervision of the inmate groups to see that they remain within the framework of A. A.; (3) Give personal counseling to individual inmates; (4) To work in harmony with the A. A. Central Committee and provide for sponsorship of released inmates; (5) To provide facilities and information for study group meetings; (6) To participate in the staff meetings so employees will be better informed about alcoholism and the purpose of A. A.; (7) To take inmates to outside meetings and conferences so they may have a better understanding of outside A. A. and so outside A. A. will have a better understanding of the inmates; (8) To maintain a relationship with all outside A. A. groups so there will be sponsorship upon the inmate's release and (9) Conduct orientation classes for newly arrived inmates giving them information and advice concerning alcoholism and A. A.

Less Than Five Per Cent Return

Marguerite said that the effectiveness of this prison program can best be gauged by the fact that less than five per cent of those inmates who participated in A. A. prior to release have returned to prison. This compared with 53 per cent for the inmate population as a whole.

Norman S. (Northern Florida) reported A. A. is well accepted in State and Federal Prisons. He cited the comments of Robert J. Kaiser, Supervisor of the Federal Correctional Institute, who said that he considered A. A. the best feature of the entire treatment program offered by the Federal Bureau of Prisons. "I've seen it work now for over three years, have seen the excellent success rate and have had the wonderful experience of having been exposed to the A. A. philosophy. Among the many remarkable features is the fact that it is absolutely free and just as available to the imprisoned convict as it is to the free man on the street," the Supervisor said. Norman said that records indicate that many A. A. inmates have emerged from prison to enjoy sobriety and useful lives.

"ONE PRIMARY PURPOSE" IS KEY TO A. A. GROWTH

How well and how far into the future A. A. can project itself depends on how well A. A.'s remember their "one primary purpose," Herb M., General Service Manager, suggested in summarizing a special presentation on A. A. growth. Other participants were Area Trustee Pat C. of Minnesota and Delegates Vic K. (Alaska) and Ruth Mohler (Utah).

Directing special attention to the series of more than 40 three-minute "Area Highlights" talks by Area Delegates, Herb observed that they disclosed a pattern of three vital elements that mean growth for A. A. He defined these elements as: (1) Unity within, (2) Harmony without and, (3) An open door for everyone.

"We all know how important internal harmony is—between A. A.'s and between groups," Herb said, pointing out the continuing need to acknowledge "the group conscience" as the only real authority in A. A.

"Harmony without" means harmonious—but well-defined—relations with those outside organizations that are also concerned with the problems of alcoholism, he said. The "open door for everybody" affects many segments of A. A., is important for alcoholics of all races and creeds and non-alcoholics who can carry the message for us—or at least bring the alcoholic within shouting distance.

The participation of old-timers has been an important factor in the recent strengthening of A. A. in Utah, Delegate Ruth M. pointed out during her brief presentation. "The old-timers have noted the mistakes of the past and are willing and eager to guide the newer members and groups away from the same pitfalls," Ruth declared. A. A. progress in Utah is the result of their willingness to participate, and of their gratitude to A. A.

Seven Groups In Anchorage

Vic pointed out that there are approximately 20 Alaskan groups, of which seven are in Anchorage and four in Fairbanks. The total population in Alaska is 250,000. It is extremely difficult to "count heads" since many members attend more than one meeting, he said, and "there are undoubtedly many Loners in the far reaches, but we are not in contact with very many of them." A. A. in Alaska has "excellent" relations with members of the clergy, doctors and the press, the Delegate said, "but we have not been too active in working with outside agencies."

Pat, who helped to establish A. A. in Minnesota, discussed the successful—but completely "traditional"—way in which the Fellowship has been able to cooperate with other agencies concerned with the problem of alcoholism in his Area.

THE AREA DELEGATE AT WORK

A Workshop of particular interest during the Conference covered the activities of Delegates in virtually every type of Area and under every conceivable situation.

Frank R., (Eastern Massachusetts) discussed the problems of a Delegate in an area where there is a strong Central Office or Intergroup. While there may be a problem of creating additional interest and support of Third Legacy work, there is also an opportunity to get more done through cooperative effort. Cooperation in this Area has been so good that members of the Central Office and the General Service Committee are often invited to speak on the same program at open meetings. The Central Service Committee meetings are also open to Delegates who, as a result, get special insight into the thinking of the groups and keep informed of activities in the Area.

Hap. T., (Hawaii) spoke on formation of a General Service Committee in a new Area. Following the Conference last year, most of the groups in the Islands were visited and a personal report was given. The General Service Committee reviewed the final report, and immediate steps were taken to strengthen ties with the World Service Office. "Up to now the Island groups have depended upon the advice and counsel of the General Service Staff." The last meeting of the State Committee G. S. R. was held in March and indications are that the real meaning of the service organization is coming through.

Jo W., (British Columbia-Yukon Area) spoke on the problems of a Delegate in a large geographic Area. Because of the great distances involved and the cost of transportation, the Delegate is hampered in attempting to hold frequent meetings with all Area Committee members. Therefore, the schedule calls for Committee members to meet in Vancouver only twice each year—once on the return of the Delegate from New York in the spring and again in November to attend the B. C.-Yukon Area Assembly. At other times, communication is by letter, and Committee members are asked to write regarding group problems.

In addition, contact is maintained through a tape library and an Area bulletin.

"Andy" A., (Southeastern Michigan) reported on Delegate activities in a small Area. Interest in General Service work has been sparked during the past three years through regularly scheduled Area Assemblies. Attendance is not limited. Rather, all interested A. A.s are invited to attend. This creates interest in General Service and helps to reveal active G. S. R. replacements. Any member may ask questions, but only Committeemen and G. S. R.'s may vote. A Delegate acts as Chairman and thus is in the position to answer all questions as well as to present issues for discussion.

Warren H. (Central & Southeastern Ohio) reported on Ohio General Service Conferences. Conference programs are arranged by the host Area Delegate with the object of putting the principles of *Recovery, Unity and Service* into action. The four General Service Areas, each having a Delegate, rotate as host Areas. The four Delegates meet to appoint Conference officers and committee chairmen as well as to outline a tentative program. As a result, it is felt that the State Conferences reflect the spirit of A. A. and help renew enthusiasm for A. A. world services.

Ed G., (Montana) reported on rural Area Committees. "The greatest problem in a sparsely populated area is lack of communication and cooperation between groups because of great distances." In order to strengthen cooperation it was decided to divide the State into eight Areas, each of which would select a member to serve as Area Committeeman representing several groups. At first the Committeemen met every three months in order to discuss problems and to promote better cooperation. However, attendance fell off after the first year, and it has since been decided to have every G. S. R. as a member of the State Committee. So far, Committee meetings have been well attended. Members have become increasingly concerned with their assignments as G. S. R.'s and have helped to enlist the cooperation of their groups.

G. S. B. POLICY COMMITTEE

(B. Patrick Cronin, Chairman)

The Policy Committee has now been in existence for six years since 1957. It has demonstrated its value as a clearing house for discussion and review of matters to be referred to the General Service Board. Items for discussion and review are culled from suggestions received from A. A. groups, A. A. members, G. S. O. and Grapevine personnel, Conference Delegates, Committee Members, and G. S. R.'s and from reports received from the General Service Board Committees, namely: Literature, Finance and Budgetary and Public Information, a sub-Committee of the Policy Committee.

There are ten members of the Policy Committee, three from the General Service Staff, two from the Grapevine, and five Trustees of the General Service Board, four of these alcoholics and one non-alcoholic. To this meeting are also invited as participants, but without vote, all Trustees, Grapevine Directors, A. A. W. S. Directors and Staff members.

Over 25 recommendations were reviewed by the Committee during 1961 and referred to the General Service Board for action. Since all of these recommendations and actions are included in other reports, it does not seem necessary to enumerate them here.

'IN MEMORIAM' CONTRIBUTIONS

The 1962 Conference recommended that the General Service Board, in following the traditional policy of declining "in memoriam" contributions from non-members, limit its standard letter of declination to an expression of gratitude and a statement of A. A. tradition on such matters.

AREA DELEGATES ONLY

As in previous years, one Conference session was scheduled exclusively for Area Delegates and Observers. (Trustees, G. S. O. and Grapevine personnel and other Conference members are not admitted to these sessions.)

Vince S., (Southern Minnesota) was Chairman of the 1962 meeting.

The Chairman of the 1963 Area Delegates Only Meeting will be Mac C., (Saskatchewan).

Panel 12 volunteers for the 1963 Hospitality Committee are:

Vic K., (Alaska)
Joe B., (Southern Coastal Calif.)
Harry K., (Southern New Jersey)
John V., (Maryland)
Loyal "Shoes" L., (Delaware)
Marguerite C., (Southwest Texas)
Kay M., (Wyoming)

The Delegates contributed \$73 to Lydia T., (Paris) for the purchase of A. A. literature for the Paris Group.

The Delegates voted a motion of thanks to Fred and Elaine V., and the Hospitality Committee on behalf of their wives. "Their untiring efforts in making it a memorable stay for the ladies has been deeply appreciated by the Delegates, who will so indicate in a separate letter to Fred and Elaine."

The following motion was discussed but failed to carry:

"It is the sense of our Assembly that, as a matter of policy and within the framework of the Traditions, G. S. O. should carefully weigh and consider the unanimous recommendations of General Service Assemblies respecting a matter peculiar within its knowledge. In such matters, the recommendation filed by the Assembly Chairman and the Delegate should be recognized as representing the group conscience of the local Assembly."

A motion was passed to thank Herb M., and Hazel R. for their contributions to the success of the Twelfth Conference.

GENERAL SERVICE OFFICE ACTIVITIES

(Herb M., Chairman)

A. A. World Services, Inc. is the corporation which directs the service operations of G. S. O., and the publishing of Conference-approved books and literature. Its board of seven directors meets monthly.

The corporation exercises its operating responsibilities through (1) the Manager of General Services (2) the Coordinator of the Staff (3) the Supervisor of Accounting (Dennis Manders) (4) the Supervisor of Steno/Records (Kleina Jones) (5) the Supervisor of Shipping (Al Cryan).

SHIPPING: The scope of G. S. O. activity is suggested by the Shipping Department's tally for 1961:

Incoming Mail Items	52,627
Outgoing Mail Items	216,600
(Including Group Exchange Bulletin)	
Packages Wrapped and Shipped	31,795

To handle this load, Al Cryan supervises six full time and two part time employees. Added to the routine of handling incoming and outgoing mail is a substantial program of mimeographing and addressographing.

STENO/RECORDS: Our steno pool at full strength has six transcribers, one of whom is fluent in Spanish. Their primary responsibility is to serve the six Staff Members. Records (including filing) has four people to handle the records of more than 9,000 groups and to file 1,500 to 2,000 items weekly. In addition, Switchboard, between calls, helps out on clerical and mailing operations. Last year, G. S. O. added a receptionist to assist visitors and to save time of Staff Members. The Steno/Records staff of twelve is under the supervision of Kleina Jones.

ACCOUNTING: Three full time and one part time employee, under the supervision of Dennis Manders, processed 10,275 orders and 9,490 contributions last year. In addition, there are schedules and reports to be prepared for quarterly CPA audits, keeping of general books, maintenance of operating statistics, payrolls and tax returns. Today, Accounting has twice the load it had ten years ago.

PUBLISHING: Sales of books and pamphlets in 1961 ran 10% ahead of 1960. Printing purchases, pricing and sales are an important part of A. A. W. S.'s responsibilities, since "gross profit" from sales directly and indirectly contributes to the operation of G. S. O. A. A. W. S. also explored and approved the new technique for preparing and printing the World Directory, a technique which will decrease costs by as much as 20%.

The publishing operation for 1961 included the distribution of free literature costing \$5,876.78. It also provided for distribution of literature to foreign groups, either free or at less than cost.

FINANCIAL: In addition to its work on the annual G. S. O. budget, A. A. W. S. is also directly concerned with contributions. Last year to help Delegates, Committee Members and G. S. R.'s spark group interest in world services, A. A. W. S. authorized the publication of the "money folder". Twenty-six thousand of these have been distributed.

The 1961 Conference authorized an extension of the Birthday Plan, and A. A. W. S. carried out this program by offering a "kit" for interested participants. The plan provided for contributions to be made by the individual to his group or directly to G. S. O.—whichever the participant elected.

The plan was in effect for the last six months of 1961 and the results are significant:

	Last 6 Months		Increase
	1960	1961	
Birthday Plan Contributions	\$ 2,930	\$ 6,470	\$3,540
Contributions exclusive of Birthday Plan	\$159,040	\$164,170	\$5,130

The Birthday Plan program more than doubled this type of contribution in the short period covered. It did not affect overall contributions, apparently, for regular contributions were ahead more than \$5,000 in the same period.

Distribution of all Books, Pamphlets and Miscellaneous items in 1961 was as follows:

BOOKS

Alcoholics Anonymous	27,085
Twelve Steps & Twelve Traditions	9,601
A. A. Comes of Age	3,456
Total Books Shipped	40,142

PAMPHLETS

This Is A. A.	102,834

1965 CONVENTION

Plans for the 30th Anniversary International Convention of A. A. in Toronto, Canada, in 1965 are progressing smoothly. During the year meetings have been held in Toronto and New York with A. A. members who will play a key role in assuring success of the Convention and agreement has been reached on vital pre-Convention financing arrangements, among other matters.

It has been decided that the total underwriting funds should be \$13,000, of which half will be contributed by the General Service Board. The Convention Advisory Committee of the General Service Conference will undertake to raise the other \$6,500 in Canada by July 31, 1963, with no individual contribution to exceed \$100.

The \$13,000 total will represent underwriting funds, as distinct from advance registration receipts. Contributions to the underwriting funds will be returnable in whole or in part only to the extent to which the Convention registration receipts cover Convention expenses.

GROUP SERVICES

(Ann M.)

As of April, 1962, 690 new groups have been added to the 8,615 mentioned in the 1961 Spring Directory. Exchange Bulletins are being mailed on a monthly basis to all of these, and 690 packets of complimentary new group literature have gone out to them.

Special service material designed to be of additional help to Armed Forces Groups, Hospital and Prison Groups, Regular groups, Convention Committees, Intergroups and Central Offices, P.I. Committees, Internationalists, Lone Members, Clubs and Spanish Groups, and listings for those interested in amateur radio operations, Braille material, chips and tokens, pins and pocket pieces, fellowships similar to A. A., films on alcoholism, information on industry and A. A., and tape recording exchange, are all now available at G. S. O.

SENT FROM G. S. O. IN 1961

Exchange Bulletins	140,000	Complimentary Literature	
Spanish Bulletins	3,000	Books	100
Internationalists Bulletin	2,500	Pamphlets	105,871
Loners Meeting	6,000	Translations	4,762
	151,500		110,733

Need for Material in Braille

A start has been made in coordinating correspondence and distribution of Braille material amongst sightless members. A Bulletin item requesting information about possible services to sightless members has brought some response. Reorders of the book, "Twelve Steps and Twelve Traditions," and "Alcoholics Anonymous" in Braille indicate the need for continuing service to sightless A. A.'s.

It is hoped that a Tape Committee which was formed last year will become more active.

Ten years have brought growth to our A. A. groups and increasing responsibilities of group service to G. S. O. In April of 1952, there were 4,205 groups registered, 82 in hospitals and 133 in prisons. There were groups in 41 other countries. Now there are groups in over 80 countries outside the United States, 168 new overseas groups registered with us last year. Reports on Institutional, Overseas, Lone Members, Internationalists, Public Information, and Group Records Services, as well as facts and figures on overall expenses at A. A. W. S. will reveal how services have expanded to meet the expansion in membership and service needs of our groups worldwide. This growth is a matter for rejoicing but also for serious consideration of present and future needs that inevitably face any growing concern.

LITERATURE

(David B., Vice-Chairman)

The new pamphlet, "A Clergyman Asks About A. A." was published in October, 1961, following approval by the Literature Committees of the Board and Conference.

A revised edition of the pamphlet, "Young People and A. A." was published in November, 1961. This revision includes additional stories by younger A. A.'s.

As recommended by the 1961 Conference Committee on Literature, an order form giving a more adequate description of Conference-approved literature has been prepared for 1962 distribution.

Production is now in progress on revision of the following three pamphlets: "A. A. for the Woman", "A. A. and the Alcohol Employee" and "Cooperation but not Affiliation."

During the past year, progress has been made in the following translations:

The pamphlet, "Fellowship of A. A.," has been translated into Spanish and a new translation of the abridged "Big Book" which includes the first 11 chapters plus Bill's and Dr. Bob's stories is being prepared by members in Mexico City.

The French Literature Council has translated all Conference-approved literature with the exception of a few pamphlets. The French composite book (which includes sections of the three books, "Alcoholics Anonymous," "Twelve Steps and Twelve Traditions" and "A. A. Comes of Age") is presently being translated.

Translation of the Serenity Prayer, Twelve Steps and Description of A. A. has been made by the German-speaking group in Munich and is available at G. S. O. The Twelve Steps and Twelve Traditions have been translated by the German Group in Karlsruhe with the cooperation of the Group in Munich. G. S. O. will help finance its printing. Permission was granted to the Central Committee in Finland to translate and publish the Big Book in Finnish.

Material translated into Isixhosa, one of the Bantu languages (Republic of South Africa), is also available.

A few copies of the composite book in Afrikaans have been received at G. S. O. Distribution is handled through the office in Pretoria, South Africa.

Copies of the Chinese translation of "Is A. A. For You?" by the Singapore Group may be obtained at G. S. O. Efforts are being followed through to translate A. A. material into Japanese.

PUBLIC INFORMATION PROGRAM

(Allan B. and Lyb S.)

(Allan B. is chairman of the G. S. B. Public Information Committee. Lyb S. is the G. S. O. Staff member responsible for this activity.)

During 1961, the General Service Office received approximately 5,000 requests for information on A. A. About 100 were from alcoholics. The rest were from families of alcoholics, students, teachers, doctors, clergymen, librarians, researchers and writers. Each request was answered and appropriate pamphlets were sent.

The A. A. professional exhibit was shown last year at the following conventions where we estimate that more than 25,000 persons saw it:

American Academy of General Practice, Miami Beach Florida
American Hospital Association, Atlantic City, New Jersey
Adult Education Council, Atlantic City, New Jersey
National Conference of Social Welfare, Minneapolis, Minn.
National Council on Alcoholism, Washington, D. C.
National Association of Municipal Judges, Houston, Texas

Cooperation with media

In August, a letter re-affirming the A. A. tradition of anonymity was mailed to approximately 7,000 publishers, feature writers, wire services, editors of metropolitan dailies and radio and television station managers. The National Association of Broadcasters featured an article on this subject, prepared for them by P. I. C., in the September issue of their "Television Code Bulletin."

On September 5th, A. A.'s "first annual report to the public", a summary of the highlights of the 1961 Conference report, was released.

In November, the Board of Trustees sponsored its third "Gratitude Luncheon" as a way of expressing A. A.'s appreciation to media friends who have made special contributions to the Fellowship.

During the year, P. I. C. updated and revised two of the public information tools which are used most frequently by G. S. O.:

- (1) the basic "Fact File"
- (2) the four-page pamphlet, "The Fellowship of Alcoholic Anonymous."

The P. I. Staff member interviewed and supplied A. A. information and pamphlets to authors of:

20th Century Fox feature film, "Days of Wine and Roses."
ABC-TV—"Faith for Today" program.
CBS-Radio—Douglas Edward's program "To Your Health."
WRVR, New York City, education radio network—"Trafalga A. A. Group Meeting."
"Voice of America" interview in French scheduled for broadcast this year.
"Saturday Evening Post"—article, "The Housewife's Secret Sickness."
"Wall Street Journal"—article on fellowships similar to A. A.
"N. Y. Herald-Tribune"—article on alcoholism in industry.

INTERNATIONALISTS

(Beth K.)

Of the 258 Internationalists (A. A. seamen), we now have five women A. A.'s who go to sea.

An Internationalists Bulletin compiled from excerpts of their letters is mailed each month.

An up-to-date Internationalist listing is maintained which includes ship addresses so that contacts between Internationalists as well as G. S. O. can be followed through.

A proposal to have Internationalists represented by an observer at future Conferences was presented to the 1962 Conference. (Details in another column.)

In 1961 our clipping service returned 2,921 clippings which mentioned A. A. Twenty-two anonymity breaks were noted from September 1, 1961 to April 1, 1962. A letter explaining our Tradition of Anonymity and a reprint of "Why Alcoholics Anonymous is Anonymous" were sent to 17 newspaper editors, 2 magazine editors and 3 columnists. The Delegate in each area where a "break" occurred received a copy of our letter to the editor.

The National Council on Alcoholism invited two G. S. O. Staff Members to participate (as individuals) in a Study of Alcoholism in New York City. Objectives of this study are to determine the size of the problem in the city and the extent of public knowledge about alcoholism.

G. S. O. Staff Members attended the January, 1962, meeting with the Executive Committee of the North American Association of Alcoholism Programs.

G. S. O. granted permission to five State and Provincial Alcoholism Programs to reprint in their magazines the 1960-1961 Conference Study Committee's report on "A. A.'s Relations with Outside Agencies."

The P. I. Staff member attended, as an observer, the National Leadership Conference on Action for Mental Health, held by the National Association for Mental Health, in Washington, D. C., on March 5-7, 1962.

In 1961, G. S. O. distributed gratis 12,300 copies of "Fellowship of Alcoholic Anonymous", a folder which is designed to answer questions about the Fellowship that are asked by writers, editors and broadcasters.

Last year G. S. O. printed a pamphlet prepared by the Public Information Committee, "Speaking at Non-A. A. Meetings." The pamphlet was distributed to Delegates at the 1961 General Service Conference and its availability was announced in the A. A. Exchange Bulletin. To date we have distributed more than 2,000 copies to A. A. members and committees. With it we have sent "A. A.—44 Questions and Answers" for background information.

Correspondence with 55 local P. I. C.'s and with individual members who are interested in public information activities indicates an increased awareness of A. A.'s responsibility for improving public understanding of the A. A. program and establishing communication with others in the community who are helping alcoholics.

One need stated by many A. A.'s was for A. A. to maintain its identity at the public level. Several P. I. C.'s were formed last year because a too passive A. A. attitude toward public information activities had created a problem whereby outside agencies were the only source of information about A. A. Some people in these communities thought the agencies and A. A. were the same. Other Committees actively engaged in public information services expressed the need to evaluate closely each invitation to cooperate. They felt that too close identification with outside programs had caused public confusion about A. A.'s purpose and at the same time had stirred up internal A. A. friction.

FINANCE

(Archibald B. Roosevelt, Treasurer, G. S. B.)

Operations of A. A.'s General Services resulted in a net income of \$8,708 in 1961 as compared with a net loss of \$19,804 in 1960. (Exclusive of Reserve Fund appreciation).

The publishing activities of A. A. World Services, Inc. earned \$43,812.

Group Contributions in 1961 were \$238,946. The 1961 contributions were \$13,715 below the cost of Office and Conference expenses, and the sum of \$13,000 was transferred from the General Fund to the Group Fund to make up this deficit. Contributions met the estimated budgeted expense, but our actual operating expenses were approximately 6% over the budget expenses.

The Reserve Fund had added to it in 1961 \$23,922 in book discounts donated and in investment income.

A. A. OVERSEAS

Eve M.)

There are five "exciting" aspects of A. A.'s development overseas during the past year:

1. The growth in "native" groups in countries which until recently had only English-speaking groups.
2. The increased awareness of the meaning of "A. A. responsibility."
3. The establishment of A. A. service committees and conferences.
4. Improved public information programs.
5. Development of local publications or newsletters.

Of 206 members in France, 159 are now members of five active French-speaking groups. The recent rapid development of A. A. in France is attributed to the writings of Joseph Kessel whose book, "Avec Les Alcooliques Anonymes," was based on a series of articles prepared with the help of G. S. O.

The Kessel book has also been translated into German and Spanish.

Newsletter In Paris

The Groupe de Paris is publishing a monthly newsletter, "A. A.-Regain," and stories of French members are being collected for inclusion in a French "composite" book on A. A. The latter is a project of the French Literature Council in Quebec which has been most helpful on various translations.

In Germany, the three German-speaking groups are planning an all-German meeting at Munich (April 28-29) that is expected to attract members from Austria and Switzerland as well. The German group in Karlsruhe, assisted by the Munich group, has completed a translation of "Twelve Steps and Twelve Traditions." A. A. World Services has allocated \$500 to help defray printing costs. The text will be issued in the form of two pamphlets, following the pattern set by Spanish and French translations.

The Armed Forces groups in Germany continue to progress and are cooperating closely with the German-speaking groups. The annual Weisbaden Round-Up during the 1962 Labor Day weekend, previously conducted only in English, will this year feature speakers in other languages.

A new group has been established in Barcelona, Spain.

In Belgium the number of groups nearly doubled during the past year and the reported membership is now 505. The Inter-group Office in Liege reports 30 new French-speaking groups, with substantial distribution of literature about A. A. Groups have also been started in the Liege Prison and in the Psychiatric Hospital. Flemish groups in Belgium have established an Inter-group Office in Antwerp, using Dutch literature from Holland.

In Holland, a Central Service Board of A. A. members, who have access to the counsel of a non-voting Advisory Council of non-A. A.s, has been established. Pamphlets in Dutch are available, along with a monthly publication, "DeBooie." Features of the Annual Conference at Eindhoven last June were the participation of members from the Flemish groups in Belgium and an address by a bishop of the Roman Catholic Church who spoke appreciatively of A. A.

Groups Register In Norway

A. A. in Norway continues to develop along traditional lines. Some groups previously not listed, have recently registered, and are now a part of traditional A. A. groups. These include, for the first time, a Women's Group in Oslo. Norway has a Board of Trustees consisting of two non-A. A.'s and five A. A.'s. In addition there is the Landssekretariat (Service Committee) in Oslo, which handles correspondence, bulletins, communications to the groups and distribution of pamphlets. The 1962 Annual Conference will be held in Trondheim the 9th and 10th of June.

In Sweden, a Central Committee to handle public information has been formed in Stockholm.

Finland maintains a Publishing Company and a Service Committee. All Conference-approved literature and the "Grapevine" have been translated and are distributed throughout Finland. Permission has been granted to translate and distribute the Big Book in Finnish.

The growth of A. A. in Latin America is continuing rapidly.

A Spanish Bulletin is mailed to all Spanish-speaking groups and members, including those in the United States. In addition a special listing of all Spanish groups and Loners is compiled at G. S. O. annually and distributed gratis.

Four Native Groups In Japan

We have presently listed four Japanese-speaking groups in Japan. Parts of the Big Book and some of the pamphlets are being translated into Japanese. A. A. W. S. has allocated \$250 to assist in the printing. Meanwhile the Armed Forces Groups continue to flourish throughout the Far East. Some English-speaking Japanese are able to participate, but it's difficult for the American groups to be of much assistance to the Japanese groups.

The Seventh Annual Convention of England and Wales was scheduled to be held May 5th and 6th; the Fifth All-Ireland Convention, April 28th and 29th. The Annual Scottish Convention will be held in October. A. A. in the United Kingdom continues to grow. The Board of Trustees serves England, Scotland, Wales and all of Ireland. A. A. Publishing distributes Conference-approved literature and the Big Book to the Sterling area.

Australia Establishes Service Conference

Australia has established its own General Service Conference. All members of the Australian Conference are on the mailing list for the North American Conference. There is no Board of Trustees in Australia and therefore the Conference relates to the movement as a whole, and to its local service offices. The same situation prevails in New Zealand.

South Africa held its 1962 Convention in Johannesburg April 21 and 22. At their 1961 Conference, the name of the South African Information Service Committee was changed to General Service Committee. Talks were made on A. A.'s Three Legacies of Recovery, Unity and Service. The composite book in Afrikaans was presented to A. A. and the public in South Africa. A Headquarters Newsletter is issued monthly in both Afrikaans and English, replacing "The Tendril," an early offshoot of the "Grapevine."

Within the Republic of South Africa, through the cooperation of the groups in Carletonville, there had developed a group among the Bantu natives. Bantu pamphlets have been printed here from translations made there. As a result a second Bantu group is underway.

The Central Federation of Africa publishes "Tom Tom" and "Fragments." The 1962 Federal Convention will be held in Kitwe July 6th-10th.

In France the monthly women's magazine, "Elle," carried an excellent article about A. A. The German edition also included this article. "Guerir," another French monthly, carried an excellent story about A. A.

Reports indicate interest in A. A. programs on radio, in France, Germany and South American. Background information material and TV pattern scripts are available in Spanish, and the Data File is available in French.

The Conference approved Eve's recommendation that a condensation of selected G. S. O. service material be prepared for translation into appropriate languages in the near future.

TRUSTEES OF THE GENERAL SERVICE BOARD

(Dr. John L. Norris, Chairman)

The Board of Trustees met for its usual quarterly meetings in April, July and October of 1961, in January of 1962, and will meet again immediately following the 1962 Conference. Interim reports have gone out to all Conference Delegates and Committeemen outlining the actions taken by the Board during the year. At the Annual meeting following the Conference, the whole slate of Trustees will be reelected for one year terms.

At the Quarterly Meetings, the Board Committees, i. e., Structure and Procedure, Finance and Budgetary, Literature, Policy, Nominating and Public Information make reports and recommendations. In addition, The A. A. Grapevine and A. A. W. S. Inc. report to the Board, as these corporations are responsible to the Board.

Since the issuance of the last Trustees' Conference Report, included in the Conference Report of 1961, the Board has approved the following recommendations, amongst others:

- (1) that \$5,000 be taken from the General Fund and earmarked to assist overseas groups in the preparation and translation of Conference-approved literature for the period of one year only.
- (2) that G. S. O. prepare a fact file covering movement-wide experience with several types of clubhouses and their relations to A. A. and the community. The availability of the new fact file to be announced in the A. A. Exchange Bulletin.
- (3) that the arrangement whereby former Conference Area Delegates receive mailings of pertinent data from G. S. O. be continued.
- (4) that a draft of Bill's current writing project, "The Twelve Concepts of Service," be made available to all Conference Delegates as soon as possible.
- (5) that a third Delegate serving the North and Northwest sections of the Province of Ontario, Canada be admitted to the Conference and designated to serve on Panel 11.
- (6) that the Committee on A. A.'s Relations with Outside Agencies be a permanent Conference Committee.
- (7) that the president of A. A. W. S. Inc., and the Chairman of the Public Information Committee approve the annual report on A. A. worldwide, issued to the public following Conference.
- (8) accepted the resignation of Al Steckman, Class B Trustee, due to his move to Florida.
- (9) approved a grant to Ebby Thacher of \$200 a month.
- (10) approved a program of major medical insurance for employees of A. A. W. S. Inc., and the A. A. Grapevine, Inc.

- (11) approved that the P. I. Committee make an informal approach to the U. S. Public Health Service to determine the best way to bring information about A. A. to the Armed Forces at the top level.
- (12) approved another Gratitude Luncheon to be held for those in media and related fields who have made a significant contribution to the Fellowship and that P. I. C. continue to serve alcoholic drinks to the non-alcoholic guests at these luncheons.
- (13) continued to review the recommendations of the Committee of Structure and Procedures.
- (14) approved the following recommendations from the Finance and Budgetary Committee:
 - a. that \$2,300 be allotted for equipment to improve the compilation and publication of the annual World Directory.
 - b. that the Public Information Committee be authorized to spend \$3,000 for an additional Professional exhibit.
 - c. that the following plan for financing the 1965 International Convention in Toronto subject to all the controls vested in the General Service Board by the 1961 Conference with respect to Conventions, be adopted:
 - (1) that the Board of Trustees match the underwriting responsibility of the Host Committee.
 - (2) that this be without prejudice to financing plans for the future.
- (15) approved the election of Murray Whitsett as a Director of A. A. W. S. to replace George O'Hara who has moved to California.
- (16) approved a subsidy to the French Literature Council for production of a French Composite book, similar to the subsidy given for the production of the Norwegian Composite book.
- (17) that an additional P. I. exhibit be made available to appropriate professional groups without restriction as to the geographic areas involved.
- (18) approved a recommendation of the Policy Committee that "unless the Conference has serious objections, that a limited number of the Grapevine Editorial Board and P. I. Committee be permitted to attend as observers without vote."
- (19) accepted the Nominating Committee's recommendation of Mary Bernson, Grapevine Director, as a Trustee of the General Service Board.

GROUP RECORDS AND DIRECTORY

(Anita Ryan)

As A. A. grows and the number of groups increases, we must continually search for more simplified approaches to the problem of getting information from groups and for compiling the World Directory.

These were the 1962 procedures —

1. Group Information Cards were mailed to groups in November.
2. G. S. O. asked groups to list only one address—that it be used for the mailing address and also for Directory listing.
3. Two phone numbers were requested for each group.
4. If all members are included in other group counts, this should be indicated by using an "x" in the Directory listing.

After exploring several systems for compiling and printing the Directory, the Foto-List system was chosen. A Varityper line composer was purchased for typing IBM cards at G. S. O. Foto-List Camera work is then handled by the printer.

This new system has already made a considerable cut in the total cost of the Directory. In another year, the office work in-

involved will be much less. A card is used for each line of Directory information. If the information does not change, the same card can continue to be used.

About 50% of the cards returned for 1962 required stencil changes. Over 60% of the groups in the United States and Canada returned Directory information. This improvement in A. A. communication is encouraging, and it is evident that the work of Delegates and Committee Members is helping in the phase of Twelfth Step work—the ability of one alcoholic to communicate with another.

One of our Delegates has suggested that consideration be given to including a box on the 1963 cards marked "General Service Area", and this information be added to present Directory listings. This would facilitate the work of the Delegate as well as that of G. S. O., making it unnecessary to refer to a map to determine the Area in which a group is located.

The progress being made in maintaining contact with groups is very gratifying. We hope the Delegates and Committees will let us know whenever they discover listings that are incorrect or omitted.

CONFERENCE ACTIVITY

(Hazel R.)

There are now approximately 950 Area Committee Members on the G. S. O. mailing list. Eighty per cent of the newly-elected Panel 12 Area Committee Members had been registered at G. S. O. by January 1, 1962, indicating the increasing awareness of the importance of Committee service in the Areas.

In two Areas where activity had come to a standstill, Interim Area Committees were formed at the suggestion of former Delegates and the Areas are now being reactivated.

The question asked G. S. O. most frequently during the past year was: "What are the group duties of a General Service Representative (G.S.R.)?" In order to provide a realistic answer, G. S. O. asked 2,500 G.S.R.s to comment on their activities. More than 800 questionnaires were returned and were used as the basis for a special service memorandum.

The increased scope of Area Committee activities during the year was suggested by:

1. Increase in number of Committee and Assembly Meetings.
2. More detailed planning for meetings.
3. Greater interest and activity in public information programs.
4. Special assistance to groups requiring help.
5. Initiative in helping to form groups where needed.
6. Assumption of responsibility for financial support of local and worldwide A.A. service.
7. Increased use of Area newsletters.
8. Accuracy of mailing lists of G. S. R.s sent to G. S. O.
9. Response to G. S. O. Interim Reports
10. Number of items suggested for discussion at 1962 Conference.

INSTITUTIONAL A. A.

(Correctional Facilities and Hospitals)

(Beth K.)

From correspondence received at G. S. O., there is evidence of increased interest in carrying the message to A. A. groups in prisons and hospitals. Institutional A. A. is growing and this is suggested by the rise in the number of groups and membership: There are 445 groups in hospitals with a membership of 10,778. There are 502 groups in prisons with 20,451 members. These include the first A. A. group in a prison and hospital in Belgium. There are presently 60 Institutional Committees and 6 Sponsorship Groups.

The following services are available from G. S. O. to A. A. groups in prisons and hospitals.

1. Directories listing A. A. groups in prisons and hospitals.
2. Complimentary literature is distributed to all new groups.
3. Three special literature packages are made available at reduced rates.
4. The monthly "A. A. Exchange Bulletin" is distributed to all A. A. groups in prisons and hospitals.
5. Service material in mimeograph form available from G. S. O. includes, "Suggestions for the Formation of an A. A. group in a Prison" and information concerning sponsorship programs.
6. "Suggestions for Institutional Committees".
7. G. S. O. corresponds with institutional administrators and staff personnel who have expressed interest in A. A.
8. Personal correspondence, based on the experience of other groups in solving specific problems.
9. During the past year, the 16 mm. kinescope of the "Playhouse 90" television drama, "Days of Wine and Roses," has been scheduled to approximately 35 groups. This film has been made available to groups in institutions only.

NOMINATING COMMITTEE

(H. Sumner Campbell, Chairman)

The Nominating Committee of the General Service Board is made up of representatives of Class A and Class B Trustees, and Directors of both A. A. World Services, Inc. and the Grapevine, Inc. They meet quarterly prior to the meeting of the General Service Board of Trustees, and make nominee recommendations to the Board.

Al Steckman, Class B Trustee, resigned because of moving to Florida. In October, 1961, after reviewing suggested names of nominees, Don Goddard was recommended to replace Al Steckman.

In January, 1962, Mary Bernson was nominated to fill the Class B vacancy left by the completion of Dick Stevens' four-year term in April, 1961.

Both Don Goddard and Mary Bernson also serve as Directors of the Grapevine, Inc.

The Nominating Committee now recommends that, subject to approval of the 1962 General Service Conference, the following nominees be elected at the Annual Meeting of the General Service Board April 30th—

CLASS A TRUSTEES

Leonard V. Harrison
Dr. John L. Norris
Austin H. MacCormick
Archibald B. Roosevelt
Bernard B. Smith
Dr. Harry M. Tiebout
Harrison M. Trice
L. Ivan Underwood

CLASS B TRUSTEES

Allan E. Bachman
David M. Bancroft
Mary Bernson
H. Sumner Campbell
B. Patrick Cronin
Thomas A. Sharpe
Don Goddard

and the Committee further recommends, subject to the 1962 General Service Conference approval, the election of the following officers of the General Service Board —

Chairman Dr. John L. Norris
1st Vice Chairman Bernard B. Smith
2nd Vice Chairman Allan E. Bachman
Secretary H. Sumner Campbell
Treasurer Archibald B. Roosevelt
Ass't. Secretary Ann Macfarlane

The above report was approved unanimously by the Conference.

TRANSLATION NEEDS

The following is a digest of a preliminary study on A. A.'s "long-range translation needs" prepared and presented to the Delegates by Ralph B., consultant to the Literature Committee of the General Service Board. It is hoped that this may help define the problem at hand and provide a basis for constructive discussion, he said.

In summary:

1. There does not now seem to be any clear policy on foreign language literature which will provide guidance for orderly growth.
2. The need for such a policy is critical.
3. It is impossible to forecast these needs until a number of factors have been considered.

Some of the more important factors are:

1. Selection of languages.
2. G. S. O. control of translation accuracy.
3. Non-English-speaking A. A. population analysis.
4. G. S. O. initiative and preparation of literature.
5. Policy of free distribution of foreign language literature.
6. Policy on financing foreign language literature.
7. Internal public relations policies.
8. External promotion or attraction?
9. Possible desirability of more original native A. A. literature.

'GRAPEVINE' PROGRESS REPORT

(Mary B., Director)

(Jerome E., Editor-Publisher)

Circulation of "The A.A. Grapevine", the international monthly journal of the Fellowship, increased by 1,000 copies during the first three months of 1962 and the directors are optimistic that circulation can be raised to 40,000 during the year. Current circulation is slightly more than 36,000 copies monthly.

The annual review and forecast of "The Grapevine's" editorial and business performance was followed by expressions of confidence by 1962 Delegates who pledged renewed efforts to extend the influence of the magazine both within and outside the Society.

In her special report to Conference members, Mary B., a Grapevine corporate director, pointed out that the magazine operated in the black in 1961. The significance of this, Mary emphasized, was that the profitable operation was achieved without the benefit of substantial "special" income such as had been obtained in 1960 through publication of "A.A. Today," the 25th anniversary volume.

"We are not in the business of making lots of money but the 'Grapevine' does wish eventually to stand on its own two feet," Mary noted.

Jerry E., editor-publisher, outlined for the Delegates the seven basic editorial approaches being used to guide editors in the preparation of each issue.

The "In all our affairs" theme is being developed editorially through seven categories of articles. The classifications are: (1) A.A. experience and testimony (2) Adventures in new spiritual dimensions (3) Humor (4) New frontiers in science, philosophy and the healing arts (5) Individual and group management of the A.A. life (6) A.A. round the world; travel and exploration (7) A.A. fundamentals.

Highlights of recent staff events on "Grapevine" have been the retirement, for reasons of health, of Gurney W., as editor, and the resignation, to take up "civilian" work, of Helen W. as managing editor. Both jobs, as well as the newly-created post of publisher (responsible for both editorial and business aspects) have been placed by the Grapevine corporate board in the hands of the editor-publisher. Penny Gordon has left the staff and Paula C. has joined it.

'Grapevine' Status Reaffirmed

The special status of "The A.A. Grapevine" as the "official" organ of the A.A. movement and with readership outside the "movement" was reaffirmed by the 1962 Conference.

The following resolution was adopted with only one dissenting vote:

"The Conference feels that the Grapevine, as the official organ of the A.A. movement and with readership outside the movement, is not a suitable forum for the debate of strictly internal structural issues. Nor is it suitable for the publication of editorial opinion either for or against these issues.

"This motion is for the purpose of expressing the Conference's views as to the editorial purposes of the Grapevine and is not to be construed as an effort to establish censorship."

To strengthen communications between representatives of "grass roots" A.A. and workers in the Fellowship's service agencies at G.S.O., the 1962 Delegates were asked to consider a proposal that members of the "Grapevine" editorial board and of the Public Information Committee of the General Service Board be permitted to attend future Conference sessions as observers without a vote.

The proposal was approved unanimously, including the specific recommendation of the Admissions Committee that the total number of observers be four each from the Grapevine editorial board and the Public Information Committee.

The new publisher finds "Grapevine" in generally sound condition, but with much work still to be done. The good fruits of the toil of his predecessors are everywhere in evidence. The size, format and price structure of the magazine seem ideally suited to its purpose. Subscription fulfillment is courteous, and prompt. Editorially, the "In all our affairs" theme gives scope for some exciting journalism. A fair selection of material is on hand, and a legacy of good relations with an impressive company of talented A.A. writers and artists.

There are few magazines in New York that have access to the fine talent that is available to the Grapevine, Jerry declared. "We can call on people of enormous talent: two topnotch magazine writers, two former college professors, a well-known radio commentator, three professional cartoonists, two advertising art directors, one television writer, one clergyman, one drama critic, one advertising copywriter, one foreign correspondent, one magazine editor and two magazine illustrators—and they are instantly available to help."

On the fiscal side, "Grapevine" is beset by three burly realities: (1) Over 90% of A.A.'s do not subscribe to "Grapevine" (2) Over 60% of A.A. groups do not take the magazine for their literature tables (3) Each year, 30% of subscribers fail to renew.

Statistics from mail tests show an extraordinarily strong response to sample copies. There is evidence that a majority of A.A.'s don't really know about "Grapevine" and what it offers—but when they find out, they want it. On this finding rests the emerging plan for raising the number of readers well above the present level.

Financial Summary —

Subscription Income:

1960 - \$73,764; 1961 - \$74,616; Increase \$852

Circulation:

December Issue: 1960 - 34,524; 1961 - 35,478; Increase 954

Cost per copy:

1960 - 33.53¢; 1961 - 30.57¢; Decrease - 2.96¢

Observer for 'Internationalists'

The 1962 Conference took formal steps to recognize the importance of A.A. Internationalists (men and women in naval service and in the merchant marine) by approving a proposal to permit an Internationalist to attend future Conferences as a non-voting Observer. Until now, only representatives of A.A. from specific geographical Areas have been admitted to Conferences as Observers (Corresponding Members.) The 1962 Conference action was unanimous.

Internationalists have long been recognized for their role in helping A.A. groups to get started overseas, in encouraging Loners in remote lands, and in describing and interpreting A.A. tradition to groups in foreign countries.

G.S.O. has supported the growth of the Internationalist section of the movement, now numbering nearly 300 members, through preparation and distribution of a regular Bulletin, personal correspondence and in other ways.

1965 Conference in New York

The Conference rejected a proposal that the 1965 General Service Conference be held in Toronto, Canada, in conjunction with the 30th Anniversary Convention of A.A. scheduled to be held in July, 1965.

It was the sense of the meeting that the proposal, in addition to placing a serious burden on G.S.O. manpower and facilities, would deprive 1965 Conference Delegates (particularly those of Panel 15) of the opportunity to become more familiar with G.S.O.'s world service operations.

"AREA HIGHLIGHTS" PRESENTATIONS BY DELEGATES

Approximately forty Delegates gave three-minute reports on developments or problems in their Areas that they felt might be of interest to the entire meeting.

The overall effect of the "Highlights from the Areas" reports was to show how members of an active growing movement face changing problems with enthusiasm, good humor and dedication to A. A.'s one primary purpose.

Vic K. (Alaska) Pointed out that three main difficulties in carrying the message are: (1) Vast distances in Alaska coupled with inadequate transportation and communication facilities which make it hard for groups to work closely together; (2) the transient nature of A. A. membership and (3) the difficulty in dealing with the native population. However these obstacles are being overcome.

Orville L. (North Dakota) Noted that one of the most important developments in A. A. in North Dakota in the past years has been the improvement that has taken place in communication between A. A. groups and the state organization.

Ruth M. (Utah) New groups are springing up and the old groups are traveling many miles to sponsor new groups and assist those in trouble. Also working closely with organizations which are instituting and maintaining programs of education and rehabilitation.

Bob R. (Oklahoma) Reports increasing interest in A. A. by women, as well as by increasing number of younger people. With sobriety they become interested in activities involving family participation. Television shows and newspaper articles seem to be effective in bringing these people to A. A.

Manuel B. (South Carolina) Area is fortunate in that A. A. is well known by clergy, doctors, press, radio, TV and alcoholism agencies. Groups are interested in having non-alcoholics attend open meetings and Area and public meetings in order to stimulate A. A. growth.

Bob H. (Colorado) Notes rapid A. A. growth in Colorado in recent years. There is a lot of interest from non-alcoholics and cooperation with alcoholism agencies is good. Institutional A. A. also continues to make rapid strides.

Jules P. (Los Angeles) The rapid growth in this Area has been due to extensive work at the grass roots level. All of this has been done without the help of outside agencies.

Donna T. (Northern Minnesota) Noted that Area recently is having better success in getting new groups started because they have elected good active area committee men. Have also helped in getting institutional groups started.

Gene C. (Georgia) Have concentrated during the last few years on "carrying the message to those who cannot come and get it." Have found that the best way to do this is to concentrate on institutional groups.

Dick S. (Maine) There is increased interest in helping to get institutional groups started. Maine groups are also getting an increasing number of invitations to speak to civic clubs, schools, colleges and church groups.

Bill G. (Central New York) "There are good Area meetings which serve to show members the necessity for having such things as P. I. C.'s, institutional meetings and support of G. S. O., among other things."

Mac C. (Saskatchewan) Reports a new awareness of the obligation to carry the message to those who still suffer and said that a further effort is being put forth to cooperate with outside agencies. Pointed out that there is still much to be done.

Ken O. (New Mexico) A. A. is growing rapidly in this Area, but the groups are not fully aware of their obligation to contribute to World Services. There has also been lack of expansion in some areas because of "political" complications.

Jack K. (Northern Ontario) Outlined an Area-wide program to stimulate A. A. growth by having workshops for clergy, doctors and other non-alcoholics. One A. A. member is on hand to give the A. A. story, while another gives his personal story. Arrangements are also made to have each study group attend one A. A. meeting.

Al T. (Central Michigan) Said that there is a feeling that it is helpful to carry the message to those who *do not* suffer in order to help those who still suffer: State agencies, clergymen, doctors and other non-alcoholics. A great many people find their way to A. A. through these people.

John E. (Mississippi) Interested non-A. A.'s are welcomed to open meetings in groups all over the state. Included are information meetings when a group celebrates an anniversary, or some other special event. The groups also make an attempt to reach the general public through radio and TV programs.

Wayne G. (Indiana) Discussed the recent growth of A. A. and recent attempts that have been made to interest non-A. A.'s in the program in order that they may help those who still suffer. After a slow start, institutional and hospital programs "are going ahead at a good clip."

Jerry M. (Washington) Reported an upsurge in the number of women members, in prison and hospital groups as well as in local groups. Feels that cooperation with the clergy, press and medical profession has been outstanding in this Area.

Kay M. (Wyoming) Pointed out the difficulties in attending meetings because of the great distances in Wyoming, and said that although progress has been slow and difficult at times, A. A. has entered into a real period of growth.

Don N. (Alberta) Growth of A. A. has been stimulated recently by a new depth of understanding from doctors, lawyers and the clergy who have helped in the establishment of institutional programs, as well as in directing new members to local A. A. groups.

John M. (Southern Wisconsin) With the institution of two large Conference meetings a year, members of A. A. are becoming more conscious of their relationship and obligation to G. S. O. Because of these meetings, most members not only feel closer to G. S. O., but to A. A. members throughout the world.

Loyal L. (Delaware) A. A. is growing in this Area because there is an organized effort to do a solid Twelfth Step job. There is also a well proven program of education in schools, institutions and civic organizations, which reflects the growing awareness of A. A. and its place in meeting the problems of alcoholics.

Marie S. (Downstate Illinois) A most encouraging aspect of A. A. growth in this Area has been the surge of interest from young people in recent years and the fact that so many vital new groups are emerging in towns of 5,000 population or less. The number of women members is also increasing.

Glenn S. (New Hampshire) The healthy growth of A. A. in this Area has been truly inspiring. Worth special note is the interest now apparent in carrying the message not only to state and Federal institutions, but to military installations.

Bennie G. (Arizona) The conventions held regularly in this Area have done much to spark the steady growth and continued success of A. A. in gaining new members and increased understanding from the general public, as well as from the professions.

"AREA HIGHLIGHTS" PRESENTATIONS BY DELEGATES

Jack G. (North Carolina) There are fourteen alcoholic information centers in this State. Most of them refer alcoholics to A. A. Interest is stimulated among professional people through regularly scheduled Intergroup meetings and continued cooperation with the press and other media.

Anne C. (Northeastern Ohio) A. A. growth is being stimulated through planned public information programs including articles in newspapers, programs on radio and TV and public meetings. There is also cooperation with educational, medical and civic groups.

Bob M., (Nebraska) An encouraging aspect of A. A. growth in this Area is the continuing interest of old-timers who form the nucleus of many groups. Relations with press, television and radio are good and there is a continuing program of public information. There is a good deal of interest in institutional A. A.

Robert P. (Kentucky) A very successful annual program for ministers of all denominations has resulted in their increased understanding of alcoholism and given them much information about A. A. There is also a great deal of support for A. A. from state and local officials, as well as civic organizations.

Leo M. (Northern Coastal California) Now that A. A. has been firmly established in penitentiaries and other state institutions, a continuing effort is being made to gain the understanding of local authorities, such as sheriffs and county police. There is also work being done to gain the understanding of educational leaders.

Ed D. (Vermont) In trying to fulfill our "primary purpose" local groups furnish A. A. literature to doctors, libraries and law enforcement officers, as well as institutions. Those in a position to help the alcoholic find sobriety are invited to regularly scheduled public meetings.

Vern D. (South Dakota) A. A. is now on a firm foundation in South Dakota after a period of "deterioration." There was seeming complacency among some older members and a tendency to depart from the primary purpose of A. A. This has been corrected to some degree.

"G. D." S. (Arkansas) A. A. development has been sparked by the help gained from devoted non-A. A.'s who have referred alcoholics to local groups. There has been excellent cooperation from members of the press, radio and television as well as from doctors, lawyers and the clergy.

Hugh C. (District of Columbia) The local Public Information Committee, formed two years ago, has filled requests for more than 200 A. A. speakers at major colleges and high schools in the Area, and has received increasing numbers of requests from various religious, civic and fraternal groups.

George P. (Western Pennsylvania) Despite the fact that the clergy, press, television and other friends of A. A. have been exceedingly helpful and cooperative in this Area, growth of A. A. has not kept pace with the increase of alcoholism. Groups are trying to help this situation through increased educational programs and stronger Twelfth Step work.

Bill C. (Northern Wisconsin and Upper Michigan) Despite the fact that Twelfth Stepping of groups is a rewarding experience, there seems to be a lack of enthusiasm. This is largely because groups are widely scattered. A good deal of work is being done, however, in acquainting the professions with the success of A. A. in dealing with alcoholics.

Austin D. (Western Michigan) The formation of an Intergroup in this Area has helped World Services by taking over local work and allowing Delegates and Committeemen to concentrate on Third Legacy projects. As a result, the Committee has been able to broaden its scope and arrange for cooperation with other States and Areas.

Reece M. (Northeast Texas) Increased interest in the obligations of the local groups to World Service projects has resulted in higher contributions and better sales for "The A. A. Grapevine". There is a real need, however, for closer contact between local groups. This is being solved to some extent through regularly scheduled area meetings.

Leon P. (Western Missouri) Noted the inspiring cooperation of military authorities, including base commanders, chaplains and doctors, who contact A. A. regularly when they feel that one of their men has a drinking problem. "Military men get along better by attending regular A. A. meetings, rather than meetings on a base," Leon suggested.

Ed N., (Nevada) Because of distance and sparse population there is some problem in maintaining A. A. unity in this Area. However, this problem is slowly being overcome. A strong hospital and institutional committee is being developed and there is a program to bridge the gap from the time the inmate alcoholic leaves the institution to the time he joins a group.

Pachin N. (Puerto Rico) Membership has increased rapidly in Puerto Rico during the last five years and the public is beginning to receive better information about the problem of alcoholism. A. A. is well known among members of the medical profession and clergy as well as the press, radio and TV.

Charles H. (Idaho) "A. A. growth is proceeding satisfactorily in our Area but one thing that seems to be missing is a lack of unity among the groups." Progress is being made in uniting groups throughout the State with the establishment of Area meetings. Unity will lead to the establishment of positive programs to gain understanding from non-A. A.'s.

COMBINED BALANCE SHEET

NOTES TO FINANCIAL STATEMENTS — In the attached statements the accounts of The A. A. Grapevine, Inc. are presented in one column, while the other column, under the heading of "Service Office," includes the accounts of The General Service Board of A. A., Inc. and A. A. World Services, Inc. The latter corporation publishes books and pamphlets and pays a portion of the expenses of the General Service Office, while the accounts of the General Service Board are further subdivided into three Funds, as follows:

The RESERVE FUND, which was established in 1954 by transfer from the General Fund of cash then on deposit in savings accounts, for the purpose of accumulating a prudent operating reserve. Its use may be authorized by the Board of Trustees, on recommendation of the Finance and Budgetary Committee.

The GROUP CONTRIBUTION FUND, which was established in 1941 to receive contributions from A. A. Groups and members to be used solely for the expenses of the General Service Office, and, subsequently, the costs of the General Service Conference.

General Fund (before dividends mentioned in Note A)	(21,389)		(25,460)	
Total — as above	8,708		(19,805)	

The GENERAL FUND, which is comprised of those assets not included in either of the other Funds and which may be used for any of the purposes for which the corporation was formed.

In the attached statements the net worth and net operating results for the year of A. A. World Services, Inc. are referred to as Publishing, of the Group Contribution Fund as World Service Office and Conference, and of the Reserve Fund and General Fund by those names.

NOTE A — After dividends of \$55,000 in 1961 and \$40,000 in 1960 paid by Publishing to General Fund.

NOTE B — Advances of \$13,000 by the General Fund in 1961 and \$25,000 by the Reserve Fund in 1960 were made to the Group Contribution Fund to help make up the deficits in Group contributions in those years. There remain unpaid advances of \$13,000 made in 1961, \$25,000 in 1960, \$6,347.42 in 1958, \$14,917.78 in 1957 and \$7,500 in 1950.

1962 GENERAL SERVICE BUDGET

The budget for 1962 operations of the General Service Office, exclusive of the A. A. Grapevine is as follows:

ESTIMATED CONTRIBUTIONS, GROSS PROFIT AND OPERATING EXPENSES

	<u>Income</u>	<u>Expenses</u>	<u>Net Income</u>	<u>Net (Deficit)</u>
General Service Office	\$251,000	\$259,870*	\$	\$ (8,870)
(Contributions)				
A.A. World Services 135,470***	91,060		44,410	
(Gross Profit from Sales)				
General Service Board		24,000		\$(24,000)
TOTALS	\$386,470	\$374,930	\$44,410	\$(32,870)

ESTIMATED NET INCOME \$11,540***

* Including Cost of General Service Conference \$28,400

** Based upon gross income from sales (totaling \$240,470) of
 28,000 books — "Alcoholics Anonymous"
 9,900 books — "12 Steps & 12 Traditions"
 3,300 books — "A. A. Comes of Age"
 Averaged — Pamphlets & Miscellaneous

*** Exclusive of Reserve Fund Appreciation of \$25,200

Expenses of G. S. O. for 1962 have been budgeted at \$7,200 over the 1961 expense. An anticipated substantial increase in new groups in 1962, increased services to all groups, and rising costs of postage, insurance, taxes, etc. make this increase necessary. Economies effected on printing, Conference expense, etc., have been taken into consideration in setting the 1962 budget.

Contributions of \$251,000 are anticipated for 1962, \$12,050 over the 1961 total. This is a conservative estimate.

A budgeted deficit in the Group Fund/Office Expense account, amounting to approximately \$8,870, is expected unless contributions should exceed the Budget Committee's estimate.

A. A. GRAPEVINE, INC., 1962 BUDGET

Estimated income from subscriptions and bulk sales	\$136,500.00
Estimated expenses	\$138,200.00
Net loss	\$ 1,700.00

SUGGESTED SHARE OF 1962 BUDGET

Based on an estimated budget of \$259,870 and on the 1961 membership, the share of each state and province for the year 1962 is apportioned in the fellowship schedule.

For budget purposes, only groups in the United States and Canada have been included in the estimate.

U. S. A.	1961 Membership	State & Province Share
Alabama	951	\$ 2,020
Alaska	214	455
Arizona	927	1,965
Arkansas	692	1,470
California	17,830	37,830
Colorado	1,248	2,650
Connecticut	1,905	4,040
Delaware	297	630
District of Columbia	927	1,965

QUESTIONS AND ANSWERS

Delegates to all General Service Conferences are given ample opportunity to get answers to all questions in which they, or their Areas, are interested. Questions may be raised directly from the floor or submitted anonymously by depositing the queries in a special container, the "Ask-It Basket," on display during most of the Conference. ("The A. A. Grapevine" provides a special basket for questions relating to the publication.)

Following, in digest form, is a summary of questions and answers aired at the 1962 Conference.

A. A. GROWTH

Does A. A.'s "numerical ceiling" seem to be leveling off at 250,300,000 due to old-timers dropping active participation?

Using registered groups as a base, certain projections are added to determine estimated membership. This method of calculation indicates present membership to be about 308,000. (No evidence we are actually "leveling off.")

G. S. O. SERVICE

What is the estimate of the number of members served by one paid employee?

Latest estimates indicate G. S. O. has one paid worker for each 10,000 members.

HIGHWAY SIGNS

Would it be permissible for local groups to erect highway signs bearing the A. A. symbol and local telephone number, as an aid to traveling A. A.'s?

The sense of the meeting, as at past Conferences, was that this should not be considered in accordance with A. A. tradition. G. S. O.

What part should G. S. Delegate play in local problems?

Consensus was clearly that Delegate's most appropriate role was to keep attention focussed on A. A. traditions. "Local situations should be handled locally."

WORLD DIRECTORY "LOCAL UNITS"

Could state sections of the World Directory be issued as separate pamphlets at a cost of perhaps 10 to 15 cents per copy?

Discussion disclosed that a number of States are issuing local directories. Costs and other factors will be studied by G. S. O.

LOCAL DIRECTORY DISTRIBUTION

Does it violate A. A. tradition to make a State directory available to a State Commission on Alcoholism so that State administrators can direct released patients to A. A. contacts?

Several Delegates felt that such distribution would violate anonymity in cases where personal names are listed in directories. Others reported that the problem is handled through members or committees who have the responsibility of working with institutions and who direct patients to appropriate A. A. contacts.

SERVICE

How do we best serve the Negro alcoholic?

By sharing our experience, strength and hope, as we do with all alcoholics who turn to us for help.

POLICY ON REJECTING MEMORIAL CONTRIBUTIONS

In declining to accept memorial contributions from non-A. A.s, the General Service Board now "recommends" that such funds be offered to other agencies concerned with the problem of alcoholism; isn't this in violation of our tradition?

Herb M. General Service Manager, and A. A. Trustee Allan B. emphasized that, in the special letter now used to decline such contributions, G. S. O. does not endorse or "recommend" any specific organization as a possible recipient of the gift being offered. The suggestion that another recipient might be considered is primarily an attempt to modify what otherwise might seem a blunt refusal. (The Conference subsequently recommended formally that "letters of declination" be limited to a brief statement of gratitude.)

TRUSTEES

Is it necessary to have the word "class" before the designations of "A" and "B" Trustees?

This is a standard term used for precise definition by many organizations which have different classifications of Directors or Trustees. However, G. S. O. will seek to limit its use in A. A. literature.

LITERATURE

Is there any possibility of preparing a listing of non-A. A. bulletins and pamphlets suggested by A. A. members?

The problems involved in preparing and maintaining such a listing will be reviewed by G. S. O. in the light of the possible need and demand for the listing throughout the movement.

COMMITTEES

Why aren't Delegates asked if they have a preference concerning Conference committees on which they are to serve?

Although Delegates are invited to serve on specific committees, they are also invited to participate in the meetings of all committees.

USE OF A. A. NAME

May the A. A. name ever be incorporated for any reason by any group or individual outside of World Services?

The 1953 Conference recommended that the Society of A. A. should NOT be incorporated by Congressional action. There is nothing to prevent local A. A. service units (intergroups, for example) from incorporating. Use of the A. A. name in the incorporation of entities not directly related to, or affiliated with, A. A. would be considered a violation.

ENVELOPES

Is there any possibility of obtaining envelopes addressed to G.S.O. for the use of individuals who wish to send contributions?

The suggestions will be studied in terms of probable costs and the potential usefulness of such a plan.

CENSUS

Will there be another "special" census on the movement this year?

Yes.

QUESTIONS AND ANSWERS

STUDENT INQUIRIES

What pamphlets should we give to students who request material for use in preparing themes on A. A.?

Two specific pamphlets, "A. A.—44 Questions & Answers" and "Is A. A. for You," seem to be most generally used for this purpose.

MEMORIAL CELEBRATIONS

Is there an Area where members set aside a day or week each year for memorial observances honoring A. A.s who have passed on?

There is a successful program of this type in Chicago. Memorial meetings are held in the name of departed members.

HYPNOTISM

Are A. A. traditions and principles violated by a group that sanctions hypnotism in its clubrooms and at meetings?

It was agreed unanimously that the practice of hypnotism cannot be related realistically to A. A.'s one primary purpose.

DONATIONS FROM NON-A. A.S

Should an Intergroup office accept donations from non-A. A.s?

All Delegates felt that acceptance of such gifts would violate A. A. Tradition.

PAMPHLET

How does the Conference feel about preparing a low-cost pamphlet reproducing that portion of Chapter Five of the Big Book down through paragraphs (a), (b) and (c)?

Inexpensive reproductions of this material are already available. (They will be modified in the future to show the specific subheadings.)

COMMITTEEMEN-AT-LARGE

What is the opinion of Delegates on having an Area Committeeman to serve "at large"?

A majority of Delegates appeared to believe that this procedure would interfere with the work of Committeemen serving clearly defined Districts.

RING

Can a ring be designed with the A. A. circle and triangle and the words 'Recovery,' 'Unity' and 'Service' properly inscribed, in order to help us recognize each other?

Rings of this type are available in certain Areas. However, there does not appear to be widespread demand for such jewelry.

OLD-TIMERS

What is the consensus of Delegates' opinion regarding meetings for Old-Timers?

It appeared to be the sense of this Conference that, in general, A. A.'s primary purpose was served best by not seeking to create additional "special" meetings.

STATE DESIGNATIONS

During Conference sessions, would it be better to use State or Area designations rather than personal names?

Traditionally, both the Delegate's name and his Area are used during floor discussions. The Area designation is required for the record of Conference proceedings. (No comment supporting a change in this procedure was noted.)

LISTINGS

Should the "Alcoholics Anonymous" name be used in telephone listings for A. A. groups and clubs?

It was agreed that this was a matter for local autonomy. (Since a club is traditionally not an integral part of the A. A. movement, use of "A. A." in the telephone listing for a club can lead to misunderstanding on the part of the general public.)

"KITCHEN" GROUPS

Is there any tendency within the Fellowship to return to the so-called "kitchen table" groups?

Groups of this type are still found in sparsely settled areas. However, as A. A. has grown, there has been a tendency to abandon such "private" meetings, which do not always express the idea that any alcoholic seeking help is welcome at an A. A. meeting.

ASK-IT BASKET

Why aren't the answers to Ask-It Basket questions relayed to the groups for consideration when difficult questions arise locally.

Movement-wide experience, including that reflected in Ask-It Basket questions and answers, is used frequently by G. S. O. Staff members in correspondence with local groups.

DISPLAY MATERIAL

Is display material available from G. S. O. for State or Provincial Conferences?

The exhibit boards displayed at each Conference may be borrowed upon request. There are five to a set. Other material, including some from The Grapevine, is also available.

SPONSORSHIP

How would you go about getting a sponsor for a woman's prison group?

In most Areas where they have been established, Institutional Committees are usually regarded as the best source of help in such matters. In other Areas, it may be necessary to canvass women members to find some one interested in this special type of service.

A. A. AND ARMED FORCES

What is A. A.'s relationship with military authorities? Is it feasible to have the A. A. program cited in military "character guidance" programs?

The growth of A. A. within the Armed Forces currently seems to depend largely on the attitudes of commanding officers on individual posts, and on the interest and support of local groups near military installations. G. S. O. is currently exploring ways of becoming more helpful to alcoholics in military service.

QUESTIONS AND ANSWERS

WORLD DIRECTORY

Is it possible to list the address of group meeting places as well as post office box numbers, for the benefit of traveling A. A.s?

This possibility will be considered carefully in planning future Directories. However, it should be recognized that the additional listings would increase production costs.

NEW GROUPS

Is it possible to notify the Delegate when G. S. O. receives a registration from a "new" group in the Delegate's Area?

Yes, this will be done in the future.

CORRESPONDENCE

Does the Delegate get copies of correspondence from G. S. O. to Committee Chairmen in his Area?

Yes.

CONTRIBUTIONS

Would it be helpful to indicate on G. S. O. acknowledgment cards the total contributions made by a Group during the current year? (This might serve to stimulate contributions in cases where the total, as read to the Group, might seem quite small.)

It was agreed that this suggestion has merit, and it will be considered by G. S. O.

WORLD DIRECTORY

Some groups feel that the Directory should not be listed on the G. S. O. order form since its availability has made it possible for certain people to obtain copies and subsequently break the anonymity of members or groups. What is the view of the Conference.

The Delegates agreed unanimously to continue the present practice of listing the Directory on the order form. It was felt that, on balance, the advantages of this service outweighed the disadvantages.

SALARIES

What are the annual salaries of Staff members? Do salaries increase with seniority?

Traditionally, information on salaries at G. S. O. is not disclosed at Conference sessions but is made available to any Delegate through private contact with the General Service Manager. Salaries do increase with seniority.

PRAYER

What is the procedure for dealing with individuals who refuse to stand during recitation of the Lord's Prayer?

Participation—or non-participation—in recitals of the Lord's Prayer should be considered a matter of personal conscience and decision.

TRANSLATIONS

Has any literature been translated into any of the American Indian languages?

G. S. O. has made no such translations to date. However, mimeographed translations might be made if qualified translators are available.

CONFERENCE PROCEDURE

Is it possible to open daily Conference sessions with a reading of The Twelve Steps and The Twelve Traditions in unison?

The suggestion was referred to the Agenda Committee for the 1963 Conference. The consensus of the 1962 Delegates was that such readings might be desirable at a single Conference session.

VISITS BY BILL

Can Bill W. visit State Conferences under a schedule to be set up by him or G. S. O., in order that new members and others may see and hear him?

It was noted that Bill has said frequently in recent years that—for reasons of health and because it would be difficult to accept some invitations while rejecting others—any sustained travel program would be nearly impossible for him, much as he would like to visit with more A. A.s locally. Since only Bill can make a decision on this matter, it was suggested that inquiries be sent directly to him.

TRAVEL

What is the cost for each Delegate to attend a General Service Conference meeting, including the \$100 advanced by the State Assemblies?

Approximatey \$275.

STAFF MEMBERS

Are the Staff members at G. S. O. too busy? Do they need executive secretarial help? Would a full-time coordinator help? How can the Conference help provide assistance that may be required?

The growing work load at G. S. O. is under continuing review and analysis by the Directors of A. A. World Services, Inc. and these specific questions will be referred to them.

LITERATURE

Is it feasible to prepare packets of literature appropriate for such activities as Twelfth Step calls and P. I. C. presentations? (This would help carry the A. A. message and promote the sale of literature.)

This suggestion was referred to A. A. World Services, Inc.

EXHIBIT

Would it be possible to have our A. A. exhibit included in medical exhibits at world fairs?

Present policy, approved by the Conference, is to make the exhibit available for showings exclusively at meetings of professional societies. The question was referred to the G. S. B. Public Information Committee.

EMPLOYMENT

What should a sober A. A. member declare on questionnaires and job applications when asked if he is an alcoholic?

It was agreed that this is a matter of personal conscience. (Questions of definition are also involved. Not all employers interpret the word "alcoholic" in the same way.)

QUESTIONS AND ANSWERS

CONFERENCE PROCEDURE

Does one Conference have a right to make suggestions to its successor Conference?

Yes. Traditionally, however, recommendations of one Conference are not binding on succeeding Conferences.

TAPE RECORDINGS

Is it "all right" to charge for tape recordings of A. A. talks at, or below, cost—after taking into account travel and living expenses involved in attending meetings, as well as the upkeep of expensive recording equipment?

It was the sense of the meeting that this might not be considered "proper."

"EXPERTS"

What can an Area Committee do to guide self-appointed experts, particularly when the latter have access to communications media?

It was agreed that the most that can be done is to talk with such people and try to help them to understand traditional A. A. approaches to various problems.

TESTIMONIAL

Is it possible to present Bill and Lois with a "testimonial of appreciation?"

A resolution incorporating this suggestion was adopted by the Conference with a recommendation that succeeding Conferences follow the same procedure.

BUDGETING

Why does the G. S. O. use "deficit" budgeting?

The bulk of group contributions are received in the final quarter of each year. As a result, advances from accumulated funds are required to support Office operations during a part of each year.

EX-DELEGATES

Has anyone ever thought of organizing an association of ex-Delegates in order to make greater use of their acquired knowledge?

Most ex-Delegates seem to feel that it would not serve the Fellowship's best interest to create such an organization, which might be regarded as a "hierarchy" within A. A. Ex-Delegates occasionally gather on an informal basis at local or regional meetings but there does not appear to have been any attempt to establish a formal association. G. S. O. always welcomes comments and suggestions of former Delegates.

"INSTITUTIONAL A. A."

Should the term "Institutional A. A." be eliminated, since it may seem to imply "affiliation"—or some special type of A. A.?

The term is being changed in G. S. O. literature and the designations "A. A. groups in prisons" and "A. A. groups in hospitals" will be used.

ASSISTANCE TO GROUPS

How can State Committees help weak groups in their Areas?

The following suggestions were advanced: Help to provide literature and interesting speakers, spark the interest of Old-Timers, be sure that newcomers are made to feel welcome and that their interest is sustained.

POCKETBOOK

Is it possible to produce—primarily as a matter of convenience and not of price—a "pocket sized" edition of "The Twelve Steps and Twelve Traditions?"

This suggestion was referred to the Directors of A. A. World Services, Inc.

ORGANIZATION

How does a Delegate help to unite groups in his Area and create more outside interest?

Several Delegates suggested that a Delegate can be helpful by stimulating the formation of strong Area Committees, concentrating particularly on developing a corps of interested General Service Representatives. Delegates can also sponsor special "service" meetings and "public information" meetings in their Areas, it was noted.

ADVERTISING

What can be done to stop "misleading" advertising about alcohol and alcoholism "cures?"

Since this is not related to A. A.'s primary purpose, it is not a problem on which the Fellowship is qualified—or desires—to take a position.

TRUSTEES

Have the Trustees expressed their reasons for desiring a majority of non-A. A.s on the General Service Board?

The position of the non-alcoholic Trustees has consistently been that they want to serve only to the extent that they can be helpful to A. A., without regard to considerations of "ratios." The detailed comments of both A. A. and non-A. A. Trustees on Bill's recent recommendations for a ratio change were distributed to all Delegates more than a month prior to the Conference.

ADVISORY ACTIONS

(All Conference Committee Reports Adopted Unanimously)

POLICY

The Committee:

1. Affirms the recommendation given in the Group Records & Directory report that in the future G.S.O. use the term "reported" rather than "active" membership when requesting membership figures on the Group Directory cards.
2. Recommends that next year's Group Information card include a request for information as to the Conference Area in which the group is included.
3. Recommends that the present \$100 paid by Conference Areas towards Delegate travel expense be retained.
4. Recommends that the \$5,000 subsidy, approved by the 1961 Conference to assist overseas groups in the preparation of Conference-approved literature, be renewed.
5. Recommends that the report on Long Range translation needs be adopted as follows:
 - Point 1. That the criteria for determining in what languages A.A. material should be translated, should be based on the prevalence of alcoholism amongst persons speaking the language.
 - Point 2. That G.S.O. exercise a tighter control over translations of approved material.
 - Point 3. That data on A.A. population and its location should be an important factor in allocating loans for local preparation of A.A. literature. It should also be correlated with data on the major languages of the world.
 - Point 4. That G.S.O. assume the initiative in preparation of literature.
 - Point 5. That G.S.O. assume the responsibility for free distribution of foreign language literature to doctors, lawyers, etc., if possible through local A.A. contacts, providing that the Budget and Finance Committee feels that it is feasible.
 - Point 6. That financing for foreign language literature be based on need rather than in terms of actual available dollars.
 - Point 7. That our services to overseas groups be substantial so that we may count on the financial support of the groups in the more developed countries.
 - Point 8. That G.S.O. continue to act as world headquarters vis-a-vis of A.A. outside the U.S.A. and Canada only until such time as firmly established service entities are formed in these countries.
 - Point 9. That the suggestion that a review of the preparation of native literature be adopted as outlined.
6. That the recommendation given in the Overseas report, that a basic pamphlet be prepared and translated in appropriate languages to meet the needs of newly emergent A.A. areas overseas be adopted.
7. Recommends the ground rules as proposed by Delegate Warren H. not be adopted. They are listed below:

The following trial procedure should be applied to all major and/or controversial motions presented to the Conference for action.

 1. That said motions be presented in writing to the Chairman of the appropriate session preferably prior to the session or passed to the Chairman during the session.
 2. That said motion be read by the Chairman at the appropriate time to the Assembly.
 3. That voice or hand vote express whether or not said motion be presented in parliamentary fashion with discussion, question and vote to conclusion.

REPORT AND CHARTER

The Committee met and selected a chairman from Panel 11.

The Committee wishes to note that, in keeping with Concept V and the traditional responsibility of minority reports, Bill's Recommendations will be available, with the Trustees' comments, in pamphlet form at G.S.O.

FINANCE

The Finance Committee accepts the recommended budget as presented by the Finance and Budgetary Committee of the General Service Board.

The Committee also recommends:

1. The continued use of the Birthday Plan as adopted by the 1961 Conference to provide supplementary support of A.A. World Services.
2. That the present contribution yardstick of \$3.00 per member per year be reaffirmed and maintained.
3. That the Delegates consider various plans to increase support of world services that may prove most adaptable to their own areas, and that the nature and success of various plans used be shared with G.S.O.
4. The renewal of the allocation of \$5,000 from the General Fund to assist overseas groups in the preparation and translation of Conference-approved literature in the coming year.
5. That the Area Committee and Assemblies continue to be responsible for the Delegate's travel expense to the General Service Conference meeting in New York up to \$100, and that this amount not be increased to \$150 at the present time.
6. That a study be made by the Finance and Budgetary Committee of the General Service Board on the savings which might be made if Delegates traveled by Jet Tourist Class, when practical in their Areas, and that consideration be given to use of this type of travel.

GRAPEVINE

The Committee recommended that the following steps be taken to increase Grapevine readership:

1. Retiring delegates will become Grapevine Representatives and recruit other G.V.R.s in their areas, with the objective that each A.A. group have a G.V.R.
2. Group Sponsorship of gifts of Grapevine subscriptions to local doctors, clergymen, public officials and institutions is recommended for all groups.
3. Grapevine subscriptions for newcomers are recommended as a useful tool of sobriety; subscriptions to be entered automatically for each newcomer, who may reimburse the group when he can.
4. G.V.R.s will aim for 100% subscription in their groups, with follow-up on expirations to insure 100% renewals.
5. The Grapevine boards, at the request of the Delegates from Puerto Rico, will investigate the possibility of printing the Grapevine in Spanish.
6. Pachin Navarro, Puerto Rico, was elected Chairman of the Grapevine Committee for 1963.

AGENDA

The Agenda Committee reviewed the 1962 Agenda and recommended that its format generally be continued with the suggestions:

- (1) That the "Area Delegates Only" Meeting be scheduled earlier in the Conference, and it has been recommended that it be held on Thursday evening.
- (2) That the Area Highlights continue to include specific subjects relating to the 1963 Conference theme.

During the coming year, the Committee will review proposals and the Agenda for 1963, and advise G.S.O. accordingly.

The Committee expresses warmest thanks to Dr. John Norris, Herb Morse, and Hazel Rice for their dedicated efforts in providing the Delegates an opportunity to share in A.A.'s One Primary Purpose.

(All Conference Committee Reports Adopted Unanimously)

ADMISSIONS

The Admissions Committee reviewed the "Memorandum on New Delegates" accepted by the 1961 Conference and the "Guide for future Admission Committees in regard to acceptance of new Delegates" accepted by the 1957 General Service Conference.

With these suggestions in mind, the Committee recommended approval of the request for an additional Delegate from the Province of Quebec to represent their French-speaking groups, subject to presentation by Quebec of a complete statistical report supporting their request at the 1963 General Service Conference. This Delegate request is based on improving communication because of two predominating languages—French and English—in a General Service Conference Area.

The Committee favors the opinion of the 1962 Conference that an Internationalist be selected by their group to attend the Annual Meeting of the General Service Conference as an Observer without vote, starting in 1963.

The Committee recommends that Public Information Committee and Grapevine Editorial Board Members who are not Conference Members be permitted to attend the Annual Meeting of the General Service Conference as Observers without vote, total number limited to four from the Public Information Committee and four from the Grapevine Editorial Board.

OUTSIDE AGENCIES

The Committee on Relations with Outside Agencies recommends:

1. Approval of the new policy recommended by the G. S. B. Public Information Committee, that the A. A. exhibits be available for display at meetings of appropriate professional groups without restriction as to the geographic areas they represent. The policy of restriction to national conventions was originally prompted by the fact that we had only one exhibit.
2. Reaffirmation of the 1961 Conference advisory action:
 - a. That, ever mindful of A. A.'s traditional policy of "Cooperation, YES—Affiliation, NO" the Public Information Committee, when requested to do so, continue to meet with organizations outside of A. A. concerned with the problem of alcoholism for the purpose of improving communications and understanding and discussing mutual problems.
 - b. That the Delegates be encouraged to establish and maintain communications with the Directors of state-supported alcoholism agencies in their respective Areas.

LITERATURE

The Committee studied the suggestion in the 1962 Overseas Conference Report that a condensation of selected G. S. O. Service material be prepared for translation into appropriate languages and recommended that this Service material be prepared by G. S. O. in the near future.

The Delegate from British Columbia—Yukon submitted a pamphlet for possible inclusion in Conference-approved literature.

The Delegate from Northern Ontario submitted two pamphlets for consideration as Conference-approved literature.

After receiving these pamphlets with appreciation, the Committee recommended further study of the proposals by G. S. O.

The Committee recommended that the suggestion for an introductory comic strip type of A. A. pamphlet be explored further by G. S. O.

The Committee looked with favor on the continuance of the long-range Translation Program as authorized by the 1960 Conference and confirmed by the 1961 Conference, subject to the approval of any definite plan by the G. S. B. Literature Committee.

A suggestion for preparation of a pamphlet designed to be helpful to social workers was discussed and the Committee recommended that this be given further study by G. S. O.

Bill's Statement On His Finances

At the 1957 Conference, Bill read to the Delegates the following letter addressed to Mr. Archibald B. Roosevelt, Treasurer of the General Service Board.

Dear Archie:

As many are aware, I have long felt that my personal finances should always be an open book to our membership.

Ever since 1951, when the General Service Conference first met, my book royalties and my expense allowances have been shown in each year's audits. This practice will, of course be continued.

This year, however, I would like to make a full accounting for all monies received by me from 1938, when the Alcoholic Foundation was created, to 1955 when, at St. Louis, the Conference and its General Service Board assumed final responsibility for A. A.'s world affairs.

This seventeen-year audit has been prepared by Mr. Wilbur Smith, our CPA, and is here enclosed. Saving the small amount I received as a result of Mr. Rockefeller's 1940 dinner, it can be seen that my whole income over those years has derived only from A. A. Publishing activities. My other services to the Headquarters were all volunteer.

I earnestly recommend that this detailed accounting be always shown to every Conference Delegate on request; and further that a copy of this audit be placed on permanent file at the New York Headquarters where, on request, it can be read by any visiting A. A. member.

Ever yours,

Bill

(Signed in full)

WGW/nw

P. S. I hope the Conference sees fit to publish this letter each year in its annual report.

TRUSTEES

The committee recommends unanimously the adoption of the report of the Nominating Committee of the General Service Board:

CLASS A TRUSTEES

Leonard V. Harrison
Dr. John L. Norris
Austin H. McCormick
Archibald B. Roosevelt
Bernard B. Smith
Dr. Harry M. Tiebout
Harrison M. Trice
L. Ivan Underwood

CLASS B TRUSTEES

Allan E. Bachman
David M. Bancroft
Mary Bernson
H. Sumner Campbell
B. Patrick Cronin
Thomas A. Sharpe
Don Goddard

OFFICERS

Chairman Dr. John L. Norris
1st Vice Chairman Bernard B. Smith
2nd Vice Chairman Allan E. Bachman
Secretary H. Sumner Campbell
Treasurer Archibald B. Roosevelt
Ass't. Secretary Ann Macfarlane

Also recommends that all future Class B Trustee Nominees, in addition to their special and professional qualifications, have at least ten years continuous A. A. sobriety as an active A. A. member.

The Committee further reports its willingness to review resumes of nominees for the proposed two new Class A and two Class B Area Trustees.

TRUSTEES OF THE GENERAL SERVICE BOARD

1962

NON-ALCOHOLIC TRUSTEES

DR. JOHN L. NORRIS (Chairman of the General Service Board and Chairman of the General Service Conference): Elected to the General Service Board in January 1951. He is Medical Director of Eastman Kodak Company in Rochester, New York, and has contributed much to the understanding and rehabilitation of alcoholics by both industry and community agencies.

MR. LEONARD V. HARRISON: Elected to the Board in 1941 and, with the exception of his retirement from October 1950 to January of 1953, has been continually active in A. A. affairs. He served as Chairman of the General Service Board from April 1956 to April 1961. For many years he was Director of Public Affairs of the Community Service Society in New York City. He is now retired and living in Old Lyme, Connecticut.

MR. ARCHIBALD B. ROOSEVELT (Treasurer of the General Service Board and Chairman of the Board's Finance and Budgetary Committee): Elected to the General Service Board in January 1953. He is a partner in the investment firm of Roosevelt and Cross, Inc., and is well known for his interest in philanthropic affairs.

MR. BERNARD B. SMITH: Elected to the General Service Board in June 1944. He served as Chairman of the General Service Board and General Service Conference from January 1951 to April 1956. An attorney and author, he has made an outstanding contribution in the cause of Anglo-American understanding.

In October 1957 he received a decoration, Honorary Commander of the Order of the British Empire from the hands of Her Majesty, Queen Elizabeth, on her visit to the United States.

DR. HARRY M. TIEBOUT: Elected to the Board in April 1957. He was the first psychiatrist to recognize the work of Alcoholics Anonymous and to use A. A. principles in his own practice. In the early days when A. A. was little known, he was instrumental in having Bill W. speak before the Neurology and Psychiatry section of the Medical Society of the State of New York, and the American Psychiatric Association. He has written many inspiring articles, among them, "The Ego Factors in the Surrender of Alcoholism."

PROFESSOR HARRISON M. TRICE: Elected to the General Service Board in April 1957, serving on the Board and Literature Committee with great enthusiasm. He is a Professor in the School of Industrial and Labor Relations at Cornell University and is a recognized authority on alcoholism in industry.

MR. L. IVAN UNDERWOOD: Elected to the Board in January 1955. He heads up the export activities of Republic Steel Corporation, traveling a great deal and visiting A. A. overseas. Through his efforts, A. A. World Services, Inc. obtained translations of "A. A. and the Medical Profession" in French and in German.

MR. AUSTIN H. MACCORMICK: Elected to the General Service Board in April 1961. He had served on the Board previously from October 1949 to April 1951. He left to become a member of the faculty of the University of California at Berkeley and is now back in New York as Executive Director of the Osborne Association, Inc. He is a Director of the A. A. Grapevine.

A. A. TRUSTEES

ALLAN BACHMAN: Elected to the General Service Board in April 1960 and has served as Second Vice Chairman of the Board; also as Chairman of the Public Information Committee of the General Service Board. He has also served as Chairman of the General Service Conference Study Committee on Relations with Outside Agencies. He is a Director of A. A. World Services, Inc. He joined A. A. in 1947 and is an active member of the Stamford, Connecticut Group. He served as President of the New York Intergroup Steering Committee from June 1956 to July 1957. He is Executive Vice President of the National Better Business Bureau and the author of several books and a number of articles on business subjects.

DAVID M. BANCROFT: Elected to the General Service Board in April 1961. He was nominated by the A. A. groups in Quebec, Canada. He has had 17 years of continuous sobriety in A. A. and was the first Delegate to the General Service Conference from the Province of Quebec. He introduced A. A. to Montreal and subsequently to all of the Province of Quebec. He has his own business, a general accounting service.

MARY BERNSON: Elected to the Board January 1962. She has been an active member of the Chappaqua, New York, Group since March 1954. She has been a member of the Grapevine Corporate Board since March 1961. Mary has been a practicing lawyer in both New York City and Chappaqua since 1948.

SUMNER CAMPBELL: Elected to the General Service Board in April 1959, having served as a Director of A. A. World Services, Inc. since May 1957. He continues to serve as a Director of A. A. World Services and is also Secretary of the General Service Board. He has been active in A. A. in the New York area since 1945 and served as Treasurer of the A. A. Intergroup Association of New York City for one year. He is sales manager for a manufacturer's representative, selling toys and housewares.

B. PATRICK CRONIN: Elected to the General Service Board in April 1959 following nomination by the A. A. groups in Minnesota. He was the first A. A. in Minnesota (in 1940) and started the first A. A. group in the Twin Cities in 1941. He is the Director of Pioneer House, a rehabilitation center in Minneapolis, and is presently serving on the Mayor's Committee on Alcoholism. He served as a Delegate from Southern Minnesota to the General Service Conference in 1951 and 1952.

DON GODDARD: Elected to the General Service Board in October 1961. He served as editor of "The A. A. Grapevine" from 1955 to 1957 and is currently a Director of The A. A. Grapevine and a member of the Editorial Board. He joined A. A. in March 1953 and is an active member of the Chappaqua, New York Group. A member of the American Broadcasting Company news staff, Don has won two Peabody Awards for news presentations, one for a televised story of A. A.

THOMAS A. SHARPE: Elected to the Board in April 1961. He was nominated by the A. A. groups in Florida. He has had 18 years of continuous sobriety in A. A. and was the first Florida A. A. member. He was also the North Florida Delegate to the General Service Conference in 1951 and 1952. He operates his own business, that of a manufacturer's agent.
